Aldermen Appropriate \$7300 For Fire Escapes On Mason School Building

Refuse Claim of Woman Who Was Injured By Fall on Defective Sidewalk—Fahey Appointed to Welfare Committee

The Board of Aldermen held its first meeting of the year on Monday afternoon, Jan. 2nd. A recommendation from Mayor Childs asking that the Board appropriate \$7300 for fire escapes at the Mason School at Newton Centre was acted on favorably. Alderman McKay explained that State Building Inspectors had demanded three fire escapes be placed on the school. The Mayor also recommended that \$3500 be appropriated to place fire escapes on the old Hyde School at Newton Highlands, and the Horace Mann School at Newtonville, but this recommendation was held in committee as these two schools have at present exits that meet legal requirements.

Other appropriations made by the Board of Aldermen included \$1500 for materials for a WPA sidewalk curbing project, \$3500 for trucks and materials in connection with the WPA catchbasin project. Other appropriations included several for sewers—\$3818 for a sewer in Stony Brae rd., Shady Hill rd., \$3880; \$4749, Dedham st.; \$3567, Wade st.; and \$390 for another temporary investigator in the Welfare Department. The Board passed an order authorizing the City Treasurer to borrow sums not exceeding \$5,000,000 on temporary loans. Alderman McKay commented that usually the city does not borrow over \$3,000,000 yearly on temporary loans.

An offer of \$200 was received from John Capozzoli for land owned by the city near Pine st. in Auburndale. The lot contains 19,568 square feet. The offer was referred to the City Solicitor. Mayor Childs sent a recommendation to the Board asking that the city take a lot of land adjoining the Stearns School for recreational purposes. A permit had been granted for the erection of a storage warehouse for paper on the lot and Nomanum residents asked that the city acquire the land. Alderman McKay stated that the Finance Committee desires to give further study to this matter. The Board unanimously reelected Francis Newhall as City Treasurer and Collector for another year, and confirmed the reappointments of Chairman John W. Murphy of the Board of Assessors and Dr. C. A. Bouteille as Inspector of Animals.

Alderman Hutchinson asked that an additional member be appointed to the special committee investigating the welfare problem. Vice President Walker who presided in the absence of President Floyd, appointed Alderman Fahey.

Alderman McKay explained that the controversy and criticisms in the Board at the previous meeting over an item of \$103.75 for repairs on a police department motorcycle was a "comedy of errors," as the Mayor had not recommended the item, and the bill had already been paid. The Chief of Police had mentioned the item on the supposition that the Mayor had recommended it.

The Board voted to refuse the claim of Mrs. J. G. Grant of West Newton who asked for \$44 as a result of injuries she received when she fell on a defective sidewalk on Washington st., West Newton recently. The Board had discussed this claim at the preceding meeting and had referred it back to the Claims & Rules Committee. Mrs. Grant was incapacitated for 2 weeks, had her dress torn and

incurred a doctor's bill. Alderman Rawson said that the City Solicitor had ruled that it is mandatory for the claim to be refused because Mrs. Grant had not filed it formally until 35 days after the accident. He said the woman's physician had advised her to wait before making the claim, and that if he wanted to make good some of the claim, it is his privilege. Alderman McKay said he would be willing to vote for the woman's loss of wages if her physician would assume his part of the damage claim. Alderman Walker said the notice given by Mrs. Grant was not sufficient to comply with the statute.

Alderman Hughes argued in favor of paying the claim to Mrs. Grant. He said that while no formal claim had been made until 35 days after the accident she had given due notice within the 30 day period, and as a result the Street Department filled the hole in the sidewalk, and a city employee took photographs which showed the defect. Hughes, a lawyer, said there is a moral obligation on the part of the city to pay the claim, and he thought that the City Solicitor had misinterpreted the law. Alderman Temperley said the claim was a just one. He recalled that the late Street Commissioner Mahoney had informed the Aldermen that there were 40 miles of dangerous sidewalks in Newton and that much of them have not been repaired. Temperley said that the city is responsible for dangerous sidewalks, and he reminded his colleagues that several claims which the city refused to pay were taken to court and resulted in awards to the claimants. The Board voted 10 to 6 against paying the claim.

Safety Council Meets January 11

The Newton Safety Council will meet on Wednesday night, Jan. 11, at 8 o'clock at Police Headquarters, West Newton. The meeting will be devoted to "Police Enforcement" of automobile and traffic regulations and Richard J. Dunn, vice-president of the Safety Council, will preside. All members of the council are urged to attend.

Burglars Enter W. Newton Stores

The Newton News Store at 1280 Washington st., West Newton was entered early Thursday morning and \$6 stolen from a cash register. Entrance was made by breaking the rear door. Wednesday night the office of the American Mineral Spirits at 313 Washington st., Newton was entered and ransacked.

Auto Hits Woman At Newton Centre

A car driven by Hugh Lennon of Highland ave., Somerville, hit Mrs. Mary Deering of 538 Newbury st., Boston, last Friday evening as the woman was crossing Centre st. near Lockesley rd., Newton Centre, slightly injuring her. She declined to be taken to the hospital and was driven to her home by Lennon.

Many Cars Crash On Icy Streets

Because the city has had little or no funds for the removal of snow and the sanding of slippery streets the past few months, the Street Department has had to be niggardly in sanding the streets and they have been several times in a dangerous condition from snow and sleet. Last Saturday night and early Sunday morning the streets had an icy coating. As a result several collisions occurred. At 2:15 a. m. Sunday a car driven by James Campbell of Jackson Terrace, Newton Centre skidded on Commonwealth avenue near College road. A car driven by Lawrence White, Jr., of Beverly hit Campbell's auto and two passengers in that car stated they received injuries and both cars were considerably damaged. Shortly afterward a car driven by George McDow of Brookline skidded at the same curve and a few seconds later it was hit by a car driven by Edward Griffin of 159 Prince street, West Newton. Then a car driven by John Wickliffe of Cambridge came along and skidded into both McDow and Griffin's cars. A few minutes later a car driven by Edward Longhlin of Garland Road, Newton Centre reached the place and skidded into a car driven by Vincent Griffin of Somerville, which was going in the opposite direction. A young woman in Griffin's car was reported as having been injured. The drivers of the seven cars involved did not exchange "Happy New Year" greetings.

At 3:45 a. m. Sunday a car driven by John Gill of Warwick road, West Newton, skidded at Beacon street and Hammondswood road, and collided with a car driven by John Lyons of Crosby road, Newton Centre.

\$3000 Fire In Waban Residence

A fire in the home of Walter S. Fogg, 61 Collins rd., Waban, on Wednesday morning caused damage estimated at \$3000. It was caused by hot coals igniting the coal bin and spread from the cellar to the first floor of the house. A telephone call was sent to the fire department at 7:35 a. m.

An overheated oil heater in the home of Edward Fischel, 8 Bruce lane, Oak Hill, caused a fire Wednesday afternoon and resulted in \$1000 damage to the house. Box 832 was pulled at 4:16.

Smoke in the Pet Shop at 40 Langley rd., Newton Centre on Thursday morning at 8 o'clock suffocated a canary and a love-bird and caused cats, dogs and a parrot in the store to make enough noise to attract passersby and bring the firemen. The door of the store was forced open, the place vented of the heavy smoke from an overheated oil-heater, and the dogs, cats and birds were removed to the kennels of the owner, Mrs. Edith Bailey of Cohasset.

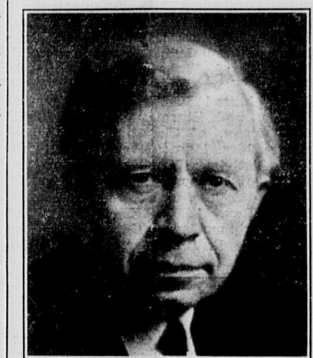

Thief Used Candle And Starts Fire

The family of Hyman Butekan returned to their home at 135 Kirkstall rd., Newtonville, on Monday to find that a burglar had entered the house and robbed it of jewelry and other articles. That he had used a candle was proved by evidences of a fire which burned a hole in the rug in the living room and had also burned a hole 18 inches wide through the floor before it fortunately ceased to spread. Candle grease spots were found in other parts of the house. Entrance was made by breaking a kitchen window.

Famous Explorer Stefansson Speaks At Next Forum

On Sunday, January 8, 1938, at 3:30 p. m., in the Newton High School Auditorium, Vilhjalmar Stefansson will speak before the Newton Community Forum. His topic of discussion will be "New Frontiers of Peace and War."

Vilhjalmar Stefansson was born in Arnes, Manitoba, Canada, in 1879. He graduated from the University of Iowa, and later received a Master's degree in Anthropology at Harvard. He was awarded Doctor of Law degrees from the Universities of Iowa, Manitoba, Michigan, and North Dakota. He holds a Doctor of Philosophy degree from the University of Iceland.

He began his career as an explorer by a trip to Iceland in 1904. He added new islands, rivers, lakes, and mountains to the map of the world, and gave us much new knowledge of the animal, plant and human life of the Arctic. He discovered Eskimos who had never seen a white man, and lived with them and other Eskimos for eleven years, until he had acquired a more intimate knowledge of their language and their lives than that possessed by any explorer except Rasmussen, who was part Eskimo.

Stefansson has received honors from many scientific organizations. Upon the occasion of the presentation of the Hubbard Gold Medal of the National Geographic Society to Stefansson, Admiral Peary left his sick bed to deliver the address of commendation.

The ideas and achievements of Stefansson are included in six popular books, several technical reports, and many articles in journals, both popular and scientific. He owns the largest private library of polar works in the world—over 10,000 volumes. His latest work (1938) is entitled, "Unsolved Mysteries of the Arctic."

Vilhjalmar Stefansson has lectured at Harvard, Pittsburgh, Iowa, Minnesota, Ohio, and Washington State Universities. In England, he has lectured at Cambridge, Oxford and London Universities. Since 1918, he has lectured in every state of the Union, in most of the provinces of Canada, and in most of the states of Australia. Truly, Stefansson is called a "Citizen of the World." In the twenty years between 1918 and 1938, he has lectured more than a thousand times.

Speeders Fined In Newton Court

In the Newton court on Wednesday Mian Gulian of Charles River parkway, Newton, was fined \$5 for speeding on Washington st. near Harvard st. Timothy Daley of Kidder st. was fined \$5 for not obeying a traffic signal.

Community Centres Receive Approval

At the meeting of the Board of Aldermen on Monday, Chairman McKay of the Finance Committee stated that City Solicitor Bartlett had made the following ruling:

"It is my opinion that the carrying on of community centers is authorized as a recreational activity and that the present arrangement of conducting the centers under permits granted by the School Department is proper under the provisions of the statute hereinbefore set forth."

Mr. McKay stated that had the city solicitor ruled against the community centers, persons interested in this new recreational activity on the part of the city proposed to have the city ordinance amended so that the community centers could be legally continued. There has been some controversy the past year because a considerable amount of money was diverted from the Playground Budget so that new community centers could be established and more attention given to this recreational activity. As a result the playground activities were somewhat curtailed. Because the sum allocated for community centers was diverted in part to other purposes, the planned activities in the centers also had to be curtailed the latter part of 1938.

On Friday evening, December 30, a delegation appeared at the meeting of the Playground Commission to urge the continuing of the community center activities in 1939. The delegation included Rev. G. Vaughan Shedd, of Upper Falls M. E. Church, Robert McLaughlin of Upper Falls Improvement Association, and several city employees, including Principal Randall of the Emerson school, Upper Falls, Ruggiero Angino, teacher at the F. A. Day School, Captain Nicholas Veducchio of the Newton police, and J. Edward Theriault of the Newton Public Buildings Department, who represented the Veterans Council. Captain Veducchio stated that there has been a decrease in juvenile delinquency since the community centers were established, and he said that in his opinion the program planned for adults at community centers will be a means of combating Communism, Fascism and Nazism. He urged the erection of buildings to house the community centers.

Middlesex Court Social Meeting

Middlesex Court, M. C. O. F., will hold a social hour and entertainment following its meeting in Elks' Hall, Newton, on Tuesday evening, Jan. 10. William Barry of Brighton, a District Deputy of the M. C. O. F., and member of the educational staff at State Prison, will talk on "Life Behind Prison Bars." A musical program will be provided and refreshments will be served. Mrs. Mabel Bryson is the chairman of the committee in charge.

Newton Girl To Marry Refugee

On Tuesday marriage intentions were filed at Newton City Hall by Miss Celia Quint of 514 Lowell ave., Newtonville, and Morris Kupfermann, a Jewish refugee who arrived in this country a few weeks ago from Nurnberg, Germany. The groom to be has obtained employment with a leather company in Boston. His mother is still residing in Nurnberg, Germany, his native city, but his father, who was a resident of Germany for over 30 years, is interned in a camp at the Polish border.

Big Gathering of Newton Citizens at Dinner In Honor Of Gov. Leverett Saltonstall

Newton Citizens From All Walks of Life Show Faith in Governor-Elect—Thomas F. Mullen Heads Committee

Leverett Saltonstall, a home-town boy who made good, was given "God Speed" on the eve of assuming his duties as Chief Executive of Massachusetts by 1300 of his fellow citizens at the Newton High School gymnasium on Tuesday night. A cross-section of Newton's population, including persons of wealth and influence, and humble workmen, joined in manifesting their friendship for and admiration of the likable descendant of Sir Richard Saltonstall, who over 300 years ago, was prominent in the founding of Massachusetts Bay Colony. Among the guests at the head table were the wife, mother and aunt of the Governor-Elect, several of his fellow candidates on the Republican ticket at the recent election, a number of State and county officeholders, and several representative Newton citizens.

The invited guests included Chief Justice Fred Field, County Commissioners Charles Warren, Walter C. Wardwell, and Nathaniel Bowditch, Secretary of State Frederic Cook, State Auditor Russell Wood, Rev. Dan H. Fenn, Rabbi Samuel Sherman, Joseph W. Bartlett, Carroll L. Meigs, Councilor Frank A. Brooks, Sheriff Joseph M. McElroy, Senator Arthur W. Hollis, Representatives William B. Baker, Warren K. Brimblecom, Douglass Francis and Paul M. Goddard, District Attorney Robert F. Bradford, Clarence A. Barnes, Mrs. Ellis Spear, Jr., Charles P. Howard, Mrs. Alfred B. Williams, George W. Schryver, Alderman Clifford H. Walker, William J. Doherty and Abraham C. Webber.

The invocation was delivered by Rev. John A. Sheridan, pastor of Our Lady's Church, Newton. Father Sheridan prayed that the Governor-Elect will be successful in his efforts to give Massachusetts a righteous government. Thomas F. Mullen, chairman of the general committee which arranged the testimonial, presided and introduced Mayor Edwin O. Childs as toastmaster. The Mayor lauded Mr. Saltonstall, commented it had been 70 years since another Newton resident, William Claflin, had been elected Governor of Massachusetts, and called attention to the fact that the high school building in which the testimonial was being held is on the site of Governor Claflin's former home. The Mayor prophesied that Mr. Saltonstall will make as good a Governor as was Governor Claflin.

Mayor Childs introduced as the first speaker Thomas W. White and asserted that Mr. White has more political brains than any man he knows. Mr. White in his remarks told of his connection with the political campaigns of Henry Cabot Lodge, John W. Weeks, Calvin Coolidge, Henry Cabot Lodge, Jr., and Mayor Childs. He commented that he is out of politics until next December, a remark construed by some to indicate that Mr. White intends to participate in the next city campaign in Newton. He explained that Senator Lodge was not present because of illness. Mayor Childs introduced Ex-Mayor Sinclair Weeks as the man who performed the very important task of raising the funds to finance the Saltonstall campaign. Mr. Weeks stated that the Governor-Elect and he had been friends since boyhood, and that Mr. Saltonstall was elected because the voters of Massachusetts realized that

he exemplifies honest government. He said that two years will not be enough for the new Governor to solve the problems which confront him, so that Mr. Saltonstall's Newton fellow Newtonians should get ready for another banquet two years hence.

Lieutenant Governor-Elect Horace Cahill likened conditions at the State House to the Augean stables in ancient Greece which contained 3000 oxen and were not cleaned for 30 years. He said that like Hercules, the new Governor will have to adopt heroic measures to clean the State House of the filth which has accumulated there the past several years, not from oxen, but from donkeys. Cahill promised that he will continue to cooperate with Saltonstall in the future as he has in the past.

Governor-Elect Saltonstall thanked the gathering for the honor they accorded him and expressed his gratitude to the people of Newton for paying his political career by electing him as an Alderman and repeatedly as a Representative to the General Court. He said that he did not regard the affair as a testimonial, but as a send-off to a local boy to see if he can make good. He assured his listeners that he will do his best to carry out his part of the contract. He thanked the members of the committee which had arranged the dinner. Mr. Saltonstall told of the valuable advice he had received from Tom White during the campaign, lauded Horace Cahill for the support he had given while both were leaders in the Legislature, and said that Mayor Childs had been a valuable friend. Referring to the part Mr. Weeks played in his campaign, the Governor-Elect said it was the first time in many years that the Republican party had been successful in raising sufficient funds to conduct a winning fight, and that "My worthy—or unworthy opponent—said after the recent campaign, 'I had been told that you would be unable to match the money of the Republican party.' Mr. Saltonstall said that he has faith and confidence in the American form of government, but to survive it must have honest service from those who hold public office. He said that he will need the advice and support of the people in his efforts to give Massachusetts good government.

In behalf of those present, Sinclair Weeks presented the Governor-Elect with a desk set, and Mrs. Ellis Spear, Jr. presented Mrs. Leverett Saltonstall and Mrs. Richard M. Saltonstall with bouquets of flowers as tributes from the women of Newton.

The committee which arranged the dinner was headed by Thomas F. Mullen as chairman. Harold S. Piper was in charge of the distribution of tickets. Arthur A. Hunt was secretary and Frank L. Richardson, treasurer. Others on the committee included—Clark Bristol, Philip W. Carter, John A. Janse, W. M. Quinlan, Thomas R. Covey, Charles B. Floyd, Arthur Walker, Paul Mullen, John Walker, Frank Gaw, Fred Siefert, Paul Goddard, Albert Chandler, Douglas Francis, Warren Brimblecom.

The reception committee was headed by Rudolph Whitelegg, chairman, and George Rawson, Vice Chairman. It included Major Frank McCabe, Max-

THE GOVERNOR'S INAUGURAL ADDRESS

Before the largest assemblage that ever gathered for the inauguration of a Governor of the Commonwealth of Massachusetts yesterday noon Leverett Saltonstall took the oath of office as the Chief Executive of this state. The spirit of the occasion was in marked contrast to recent inaugurations when political hopes and aspirations were rife. Beneath the dignity and decorum of the solemn occasion was a noticeable feeling of faith and hope that our great Commonwealth was embarked upon a more honest and righteous course, one in which honesty, integrity, merit and efficiency would be the four points of the compass.

Governor Saltonstall's inaugural address commanded the close attention of his many hearers as he clearly and concisely set forth his views. The address was replete with specific recommendations upon more than a score of varied subjects. To those who were looking for a message which would demand an immediate purge and housecleaning there might have been some disappointment. The Governor, however, definitely stated that, in demanding honest service from state officials, he would seek reorganization of such departments which presented obstacles in the path of restoration of good government. Characteristic of the Governor's previous actions the address indicated that careful thought and consideration for the best interests of the state would be placed ahead of haste and political consideration. The dawn of a new day has come in the government of Massachusetts.

THE FIRST SKIRMISH

The signature of Governor Saltonstall was hardly dry before an interesting development took place in state house circles. We refer to the issuance of the report of Atty. General Paul A. Dever, regarding hurricane contracts which have been the subject of an investigation. It is not difficult to suspect that the release of this report, coming with such promptness and dispatch, might have been accompanied by a desire upon the part of the Attorney General to catch the new Chief Executive unprepared for ready action. It may well be the forerunner of numerous political skirmishes upon the part of Mr. Dever in the coming two years. We predict that Governor Saltonstall will be as well prepared in the future as he was on this occasion when he promptly demanded the resignation of the department head involved. It is not our intention to go into the merits of this particular case which has filled columns of the metropolitan press in recent weeks. Behind the scenes, however, is the interesting political angle which we have touched upon. The coming months will no doubt provide further interesting moments.

TWENTY-FOUR YEARS OF SERVICE

The installation of a new president of the city employees local union takes place this evening. It marks the end of twenty-four years of consecutive service of A. Leslie Moriarty as president of that organization. During this period Mr. Moriarty has seen a great many changes in the situation as it pertains to the city laborer. He has had an important part in the progressive improvement in the treatment of these hard-working men. Mr. Moriarty has rendered unselfish and faithful service. To him go the best wishes of hundreds of Newton citizens.

Central Club To Have

Crayon Wizard As Guest

The Central Club of the Central Congregational Church will hold a Father and Son's Night tonight at 6:30 in the church.

Pitt Parker, nationally famous crayon wizard and Yankee humorist will entertain. Mr. Parker has devoted his life to the entertainment of millions. He spent some 14 years on the Chautauqua circuit with William Jennings Bryan and has entertained at Phillips Exeter and various colleges and has appeared before important service clubs throughout the United States. His nimble gifted fingers, his brilliant play on words and timely caricatures in crayon and in clay is amusement at its best.

In addition there will be competitive games for the boys who attend the dinner and three valuable prizes will be awarded to the winners. A musical entertainment will be another feature to make this a gala occasion.

The Great and General Court of Massachusetts convened on Wednesday and organized with Senator Joseph R. Cotton of Lexington as president of the Senate and Representative Christian A. Herter as Speaker of the House. Following the usual ceremonies announcement of committees was made. Of local interest is the assignment of the Newton delegation at the State House to important committees.

President Cotton named Senator Arthur W. Hollis of Newton as chairman of the Ways and Means Committee, succeeding ex-Senator George A. Moyses of Waltham. The position is one of the most important and arduous in the legislative work.

Speaker Herter reassigned Representative William B. Baker, the senior member of the House delegation to his position on the House Ways and Means Committee. For several years Rep. Albert F. Bigelow of Brookline has been House Chairman of this committee and Mr. Baker, second ranking member, has been a valuable aid.

Rep. Brimblecom was reappointed to the committee on Power and Light, which he has served as clerk for six years, and was also seated on the important committee on Municipal Finance.

Rep. Douglass B. Francis, senior member of the 5th Middlesex district, was appointed as House chairman of the Committee on Banks and Banking. He was also appointed as a member of the Committee on Water Supply. The new member of the Newton delegation Rep. Paul N. Goddard was assigned to the Committee on State Administration. For some years Rep. Clarence S. Luitwieler, predecessor of Rep. Goddard, served as chairman of this committee.

Speaks on Costumes At Newtonville Women's Meeting

Mrs. Raymond A. Green spoke on "Costumes Here and There" at the afternoon session of the Woman's Association of the Methodist Church, Newtonville, on Wednesday when she showed costumes from the places to which she took her listeners. Mrs. Green entertained her audience in a manner both educational and aesthetic. Miss Jean McGill modeled a costume worn by the Queen of the Matador in the bull fights of Spain. A mantilla of black net embroidered in white leaves and fruit of the pomegranate was a striking feature of this. Miss Loraine Clements wore the quaint sombrero costume of the women of Brittany whose lives as the wives of fishermen are indeed somber at times. They wear the wooden sabots.

Two German costumes were shown by Mrs. Green, one from the isolated town of Schwalm and modeled by Mrs. George W. Bell. This consisted of a blouse and 16 skirts which was topped by a hat no larger than and resembling the caps worn by the organ grinders' monkeys. The people of this region have a low I. Q. and are uncleanly. Mr. and Mrs. Green spent Easter Sunday in Spreewald not far from Berlin which is known as the Venice of Germany. These people are Russian Slavs. Mrs. Howard C. Thomas, president of the association, was stately in a costume from this locality with its very large headgear, full red skirt, green fichu over a blouse and a very large white apron, each piece showing lovely embroidery.

The women of the association sewed in the morning for the Hull St. Medical Mission. Luncheon was served by Group VI, Mrs. Joseph T. Paul, chairman.

Newton Auxiliary To Conduct Next Meeting

The entertainment following the next monthly business meeting of the Women's Association of the Massachusetts Osteopathic Hospital will be in charge of the Newton Auxiliary. The meeting will be held at the Hotel Lenox, Boston, Tuesday, January 10, at 7:30 p. m., preceded by dinner at 6:30. A travelogue, "Bicycle Trip Through England," will be given by Miss Helen Miles. There will also be exhibition dancing by Miss Barbara Clark accompanied by Miss Miles, and an exhibition of baton twirling by Miss Ruth Butterfield.

PAINTERS' CONVENTION

The 48th Annual Convention of the Society of Master Painters and Decorators of Mass., Inc., is to be held at the Parker House, Boston, on Jan. 12, 13 and 14th. There are about twenty members in the Newton Chapter of which Mr. M. W. Hemen of Newton Lower Falls is president. Lewis Bailey of West Newton, secretary. Mr. J. K. Hemphill of Newton Upper Falls is the representative and trustee for the Newton Chapter. Leonard H. Bowman of Newton Centre is first vice-president of the Massachusetts Society and George A. Winch of Waban is secretary and treasurer.

Newton Ladies Active in Mass. Shut-In Society

The Massachusetts Branch of the Shut-In Society, this month, begins its thirty-ninth year of bringing joy and comfort to its many invalid members, who are bedridden, crippled or blind. The work is carried on by committees of active associate members.

The organization is to observe its anniversary at the annual meeting, which is to be held at 10:30 a. m., Wednesday, January 11 in the Council Room of the Cathedral Church of St. Paul, in Boston. In the absence of the president, Mrs. Charles H. Myers, of West Newton, Miss Annette E. Jenkinson, of Brookline, will preside.

One of the principal orders of business is the election of officers. The present officers are: Mrs. Charles H. Myers, president; Miss Geraldine E. Chandler, of Brookline, recording secretary; Miss Frances E. Stebbins, of Newton, corresponding secretary; Miss Abby A. Knowlton, of Boston, assistant corresponding secretary; Miss Annette E. Jenkinson, of Brookline, treasurer; and Miss Bertha M. Bush, of Brookline, assistant treasurer.

Committee chairmen who will report on the year's work in their respective departments include: Miss Barbara Horton, of Brookline, visiting; Mrs. Coburn Smith, of West Newton, correspondence; Mrs. Eugene E. Morton, of Waban, helping hand; Mrs. Durham Jones, of Newton and Mrs. Richard D. Walker, of Newton, library and literature; Mrs. Merrill C. Sosman, of Chestnut Hill, wheel chair; Mrs. Horace Brush, of Brookline, birthday; Mrs. H. Bigelow Emerson, of Newton, young people; Mr. Alonzo A. Cole, of Newton Highlands, men; Rev. A. D. K. Shurtleff, of Framingham Centre, blind; and Miss Geraldine B. Chandler, of Brookline, publicity.

Rotary Club

It was Appearance Day at Longwood Towers when the Newton Rotary Club lunched with its newest child, the Brookline Rotary Club.

The day was a celebration not only of the New Year, but of the first time that the two clubs have had an opportunity to mingle as equals. President Ringer, master of the Brookline High School, served as presiding officer and his deft jabs at the Newton members were appreciated by all, most particularly, President Paul Elicker of the Newton Club, another schoolmaster.

It is always interesting to see a new machine get under way, and the Brookline members gave the Newton Club an excellent lesson in attendance since something over 90 per cent of their enrollment were present. After a lot of joshing between Dr. Cecil Clark, who was one of the original sponsors for the Brookline Club, and the assembled multitude, Dr. Clark forgot his "end man" tactics long enough to pay tribute to Dan Lacy, another outstanding member of the Brookline Club.

With his usual skill, President Paul Elicker extended greetings from the parent to the child, and with that the meeting came to its serious business which was to hear Dr. Ashley Leavitt, president of the Harvard Congregational Church, whose subject was rather broadly phrased along the line of "Talking It Over." Dr. Leavitt brought very clearly before all the members a thought that much of the disturbance both abroad and at home is due to the misunderstanding and miscomprehension of another person's thoughts and actions. He conveyed so deftly his point that it was not until he reached the end of his discussion that the Rotarians present realized that he was merely restating the Rotarian doctrine of "Service Before Self," although Dr. Leavitt put it in a different way that it was understatement with understanding. Surely those present with the beginning of a New Year could take hope and courage from Dr. Leavitt's attack upon the cursory and unfriendly attitude that many of us take to problems which arise in our daily life.

The meeting was a grand success from all angles including the cuisine and the after-dinner discussion.

Mother's Rest Assn. To Hold Luncheon and Bridge

The Mother's Rest Association will hold a benefit luncheon and bridge on January 25th with Mrs. James H. Orr as general chairman. There will be a Duplicate Tournament at the Newton Center Woman's Club, under the direction of Mrs. Prescott Warren assisted by Mrs. Ripley Dana and Mrs. Mildred D. Rich. Private homes in Brookline, West Newton, Newtonville and Woburn will be opened for plain bridge. Mrs. Howard O. Winslow is in charge of tickets, telephone Center Newton 1654M.

Letters To The Editor

January 4, 1939.
Mr. Warren K. Brimblecom,
Newton Graphic,
Newton, Mass.

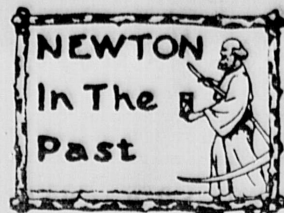

Dear Sir:

For twenty-four years I have served the Newton City Employees' Local No. 175 as its president and have given them the best that there was in me. I wish to thank you for the many acts of kindness that you have done for me. Conditions have improved wonderfully in that period so let me again thank you for the time and effort that you have given me in my attempt to better the conditions of the city employees.

And as I have never asked you for any fair thing but it was granted.

Hope that I will be the future merit your friendship and wishing you a Happy and prosperous New Year. I am,

Sincerely yours,
A. LESLIE MORIARTY.

55 YEARS AGO

December 29, 1883

The city teams have been busy removing snow from the principal streets this week.

Edward Daron, the Newton Corner barber, is about to leave for a visit of several weeks to Kingston, Jamaica, his native place, after an absence of 21 years.

The latest freak of this most extraordinary winter was thunder and lightning which accompanied Thursday evening's shower.

The thawing of great quantities of snow on the housetops has been destructive to plastering in several fine residences, the water settling back under the eaves.

The old Channing Unitarian Church has been pronounced in a very dangerous condition by the Inspector of Buildings. Some of the residents on Mount Ida have noticed for a long time that the spire was not plumb and that in a north or northeast wind it leaned much more than when the wind was in the opposite quarter. The spire will probably have to be taken down.

The School Committee has taken a step toward revising the course of study in grammar schools, which if carried out will do much to relieve the strain now put upon the children by overwork.

The Aldermen meet this evening to consider the park order and will probably reach a final decision on it. There are three separate plans for a central park before the Board. The first is the plan for a park of 174 acres, costing \$85,000; the second plan is for a medium-size park comprising about 90 acres and costing \$55,000; and the third is Alderman Henry's plan for a small park of 69 acres to cost \$44,000. The committee now favors the medium-size park.

The City Council held a public hearing on Christmas Eve on the matter of the proposed central park, and it was largely attended. W. C. Strong thought a big central park was not so much needed as playgrounds and squares in the various villages. He favors a small park around Bulfinch Park and said that Cold Spring swamp, now a miasma breeding area, should be drained and made into a beautiful park whenever it becomes practical to do so.

Rev. J. A. Buckingham opposed the scheme. Alluding to Bridgeport's Seaside Park, he said that much of the land for it had been given by the great believer in "humbbug," P. T. Barnum—who wasn't all humbug himself, however. He had not heard that any citizen of Newton is willing to give a foot of land for the proposed park here. He said that sewerage and street lights are much more needed in this city, and that the big park would cost a great deal to the taxpayers who would have to pay for it, but very little to those who have land to sell, and want the park.

50 YEARS AGO

Newton Graphic, December 28, 1883

Rev. Mr. Shinn introduced resolutions at the School Committee meeting on Wednesday evening relative to the prompt dismissal of children from school buildings following sessions.

A Christmas tree for the poor attracted many children to the school of Miss Speare on Washington st. The little folks were treated to an agreeable surprise. Each child was presented with a gift.

The celebration of the 200th anniversary of the founding of Newton was held at City Hall on Thursday afternoon. The rain interfered with the attendance and the hall was nearly filled. The Germania Orchestra furnished fine music. Mayor Kimball presided and among the invited guests were Governor Ames and his staff. At the conclusion of his official speech Governor Ames remarked—"I want to say a word to you in confidence. It is a fact that there is a feeling of jealousy toward Newton all over the Commonwealth. You have made it so beautiful, provided such fine roads, built such beautiful homes, that it is regarded as a model city, and it has come to such a pass that I cannot appoint a judge only to have him move to Newton. The only way to get rid of applicants for the position of judge is to say to them—'You don't want your friend to leave your town, do you? If I appoint him, he will move to Newton.'"

Christmas Day Miss Howard of Watertown was riding in a phaeton hauled on Watertown st., Newtonville, accompanied by two other young ladies. The horse became unmanageable and dashed into the gravel pit, throwing out the young ladies. The wheels passed over Miss Howard's shoulder, injuring her. She was attended by Dr. Stoddard who happened to drive by. The horse ran down Watertown st. and at the junction of Lowell ave. knocked down Minnie Boynton and Olive Allen, about 10 years old. The Boynton child received serious bruises. The horse continued along Central ave. to Washington st., and thence to West Newton (Continued on Page 8)

Powers' Paragraphs

It is our belief that anyone who commits murder in the commission of burglary, banditry or other types of crime, or who without being insane commits murder with premeditation, should receive the death penalty. But, where there is any doubt as to the guilt of a person convicted of murder, we believe that the person found guilty should not be executed. While it seems more than probable that Oscar Bartolini murdered Mrs. Grace Asquith, the fact that positive proof of his guilt was lacking, justified the action of Governor Hurley and the Executive Council in commuting Bartolini's sentence to life imprisonment.

Reference was again made at the testimonial dinner in honor of Governor Saltonstall to his "South Boston face." We hope it was the last time that this supposedly left-handed compliment will be made either publicly or in print. This alleged wisecrack uttered, if our memory is correct, from Robert Washburn. It was supposed to be witty, but it wasn't. It was asinine, and it was poor judgment on the part of James M. Curley when he resurrected it in an attempt to ridicule Mr. Saltonstall in the recent campaign. It became a boomerang against Curley.

South Boston for nearly a century has been populated mostly by people of Irish birth or extraction, so when "Bob" Washburn commented that Mr. Saltonstall had a "South Boston face," most persons inferred that the implication was—that the distinguished Chestnut Hill man had an Irish face. Irishmen, whether residents of South Boston or elsewhere, are not all as handsome as Apollo, but they do average as high in masculine beauty as do men of other races, and from our observation South Boston men are as good looking, on the average as men residing in the Back Bay—or Newton, even though they may not be as well attired. Governor Saltonstall is no Robert Taylor or Tyrone Power, and if his face lacks the matinee-idol type of beauty so admired by love-lorn young women, it reveals intelligence, kindness and determination; which, after all—are more esteemed by sensible men and women than is mere pulchritude.

In addressing the gathering which had assembled to pay tribute to him in Newton High School on Tuesday night, Leverett Saltonstall struck a responsive chord when he said that the affair was not a testimonial, but a gathering of neighbors as a send-off to a local boy with the hope that he will make good. Mr. Saltonstall assured his friends that he will do his utmost to make good. He realizes the tremendous task ahead of him and he will need courage in abundance to make progress in the battle which he must lead for the betterment of the Commonwealth. Unless misgovernment, graft and corruption in the governments of our states and cities

is checked in the near future, democracy will cease in the U. S. A. The low standard of ethics which has been manifested by too many men holding public office, only reflects the low standard of intelligence of those who elect such men to office. We know that Leverett Saltonstall will receive the support of Newton's members of the Legislature. We hope he will receive the co-operation of a big majority of all the members of the Legislature—and the Executive Council.

Tuesday the Women's Civic Federation of Massachusetts held a meeting at the Hotel Vendome, Boston. One of the subjects discussed was the control of the use of alcoholic beverages. One of the speakers on this vital question was Mrs. John S. Sheppard, commissioner of the New York State division of alcoholic beverage control. Mrs. Sheppard has a remarkable philosophy. She advocated that the age limit at which minors may buy liquor be reduced from 21 to 18 years, because it would eliminate the presence of liquor of young people to lie about their ages. Apparently it did not occur to Mrs. Sheppard that if the age limit were reduced, young people would continue to lie about their ages. Would she then advocate that the age limit be further reduced from 18 to 15 years? And would she ultimately have bottles with nipples provided for the youngest addicts of alcoholic beverages. Mrs. Sheppard also posed too rigid laws regarding hours of closing and 'Sunday restrictions' in places selling liquor, because such restrictions foster hypocrisy. We don't believe in fanatical restrictions which foster hypocrisy, but we do believe that if proper restrictions are not placed on hot "night spots," and more restrictions are not placed on the sale of alcoholic beverages of parents who are addicts, especially to mothers of young children, popular demand will eventually compel adequate restrictions. The sale of liquor on Sundays has been stopped in many places because it was too promiscuously dispensed in a lot of alleged restaurants, which in reality were cheap barrooms. There should be more distinction between bona fide common victuallers, and places which should be licensed as taverns.

In last Sunday's BOSTON GLOBE was a two column article describing Norman MacDonald, secretary of the Massachusetts Federation of Taxpayers' Associations. Mr. MacDonald was described as a young man of 38 who has shaken the State House because of his activities in connection with the awarding of contracts from the \$19,500,000 appropriated to repair hurricane damages. The reporter who wrote the article discussed various public problems with Mr. MacDonald, and one was the problem of relief. Mr. MacDonald, who resides in Waban, was quoted as saying—"I'm lucky. In Newton relief takes only \$3 of the tax (Continued on page 8)

ONE THING AND ANOTHER

By L. D. G. BENTLEY

One-Man Cars

Let us hope the Boston Elevated trustees were only spoofing when they announced last week that one-man operated cars will be placed in service on the Brighton-Newton-Watertown line when the spring schedule is put into effect some time next April. What makes me think they can't be serious is the fact that one-man operated cars are run regularly and have been for several years on that very same line. You will find nothing but one-man operated cars Sundays, holidays and every night of the week.

Furthermore, the management has a trick, and a mean one, of reducing the super-bound mob in the subway by suddenly changing the destination of the one-man operated Keenawee car by unexpectedly announcing that it is going through to Brighton, Newton and Watertown. This is hitting below the belt and it is not the only blow of that kind the Elevated aims at its patrons. Since we have come to expect only poor service of the Elevated it seems as if the management might avoid deliberate attempts to make a bad matter worse. That's all I have to say at present, except to add that if the trustees go through with any such plan as abandoning all two-men cars on the Newton, Brighton and Watertown line they may find that the storm of protest gathered about their heads is no cloudburst in a coffee-pot.

She Didn't Mean To

The fact that a number of Newton people have forgotten to remove the festive Yuletide decorations at their homes, although Twelfth Night has passed, let's me under the wire with a Christmas tree story. Two or three evenings prior to last Christmas a young woman parked her car at a curbing in the business section of Newton Corner against a temporary forest, awaiting purchase by Santa Claus or his agents. When she completed her shopping and backed the car out there were four trees clinging to the fender. Help in the form of a police officer and two male shoppers was needed to free the embarrassed young woman from her predicament.

Farewell Remarks

It is a well recognized fact that there isn't much that gets by Alderman John Temperley. As busy as he was around Christmas time he was kind enough to point out in a letter to me that I wasn't so original as I thought I was in suggesting that a retiring office-holder say a few words

publicly on stepping out. John, who is a very old and valued friend of mine, knows I like to have him speak right out and, so he does, saying, "You seemed to feel that such a thing had never been done before. May I refer you to Newton Public Documents for 1903 where you will find that on January 11, 1904, Former Mayor John W. Weeks delivered a valedictory address to the Board of Aldermen of 1903 at its final meeting. You'll find the volume at the Newton Free Library." John adds that he'd be pleased to read something in this column about it, which is mighty kind of him. Therefore, I shall try to show my gratitude.

Slides, Sleds and Autos

When a reader stopped me to discuss the icy condition of Centre st., between Newtonville and Hyde aves. I thought he might be going to talk about old-time coasting, but he gave me facts and figures to show on one of the recent nights when modern vehicular traffic was more than dangerous, the city had placed no sand on an area where cars skidded and bad smashups seemed imminent.

The matter of coasting was brought up, however, by the very next man I met who wanted to know if as a boy I remembered coasting on Newtonville ave. and taking the curve at Centre st. I told him I had ridden on double-runners on Newtonville ave., both east and west, curves, humps and spills.

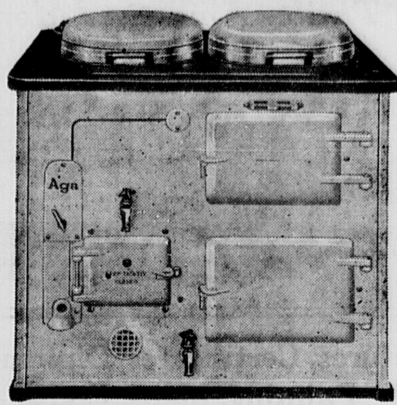

Plenty of Stamps

Between 5000 and 10,000 Christmas cards went into the rubbish pile for the simple reason they were not properly addressed and carried only third-class postage. And this in the Boston postal district alone, which means that the total for the country must have been in the hundreds of thousands at the very least. I recall the warning contained some years ago in my associate's, Mr. Powers, pungent paragraphs. I think it would be well if this were repeated each year to tell people that first class mail alone has the benefit of directory service and that cards mailed unsealed with one and one-half cent stamps are exposed to every peril of overloaded mails, including the dead-letter office.

Greetings Exchanged

From Dinard on the coast of Brittany friends have cabled "Bonne et heureuse annee," so what more may we reply than, "Same to you and many of them."

Glee Club Rehearsals

Mrs. Ethel Coty, of 99 Highland st., West Newton, is opening her home on Thursday mornings during January for the Rehearsals of the Community Service Glee Club. These will begin promptly at 10 o'clock, the next one to be on January 12, at which time work will start on music for the Annual Spring Concert.

Bridge to Defray Hurricane Expenses

On Friday, January 13, a Telephone Bridge, under the direction of Mrs. Howard C. Thomas, for the Newtonville Woman's Club, will be held at the homes of twenty hostesses chosen by the hostess chairman, Mrs. Raymond Tucker. The bridge is given to defray hurricane expenses, and Club members may have an afternoon of social enjoyment and at the same time help their Club in an emergency need. Tickets are the reasonable price of 50 cents, and there will be prizes for each table as well as larger prizes. A dinner-coffee will start the afternoon's program, followed by bridge until 4:15 o'clock, when scores will be telephoned to Mrs. Thomas, the telephone supervisor for the bridge. The excitement will commence with the relaying of scores to her operators, and the awarding of prizes. Tickets may be obtained from the ticket chairman, Mrs. Frank E. Wightman, telephone West Newton 0734M; and from Mrs. Howard C. Thomas, West Newton 2555.

Mrs. Frank Mansfield Thomas will give the third of her "World News Mornings" on Thursday, January 12, at 10:30 a. m., at the Club House.

America Faces Dangerous World Trends

Dr. D. Brewer Eddy will give his lecture on "America Faces Dangerous Trends" (Continued on page 6)

Various Topics And Plans

Imagination and Life

Dr. Samuel McCauley Lindsay will speak on "Imagination and Life" at the next meeting of the West Newton Women's Educational Club which will be in the Unitarian Church Parish house on Friday, January 13, at 2 o'clock. Mrs. Seabury Short, of Concord, will sing a group of Folk Songs. Mrs. Fred L. Pigeon, fourth vice-president of the State Federation, will be a guest.

The Travel Class of the West Newton Women's Educational Club will meet on Monday, January 9, at the home of Mrs. Raymond O. Littlefield, 25 Walnut pl., Newtonville, at 2 o'clock. Mrs. Gilbert R. Jones will be co-hostess. Mrs. Charles E. Gibson and Mrs. Ernest F. Robinson will read papers on "Afghanistan, Baluchistan, Tibet, Nepal and Bhutan."

Timely Advice on Trees

The January meeting of the Newton Centre Garden Club will be held on Monday, January 9, at the Newton Centre Woman's Club House.

The morning coffee and greeting to new members will be followed by a lecture by Dr. Donald Wyman, horticulturist at the Arnold Arboretum. The first part of the talk will deal with the ways and means of pruning trees damaged by hurricane and possible methods of fertilizing them to promote good growth. The second half will deal with trees that are recommended for planting in place of those lost entirely.

Studying "The Arts"

The Newton Highlands C. L. S. C. will hold their next meeting Monday, January 9, with Miss Adelaide Webster, 10 Chester st. The meeting will be led by Mrs. Robert Clark, and will continue the study of "The Arts," by Van Loon.

Newton Centre Neighborhood Club

Miss Letitia Linsley will be hostess to the Newton Centre Neighborhood Club Monday evening, January 9, at 7:45 o'clock, at 25 Chase st., Newton Centre. Miss Linsley will be assisted by Miss Loraine Cotting, Miss Florence Maher, and Mrs. Robert M. Smith.

Modern Art

The Auburndale Review Club will meet on January 10, at the home of Mrs. Eldin V. Lynn, 34 Kingswood rd., to listen to papers by Mrs. Thomas E. Young, Mrs. Albert Palmer, and Mrs. Robert D. Watters. The subject of the morning will be "Modern Art." The first paper will tell of "Painting and Sculpture"; the second of "Arts and Crafts"; and the third of "Home Furnishings."

Guest Meeting

Professor Antonio De Haas will speak on "The International Situation" at the Guest Meeting of the Social Science Club Wednesday, January 11, at 10 a. m., in Channing Church Parlor. The hostesses will be Mrs. Henry O. Marcy and Miss Caroline R. Braham.

Another feature of the meeting will be the showing of a moving picture entitled "The Open Door," explanatory of the work of The Greater Boston Community Fund, in its Educational Crusade. The Women's Crusade of this project is under the chairmanship for the Newtons of Mrs. Joe W. Gerity, and the publicity is in charge of Mrs. J. Herbert Young.

Sewing Day Postponed

Sewing Day for members of the West Newton Community Service Club, at which time these clubwomen meet at the Newton Hospital and serve in this splendid capacity, has been postponed from January 10 to a date in February which will be announced later. This change is due to the fact that the Newton Hospital Aid Association will hold their Annual Meeting on January 10.

Presidents To Hear Minister To Denmark

Presidents' Day will be observed Friday, January 13th, by the Newton Centre Woman's Club. Coffee and dessert will be served in the Recreation Room at 1:30 p. m., with Mrs. Merriman Hoss and Mrs. Curtis H. Mosher as hostesses. The speaker for the program at 3 o'clock will be

the Hon. Ruth Bryan Owen Rohde, former United States Minister to Denmark, Congresswoman, Lecturer, and author, who will talk on the subject of "This Business of Diplomacy."

OPERA-TALK. Sponsored by the Music committee of the Newton Centre Woman's Club the third annual series of Opera Recital-Talks by Lucy Simonds will be held January 17, January 31, and February 21, at 10:30 a. m. The Operas to be discussed this year are "Tristan and Isolde," "Der Rosenkavalier," and "Boris Godunov." A ticket for the series is priced at \$1.00.

ART LECTURE. "Window Treatment," the second of the series of four lectures on Home Decoration by Miss Elsie Chamberlain, sponsored by the American Home committee of the Club will be held at the Club House Wednesday morning, January 11, at 10:30 o'clock. Coffee will be served at 10 a. m. Each of these lectures contains many practical ideas for housewives, whether one plans to do over one window or the entire house. Mrs. Henry L. Bord is chairman in charge of lectures and tickets.

CIVIC LECTURE. Following coffee served at 10 o'clock in the Reception Room of the Newton Centre Woman's Club House, the Civic and Legislative committee will present the second of the series of five Thursday morning free lectures January 12. Mr. Liscomb Bruce, executive director of the Newton Community Chest, will tell of "Social Planning in Newton." At the first meeting which was held December 8th, Mr. Donald D. McKay discussed the cost of the Newton city government, explaining how these costs could not be reduced and present services continued under our form of city government. But there are social needs that have not been met. What are these? What is the potential cost? How will this cost be met? These are questions Mr. Bruce will discuss. Others than Club members also are invited to hear these vital lectures.

BOOK REVIEW. Mrs. Samuel E. Wiener, 19 Ransom rd., Newton Centre, will be the hostess for the meeting of the Literature Group Wednesday afternoon, January 11, at 2:30 o'clock. Mrs. Douglas M. Pase will give a Book Review followed by a general discussion. All interested to attend are asked to call the hostess.

SUPPER DISCUSSION. The International Relations committee announces that Dr. Herbert Gezork will be the speaker for the Supper January 16 at 8:45 o'clock, at the Newton Centre Woman's Club House. Dr. Gezork, formerly active in a church in Berlin, and working with young people, has been driven from Germany under the Hitler regime, and is now lecturing upon his tragic experiences in Germany.

Supper reservations should be made before Saturday, January 14, by telephoning Mrs. Hartstone, Centre Newton 2589. Supper tickets are priced at 75 cents. Admission for the speaking at 7:45 will be 25 cents for Club members and 35 for others.

WELLESLEY TRUST COMPANY

Beginning next Wednesday, it will be possible for any man or woman to open a checking account at the Wellesley Trust Company in Wellesley Hills, with an initial deposit as little as \$1. No minimum balance is required at any time, and there is no monthly carrying charge regardless of how small the depositor's balance is. Checkbooks are free, with no advance payments of any kind.

This is the gist of an interesting announcement just made by E. L. Werner, president of the Wellesley Trust Company in telling of the plans made by his institution in connection with the installation Wednesday of a CheckMaster Department, in addition to its existing checking account facilities.

The CheckMaster Plan is nationally famous as "The Checking Account Plan for all the People," and is known as the original system that made checking facilities available without requiring a minimum balance. The bank's only requirement is that the depositor have enough on deposit to cover the checks he draws.

Mr. Werner also points out that the CheckMaster Plan is so simple in principle and operation that an account can be opened quickly and easily by mail. Signature cards are sent to prospective depositors to be filled out and these are returned to the bank with the initial deposit.

The Wellesley Trust Company has resources of almost \$3,000,000. It is a member of the Federal Deposit Insurance Corporation with each account insured up to \$5,000.

Turtle Talk

In America the names turtle, tortoise and terrapin are used rather interchangeably . . . in England, however, tortoise is considered the correct name for the land species . . . terrapin for the freshwater edible kinds . . . and turtle is employed only for sea-dwelling ones . . . incidentally, turtles suffer from parasites . . . such as ticks, says the American Wildlife institute.

Oxygen Required by Fish
Fish need less oxygen in cold water than warm. They breathe less in cold weather.

Nathanael Greene Proved Himself a Great General

Gen. Nathanael Greene, born in 1742 in Rhode Island of Quaker parents, rejected the strict principles of that sect, became a soldier and commanded the American forces in the South during the Revolutionary war, recalls Leslie Hartley in the Washington Star.

Greene proved himself a great general when Washington placed him in command of the southern troops. By successful military maneuvers against the British in 1781 he won the battle of Eutaw Springs, a decisive conflict in South Carolina. In little more than a year he had Georgia and the Carolinas free of British control.

In appreciation of his services at Eutaw Springs, congress presented him with a medal and the two Carolinas and Georgia made him valuable grants of property. Also congress later voted to "raise a monument at the seat of government" in his honor, a monument which was not erected until 90 years later. Another monument dedicated jointly to General Greene and Count Pulaski stands in a public square in Savannah, Ga.

In 1785 Greene moved to the plantation of Mulberry Grove on the Savannah river, where he lived until, at the age of 44, he died of a sunstroke.

Meaning of Name Isabel

The name Isabel was long (and by some authorities is still) considered a form of the Hebrew Elizabeth, meaning "consecrated to God." But later research seems to establish that its original form was Jezebel, meaning "oath to Baal," according to Florence A. Cowles in the Cleveland Plain Dealer. Isabel is such a beautiful name that one is reluctant to associate it with ideas evoked by the name of Jezebel. But, after all, while Jezebel was responsible for her acts she was not responsible for her name. Moreover, a Bible list of names says that Jezebel probably meant "chaste, or pure." That justifies the Isabels in claiming that beautiful meaning, from which the idea of consecration could have sprung. St. Isabel, daughter of Louis VIII of France (Thirteenth century) founded a convent.

Tabernacle Designed by Young
Designed by Brigham Young, the Mormon tabernacle was begun in 1863 and completed in 1887. Henry Grow was the engineer and William Folsom the architect. It is 150 feet wide, 250 feet long and approximately 70 feet to the ceiling and 80 feet to the roof. Resting on 44 stone buttresses, it has a seating capacity of 8,000. The roof consists of over 1,000,000 feet of lumber held together by wooden pins. There are 27 exits, all opening outward.

'Misfortune,' 'Calamity'

During the period when Gladstone and Disraeli were opposing leaders in British politics, Disraeli and a number of his cronies were dining one night when the conversation turned to distinction between words of similar meaning. After the comparison of several pairs of words had gone round the table someone asked Disraeli the difference between "misfortune" and "calamity." With but a second's thought Disraeli answered: "If Mr. Gladstone fell into the Thames river it would be a misfortune; but if some one pulled him out, a calamity!"

CHRISTIAN SCIENCE

"Sacrament" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world, on Sunday, January 8. The Golden Text is: "The bread of God is he which cometh down from heaven, and giveth life unto the world" (John 6:33).

Among the citations which comprise the Lesson-Sermon is the following from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus once said: 'I thank Thee, O Father, Lord of heaven and earth, that Thou hast hid these things from the wise and prudent, and hast revealed them unto babes: even so, Father, for so it seemed good in Thy sight.' As aforetime, the spirit of the Christ, which taketh away the ceremonies and doctrines of men, is not accepted until the hearts of men are made ready for it" (p. 131).

COOLIDGE CORNER THEATRE, BROOKLINE

There is much to laugh at, much to love, many things to take away and remember in Shirley Temple's new picture "Just Around the Corner," which opens a week's run on Friday, January 6th, at the Coolidge Corner Theatre, Brookline.
 It is not only the best picture Shirley has ever appeared in, but also one of the most entertaining. Among those in the fun cast are Charles Farrell, Joan Davis, Bert Lahr, Amanda Duff and the inimitable Bill Robinson who does a new dance routine with Shirley that surpasses even their sensational "Toy Trumpet" number.
 The excellent co-feature on this program is "The Storm," featuring Charles Bickford, Nan Grey, Tom Brown and Andy Devine. It tells an emotional story of adventure and thrills in the lives of wireless operators on American merchant ships. Filmed against the colorful background of giant ships and thundering storms at sea, the narrative possesses power and realism.
 On the same program with these two outstanding features, there is a musical short subject called "Rhythm Cafe" and of course the latest issue of the Coolidge Corner Theatre Newsreel, presenting the news of the day both foreign and domestic.
 Announced for showing for the coming week starting Friday, January 13th "The Young in Heart" starring Janet Gaynor, Douglas Fairbanks, Jr. and Paulette Goddard plus that fun-fun-fun Henry Armetta in "Road Demon" another in the Gambini Family series.
 Named for Galvani
 The process of surfacing iron or steel with zinc is named in honor of Luigi Galvani. Eighteenth century Italian professor.

Day Jr. High School

On the Thursday before the long vacation, the pupils of the Frank A. Day School were treated to a novel entertainment that lasted from 10:30 till closing time at noon. Two plays were given, one of them a regular long one-act piece, the Birds' Christmas Carol, admirably performed by the boys and girls and equally admirably directed by Miss Glanferante, our new eighth grade English teacher. The others, directed by Miss Wright, were Why the Chimes Rang, and a presentation from Dickens' famous Christmas Carol.
 Now comes the long seven-week winter stretch with the boys and girls settling down to hard work always with an eye towards February and the half-year marking period.
 Most of the school news is in line with winter indoor sports. The girls are soon to start the regular home room games. The boys are continuing with contests and will not start varsity practice till well into the winter. The winners of the December prizes in the form of basketball shoes were Billy Gibson, Joe Paulino, Frank Tocci, Larry Tempesta, and Billy McMahon; the four winning teams were captained by George Norcross, Dan Coletti, Billy McMahon, and Larry Tempesta. This week the seventh and eighth grade home room games will start. Mr. E. Tanner also ran off a special "Foul Shooting Contest" on Thursday, Jan. 5, the highest scorers in each grade will take part in a special event later.
 Official results of the Ninth Grade elections were: President, Robert Monroe; Vice President, Alfred Colletti; Secretary, June Hildreth; Treasurer, Connie Hill. Two questions were submitted to the student voters for consideration. The first: Do you favor a maximum speed of 25 miles per hour within the city limits of Newton for motor vehicles. Answer: YES 91; NO 113. The second question: Do you favor the registration of all bicycles in Newton at a fee not to exceed 25 cents? Answer: YES 153; NO 61.

RECENT DEATHS

CHARLES H. BRECK

Charles Henry Breck died on December 29 at Montclair, New Jersey, in his 89th year. He was born in Brighton, the son of Charles H. and Augusta (Brown) Breck. His grandfather was Joseph Breck who in 1818 founded the famous seed business which is now being conducted by the fourth generation of the family. Mr. Breck graduated from Mass. Institute of Technology in 1870 and then entered the seed business. He became president of the firm in and retired in 1922. In 1883 Mr. Breck married Marion Adams, daughter of Luther Adams of Newton and he resided in this city for about 50 years.

He was a charter member of the Brae Burn Club, a founder and first president of the New England Seedmen's Association, served as treasurer of the New England Iron & Hardware Association, and was a director for many years of the Fourth National Bank of Boston.

Mr. Breck is survived by his widow; a daughter, Frances Breck Benbow of Montclair, New Jersey; and two sons, Charles H. Breck, Jr., of Hollywood, California, who is in the seed business, and Luther A. Breck of Belmont, president of Joseph Breck & Sons. Mr. Breck's funeral service was held in Mount Auburn cemetery chapel on Sunday afternoon; Rev. H. Robert Smith of Grace Episcopal Church officiated.

CLEONE MORSE

Mrs. Cleone Morse, widow of Mason Morse, died on January 1 in her 96th year. She was a native of Hyannis and had lived in this city for 39 years. She is survived by a nephew, Alexander Baxter of Newton Centre; and a grandnephew, Edwin Thayer of New York. Her funeral service was held on Tuesday at the home of Dr. Edwin H. Place, who was a nephew by marriage of Mrs. Morse, and where she had resided for the past 25 years. Rev. Walter Greenman of West Newton officiated. Interment was at Yarmouthport.

Sostilio Fined on Liquor Charges

In the Newton court yesterday Peter Sostilio, 31, of 421 Langley rd., Newton Centre, was fined \$50 by Judge Nagle for illegally exposing liquor for sale, and another \$50 for making an illegal sale of liquor. For maintaining a liquor nuisance he was given a suspended sentence of 6 months in Bellerica Prison, and a suspended fine of \$50. He was found not guilty of maintaining a gambling nuisance. Six men who were arrested when the police raided the Italian-American Club at 31 Jackson st., Thompsonville, a couple of weeks ago, were found guilty of being present where gambling instruments were found, and their cases placed on file. Sostilio conducted the club, which had applied a couple of times for a liquor license, and had been refused. Chief Hughes testified that he had received numerous letters complaining about the place before the raid was made. He offered as evidence a revolver and a pair of brass knuckles which had been seized at the "club." Captain Veducchio, Sergeants Bannan and Cleary and a number of policemen also testified against Sostilio.

COMMUNITY PLAYHOUSE

The tremendous response accorded the current film offering at the Well-lesley Hills Community Playhouse, Paderewski's "Moonlight Sonata" and the novel and exciting "Ski Chase" has resulted in that program being held over through Tuesday of next week.

"Moonlight Sonata," the film which ran for six months in Boston, marks Paderewski's first and probably last screen appearance. Further the picture presents a delightful story.

CLARK T. BALDWIN

Clark T. Baldwin, a former Newton resident, died on January 2 at his home near Warrenton, Virginia. He was born in Newton 38 years ago, the son of Dr. and Mrs. Herman Baldwin. He attended Newton Country Day School and graduated from Harvard in 1921. In 1922 he married Janice Liggett, daughter of Louis K. Liggett. Because of failing health he retired from his brokerage business several years ago and moved to Virginia. He is survived by his widow and four children. His funeral was held on Tuesday and burial was in Warrenton, Virginia.

RUTH H. WIGGIN

Ruth Harriette Wiggin died on January 2 at 8 Norwell rd., Dedham, where for the past 11 years she had made her home with her niece, Mrs. Neil F. Monahan, and her sister, Mrs. Mary E. Hunt, who survives. Miss Wiggin was born in East Boston 95 years ago. She resided for many years in this city, on Tremont st., Newton and Park st., Newton Center. She had been active in the Channing Unitarian Church and the Newton Centre Unitarian Church. Her funeral service was held on Wednesday at Mount Auburn Crematory chapel.

LOUISA HAAK

Mrs. Louisa (Meserve) Haak of 24 Adams ave., West Newton, died on January 3. She was the widow of Henry Haak. She was born in West Roxbury 83 years ago and had lived in this city for 46 years. Her funeral was held on Thursday at the Miller Funeral Parlor in Waltham and burial was in Forest Hills cemetery. She is survived by a son, George M. Weatherbee, with whom she resided.

THE WEEK IN NEWTON SPORTS

ICE TEAM IMPROVES
THOUGH CANTABS WIN

Newton High tied and lost in its two hockey games at the Boston Garden last week in the Greater Boston Interscholastic Ice Hockey league competition. On Wednesday the Newton sextet took a 2 to 0 lead over Belmont in the first period only to have their opponents knot the count with tallies in the second and final sessions. On Saturday Newton lost a 1 to 0 decision to the Cambridge Latin six in a contest which saw the orange and black holding a distinct advantage over the Cantabs in every department of the game except scoring. The week's play saw Arlington High stepping out into the lead in the race for championship honors but its tie with Stoneham on Wednesday kept them from taking too commanding a lead. Cambridge, Belmont and Stoneham are deadlocked in a tie for second place with Melrose close on their heels. Medford is knotted with Newton for the next position with Rindge holding the cellar berth.

Coach Johnson of Newton started the same line-up against Belmont that opened the league campaign in the Stoneham affair. Cliff Goodband made some fine saves in the first two minutes of play which was almost continually in the Newton zone. Alex Skene and Jack Holter at defense gave out numerous body checks. Bud Hurley and Bill McLellan, Newton wings, teamed up to score the first Newton goal with Hurley scoring on a perfect pass from five feet out. Newton forced the play when Donahue of Belmont was penalized for tripping. Al Everts, Newton's spare forward, scored Newton's second and final tally on a pass from Jack Holter after ten minutes of play.

The second period was listless with no penalties and only Henry's unassisted goal for Belmont for excitement. The third period had hardly opened when McLellan went to the penalty box for tripping and a few minutes later was followed by Holter for a high stick. Belmont tied it up after Holter returned to the ice with Westlund scoring on a pass from Henry, tying the score. Both teams

strived to chalk up the winning tally but without avail. Newton sent five men down the ice and Belmont waited for Newton to get caught napping but neither strategy was productive.

Against the Cantabs on Saturday Newton had everything it needed to win but for Captain Phil Carey in the Cambridge goal. His repeated saves kept Newton at bay and Rogers and Boudreau teamed up to beat Goodband in the Newton net in the second period. In this game Tom Dugan started at centre with Jack Carder at left wing and McLellan, playing on the second line. Alex Skene played his third full game at right defense. Holter played his second full game in a row.

Skene drew his first penalty of the season for a leg check in the centre zone and a minute after taking the ice started a pile-up in back of the Cambridge goal. In this same period he almost tallied when he soloed right in on goalie Carey but tripped as he was about to let go a shot.

Newton looked better in the second period but couldn't capitalize even when Mahoney of Cambridge went to the penalty box. Cambridge carried the play into Newton ice and Rogers scored on a pass from Boudreau.

The third period was a repetition of the second with the exception of scoring. Hurley received a penalty for tripping. Newton used five men rushes but couldn't get the equalizer. Showing at their best Newton hopes are high for continued improvement and victory over Medford in tomorrow's game.

where it was stopped by W. E. Glover, who kindly drove Miss Howard home.

Some misguided but earnest Auburndale person sent a batch of quotations against holding fairs in churches to one of the ladies connected with the Methodist Church fair. Had the writer been posted, she would have known that the fair was held in Auburn Hall and not in the church.

Frequent accidents to skaters on Crystal Lake lately have suggested the desirability of some kind of apparatus within convenient reach to rescue those who break through the ice.

West Newton Boy
Strays From Home

Peter Munroe, 8, of 42 Elliot ave., West Newton, was reported missing last Friday evening. He was found later in the night near the Middlesex Fells Reservation in Winchester, when he was observed looking in the window of a house. The child is deaf and dumb, and his name and address were attached to his clothing. He was taken to the Winchester police station and treated for frostbites on his hands, arms and legs. His parents were notified and went to Winchester at once. How the boy travelled such a distance is not known.

Fined \$50 For
Drunken Driving

John Robinson of Dudley rd., Cohasset, was fined \$50 in the Newton court last Friday for driving a car while under the influence of liquor. He was arrested on the night of December 14 by Patrolmen Slavin and Halloran on the Worcester turnpike.

John Clark of Audubon rd., Wellesley, was fined \$25 by Judge Mayberry in the Newton court last Friday for failing to stop when signalled to do so by Sergeant Bannan. A charge of speeding against Clark was placed on file.

Took Life-Saving
Ladder, Fined \$25

Robert Lee, 19 Harris st., Brookline, was fined \$25 by Judge Mayberry in the Newton court on Thursday for repeatedly taking a life-saving ladder from its rack at Hammond Pond, Chestnut Hill, and using it as a sideboard for a hockey game. Patrolman Walsh of the Metropolitan police testified that he had warned Lee and other youths several times not to use the ladder for such a purpose. Lee appealed.

Lower Falls Youth
Steals Auto

Frank McDaniels, Jr., 23, of Newton Lower Falls was given a suspended sentence of one year in Bellerica prison by Judge Crafts in the Waltham court on Thursday for attempting to steal an automobile owned by James Bennett of that city. He was captured after a short chase on December 24 after he had allegedly started the car by crossing ignition wires. For driving while under the influence of liquor, he was fined \$35. A charge of driving without a license, was placed on file.

Many of you are familiar with the services rendered to the blind of this country by the "Seeing Eye" dogs. Don't be surprised if you read about the establishment of a school of "Hearing Ear" dogs. Today in North Carolina there is a dog named "Rags" who may be the first of many dogs which will render service to the hard of hearing.

Rags already acts as the ears for his master, Fred Lewis of Aberdeen, N. C. Not only is Mr. Lewis able to hold his present position through Rags, but the dog is an essential unit in the city government personnel.

Mr. Lewis was born deaf, but his affliction did not hamper him in becoming an expert mechanic. A few years ago he was put in charge of the pumping station of the city water department. At first his efficiency was greatly impaired because he could not hear the machinery, but Rags has changed all that.

When Lewis starts the pump engines, the dog—who is his constant companion—starts chasing after his tail. He will whirl around in a circle a few times and then lie down. But if the pump should stop or make some unusual noise, the dog jumps up and starts to chase his tail again.

Many times he has warned his master that all was not well with the machinery, enabling Lewis to stop the pumps and make minor repairs before greater damage disabled the water station entirely.

With the uncanny sense that dogs possess, Rags knows when the pump is not working correctly. Without his assistance his master probably would not have charge of Aberdeen's water pumping station.

On Christmas Day many a home received a puppy as a gift. In answer to numerous requests for information regarding the care of a new pet, here are a few suggestions:

Never bathe a pup until he is at least four months old. Nor at that age does your puppy require a bath every few days, nor every week. Unless unusual circumstances warrant it, a puppy should not be bathed oftener than once every six weeks or so, and great care taken to avoid cold. Personally, I feel that a dog is better off if he is not bathed—a good brushing will suffice ordinarily.

Worms—Yes, almost every puppy has worms but that doesn't mean you should worm him continually. Less dogs are killed by worms than by too frequent doses of worm medicine—often the wrong type and amount.

If your puppy has round worms—they are the type most prevalent in young dogs—don't feed him for twelve hours prior to dosing. Unless you have had experience with dogs, I strongly recommend that a veterinary examine your pet and prescribe the proper type and amount of medicine. I have my own puppies examined for worms about every six weeks during

the first year. If your new pup was not wormed by his former owner, have him examined by a veterinarian.

Next week I shall discuss what is perhaps the most important question confronting a new dog owner: What to feed him.

The fog was so thick in London recently that six Greyhounds racing at the North London Greyhound Track became lost.

The dogs got off to a beautiful start and disappeared around the first turn in pursuit of the mechanical rabbit. In a few minutes the elusive bunny flashed over the finish line, but the pack of pursuing dogs was missing.

Kennel boys were sent out to find the dogs and discovered them milling about on a far curve lost in the fog.

When John Rogers died a few years ago, his dog "Scotty" was given to a friend. Scotty quickly became acclimated to his new surroundings and seemed happy with his new owner. Last summer the dog became very ill. The best medical care was given Scotty but one day he disappeared. The next morning the caretaker of a local cemetery discovered the body of a dead dog on top of one of the graves. It was Scotty, who had crawled to the grave of his former master. So far as could be learned, the animal had never been near the spot before. Did his canine brain send him there in search of aid, or did he realize he would not recover from his illness and attempt to join his first love and former master in death?

Question: What can I do to promote the development of my dog's coat? Is there something I can feed him that will help?—L. R.
Answer: Brush him daily with a stiff brush. Include in his diet the yolk of an egg once or twice weekly. A small amount of cod liver oil every other day mixed in his food will also be helpful. The condition of a dog's coat acts often as a barometer of his general condition. A dog infested with worms usually has a dull coat.

Question: Where is the largest dog show held and when?—T. E. W.
Answer: The Cruft Show held in London, England, each winter is the world's largest dog show. The Morris and Essex Kennel Club Show held in Madison, N. J., ranks second.

Explorer Steffansson At Forum Tells Advantages Of Arctic Route to Orient

Large Audience Hears Interesting Talk on Commercial and Military Aviation and Its Future Development

Air travel has created a new frontier to the north of the United States, Vilhjalmur Stefansson, explorer and aeronautics adviser for the government, told 1,000 persons who attended the Newton Community Forum Sunday afternoon in the high school auditorium.

He declared that western cities will be brought 4,000 miles nearer to the Orient by establishing a route across the pole, and that the route from the same cities to Paris will pass over northern Greenland.

The explorer described with enthusiasm the advantages of flight across Arctic seas, asking, "On what other ocean could you walk home after a crash?" He described the experience of Sir Hubert Wilkins who made forced landings on the ice three times in one day, and then, having run out of gas at the time of the last descent, walked 100 miles across the Arctic Ocean to the Alaskan shore.

There is no part of the area without landing spaces within an average distance of five miles, Wilkins reported. Stefansson said that half of northern Canada has frozen subsoil and is therefore dotted with lakes that provide emergency landing surfaces. Other advantages of Arctic flying include less frequent ground winds, fewer clouds, moonlight reflected from the snow for 14 nights in each month.

"The Arctic has ceased to be a barrier and has become a broad highway," the speaker stated. "Except in the Soviet Union the northern part of our own continent is the only place where commercial aviation pays its own way in contrast to the subsidies which support flying in other countries."

"It does not pay to fly in the service of 9,000,000 people in southern Canada along our boundary, but it does pay to operate planes in behalf of a half million in the north. There they annually carry poundage greater than is carried by planes in the service of 130,000,000 persons in the United States."

He said that northern air lines carry mail at a loss, so keen is the competition. The main reason for the development of air lines has been lack of railroad and bus service. Even the Esquimaux fly and save money. It costs three times as much to go from Nome to Fairbanks by dog team than by plane, and takes three weeks instead of half a day.

Because of the numerous landing places the mortality rate in the north is lower than domestic aviation. During the first 30 trans-Atlantic flights one-third of the aviators were killed, but during the first 30 trans-polar flights there were no fatalities.

"The Arctic Ocean is easier to cross than the Mediterranean during the winter," he continued. "It is an easier approach both for peaceful travel or for war. The route to Tokyo will be cut from 10,000 miles to 6,000 miles when the military and foreign policy of the United States allows cooperation with Canada and Russia to establish a route."

"From the military point of view we must be ready to defend Alaska, and ready to collaborate with the Soviet Union in case they are our ally against Japan. I do not think I am revealing a secret when I say that the War Department intends to build the first of the Wilcox air bases in Alaska."

The speaker described three Russian flights across the pole and the search that was carried on for the last plane to start from Moscow to the United States. He said that Russian planes fly across the pole at will in routine trips for weather observations.

"They make good planes, almost as good as our own," he said, "and they have good fliers. But any great power in the world could duplicate those flights if they wanted to."

Tricky Thieves Rob Coal Office

The B. S. Hatch Company coal office at 79 Union st., Newton Centre, was robbed of \$162 shortly before noon last Saturday when the bookkeeper, Miss Margaret Lane of Walnut st., Newton Centre, was lured out of the office. A confederate of the thief telephoned a nearby store and said that the driver of one of the company's trucks had been injured and was in a Boston hospital. He said he had tried to get the office by phone, but had been told the office phone was out of order. Miss Lane went to the gift shop to which the phone message was sent, only to find that the person calling had hung up. Upon returning to the coal company office, she found that the cash drawer had been looted.

Newton Ambulance Is Disgrace To City

Last night at the regular monthly meeting of the Newton Safety Council, held at Police Headquarters, Alfred Miner of Newton forcefully described an accident which he witnessed recently in Newton. Two people were to be taken to the hospital. Each had broken bones. The ambulance, which is said to have been made over from the chassis of a Ford truck, arrived and was so small and so poorly equipped that one of the injured had to be placed on the floor of same. Dr. Sawyer and others spoke on the subject, and all agreed that the ambulance was a disgrace to a city as wealthy as Newton.

Richard J. Dunn, Vice President of Lumbermen's Mutual Casualty Company, was chairman of the meeting. He reviewed the history of the police committee of the Newton Safety Council.

Sergeant Thomas Burke, who is in charge of the Newton Accident Bureau was introduced by Chief Michael Hughes. Sergeant Burke in analyzing the accident record at hazardous intersections during 1937 and 1938 brought out the following points:

Worcester Turnpike at Woodcliff rd.: 1937—8; 1938—4.

Washington st. at Walnut st.: 1937—8; 1938—5.

Washington st. at Jackson rd.: 1937—7; 1938—5.

Center st. at Walnut st.: 1937—7; 1938—1.

Washington st. at Elm st.: 1937—5; 1938—1.

Adams st. at Watertown st.: 1937—5; 1938—2.

Washington st. at Dunstan st.: 1937—4; 1938—0.

Sergeant Burke contended that these accidents were reduced by stricter police surveillance at these points plus signs and work done by the Street and Engineering Departments. In 1936 there were 12 fatal accidents. In 1937 there were 12, and in 1938 there were 3 fatal accidents. This is the best record in 14 years.

The National Safety Council a few days ago released a bulletin showing that Newton, Massachusetts and East Orange, New Jersey, had the lowest traffic death rate of any cities of their size in the entire United States.

Fifty-four persons were brought before the Newton District Court for operating under the influence of intoxicating liquor, and 96 per cent were found guilty.

Inspector Hamel then described the entire workings of the Traffic Bureau. A talk was made by Lieutenant Lyons of the Brockton Police Department and by Mr. Goodnow of the Massachusetts Safety Council. The meeting was then turned over to President Daniel Needham of the Newton Safety Council who introduced many visitors from nearby cities who are interested in traffic safety.

The February meeting of the council will be conducted by Alfred Miner and Charles Warren.

Fewer Deaths In Newton in 1938

The report of the Newton Health Department for 1938 was submitted to the Board of Health on Monday night by Dr. Harold Choate, Health Officer. The number of deaths in Newton in 1938 was 654; in 1937 the number was 682. Births in Newton in 1938 totalled 759; the 1937 total was 683. For the first time in the history of the city there was not a case of diphtheria during the year. There were also no cases of typhoid fever or infantile paralysis. Other communicable diseases also showed an appreciable decrease as the following table shows:

	1938	1937
Chickenpox	309	299
Spinal meningitis	1	2
Lobar pneumonia	83	90
Measles	97	117
Mumps	46	325
Pulmonary tuberculosis	19	38

Mayor Tobin To Speak at High School

Newton Taxpayers To Hold Public Mass Meeting

Mayor Tobin of Boston will give his views on the problem of sky-rocketing taxes at a public mass meeting to be held on Tuesday evening, January 17 at 8 P.M. in the Newton High School, under the auspices of the Newton Taxpayers' Association. Mayor Tobin will be welcomed by the Honorable Edwin O. Childs, Mayor of Newton.

Other phases of the tax problem will be discussed by Mr. Norman MacDonald, Executive Director of the Massachusetts Federation of Taxpayers Associations, who will speak frankly about State and Municipal tax affairs. Mr. Charles Floyd, President of the Newton Board of Aldermen, will discuss the Newton tax problem in detail. Mr. Leon B. Rogers, President of the Newton Taxpayers' Association, will preside and introduce the speakers.

Mr. Rogers points out—"the average private citizen has curtailed on every side, cutting off many activities which are useful, sound and to which, perhaps, he has long been accustomed. Since the municipal pocketbook is the sum of the individual pocketbooks, it should receive the same careful selective adjustment as has taken place with the individual pocketbook. Only the citizens will demand complete efficiency and close adherence to fundamental necessities will it be possible to avoid an unreasonably burdensome tax rate. The public mass meeting on January 17 will open the campaign in Newton for protection of the citizens' pocketbook."

The Newton Taxpayers' Association, a Chapter of the Massachusetts Federation of Taxpayers Associations, has more than doubled its membership during a recent membership campaign. Its officers, well-known in Newton, welcome all residents of the City to join in the movement to protect their purse.

Beck To Speak To Parents Here

Next Monday evening, Jan. 16, at 8:15, Mr. Cameron Beck will speak to parents in the Newton High School Auditorium on "A Closer Relationship Between the Schools and the Community." Mr. Beck, formerly the personnel director of the New York Stock Exchange, has had unusual practical experience in directing and counseling youth in one of the largest organizations of its kind in the world. An inspiring speaker, he has devoted all his time in recent years to lecturing. A brief music program will precede Mr. Beck's address at 8:15. There is no admission fee and no tickets are required.

Pupils in Newton High School will have an opportunity to hear Mr. Beck at two assemblies arranged for the same day. He will also attend the Rotary Club dinner on Monday and be the guest speaker. Arrangements for Mr. Beck's visit and very full day have been made by Mr. Paul E. Elicker, Principal of Newton High School and President of the Rotary Club of Newton. Mr. Beck, who has been heard at Newton High in other years, is certain of a hearty welcome by the people of our community.

Roman Candle Sets Fire In House

A child lighted a Roman candle in a bedroom at the home of Emil Wenzling, 210 Bellevue st., Newton, on last Friday noon at 12:25 and the fireworks from the candle set fire to curtains and the bed in the room, causing more excitement in the vicinity than existed on July 4th. A telephone alarm brought Engines 1 and 8 and Ladder 3. The fire was confined to the room in which it started.

At 5:58 p. m. last Friday, a still alarm brought Engine 6 to the home of Carl Bradford at 32 Somerset rd., Waban. A defective oil burner had caused considerable smoke.

Yes and No on \$250,000 Surplus

A newspaper item on Wednesday contained the following statement:

"New city officials were exultant today over reports that the city surplus, over and above last year's expenditures, would reach \$250,000."

"The large surplus is expected to prove an important factor in the fight to prevent a substantial increase in the tax rate. It is estimated that the amount is more than \$100,000 greater than the surplus remaining at the close of 1937."

"Unexpended funds appropriated for the various city departments last year, together with the gasoline taxes and other receipts from the state, combine to form the surplus."

The news item continued by saying that Comptroller of Accounts Daniel White said that because the 1938 financial accounts of the city have not been closed yet, he was unable to state the exact amount of the surplus, but he confirmed the report that it would approximate \$250,000. It was also explained that included in the 1938 emergency welfare loan and this will be used for welfare purposes this year.

Alderman Donald McKay, chairman of the Finance Committee of the Board of Aldermen, in commenting on the reported \$250,000 surplus, stated yesterday that Newton taxpayers should not rejoice prematurely over this alleged, roseate financial condition of the city. He called attention to the fact that a \$228,000 surplus which existed in the Water Department was diverted last year to the general fund of the city; that an emergency loan of \$113,000 was made to repair hurricane damages; a loan of \$150,000 was made late in the year for welfare purposes, and also a loan on tax-titles of \$195,000. He said these loans and the diversion of the Water Department surplus total \$686,000, which must be reckoned as offsetting the \$250,000 surplus.

Mr. McKay referred to the last paragraph of the newspaper article mentioned above which read:

"City officials regarded the large surplus as a refutation of a letter reported to have been written to a Boston banking firm by a Newton man to the effect that the city's financial condition was not as sound as has been claimed. The banking concern in question had granted loans to the city."

McKay said: "This is obviously a reference to my address before the West Newton Men's Club. In response to many requests, copies of the address were given out. I wish that those who refer to such matters would have the courage to identify themselves." To clarify his position Alderman McKay quoted the closing remarks of his address before the West Newton Men's Club, in which he said:

"Newton enjoys the best credit rating of any city in Massachusetts and few in the United States surpass it. But it will hold that position only as long as intelligent effort is constantly applied. Your interest is assurance you will not let Newton slip."

City Must Pay Mahoney Salary

In the Newton court on Tuesday Judge Weston decided that the City of Newton must pay \$76.93 to the estate of the late Charles A. Mahoney, former Newton street commissioner, who died suddenly last July. Mr. Mahoney died on a Saturday as he was about to start on his annual vacation pay. Because of this the Comptroller of Accounts of the city did not believe he had the authority to pay the estate for the last week that Mr. Mahoney worked, and the City Solicitor ruled that the city did not have to pay the week's salary. Attorney Thomas Ryan represented the Mahoney estate.

Strikers Disable Truck at W. Newton

Monday morning about 4:30 a truck owned by the Lookout Farm of South Natick and driven by Charles Haley, was disabled by a group of men at Washington and Auburn sts., West Newton, when they removed the motor from the mechanism. Haley told the police that the pickets first stopped his truck at the Brighton-Watertown line and forced him to turn back. When he tried to telephone from Watertown, they prevented him from doing so. The strong-arm group then followed him from Watertown to West Newton, and disabled the truck about a third of a mile west of police headquarters.

Playground Com. Members Say Superintendent Hermann Must Retire Next March

Chairman Henry States Erroneous Impression Given Before Formal Action Has Been Taken

On Tuesday, January 10 a newspaper article was published which contained a report that was to be made that night at a scheduled meeting of the Newton Playground Commission by a sub-committee which had been appointed on program and personnel. The sub-committee is composed of Lyseum A. Bruce and Mrs. Theresa Marshall. The report was stated by the sub-committee to be based on a survey made last year in Newton by Weaver Pangborn, a representative of the National Recreation Association. In the report the sub-committee states that Ernst Hermann, who has been Superintendent of Newton Playgrounds for years, and who has built up the playground system in Newton, must retire on March 13 because he will then have reached the age-limit of 70. Included in the report is the following:

"We gladly confirm the commendatory statements made about Mr. Hermann by Mr. Pangborn. For all that he has done for Newton as superintendent of the Playground Department since its inception, we are, and all Newton must be most grateful."

Requires Full Time
"His development of the Department, its grounds layout, equipment and staff have brought about a situation which, as Mr. Pangborn points out and with which statement your sub-committee is in hearty accord, now requires a full-time year-round superintendent."

"It is not possible for your sub-committee to recommend that the position, starting Jan. 1, 1939, be offered to Mr. Hermann, as much as it might like to do so. Mr. Hermann reaches the age limit of 70 on March 13, 1939, and he must retire and take his pension according to the terms of the pension law."

"That the sum of \$1,000 be included in the 1939 budget of the Playground Department to pay Mr. Hermann's salary for the first four months of the year, which is \$250 a month."

"That the sum of \$3,000 be included in the 1939 budget of the Department to pay for a new, full-time superintendent who shall take office April 1, 1939, in order to be acquainted with the entire Department under Mr. Hermann's guidance for the first thirty days after he is appointed."

"That your sub-committee be empowered to prepare a list of candidates for the position as superintendent of the playgrounds."

tendent of the Playground Department of the city of Newton, who, in their opinion, are qualified for the position.

"Such a list shall have not less than eight names and shall be submitted to the Playground Commission at its February, 1939, meeting."

The sub-committee report contains the following summary of Pangborn's survey recommendations:

Change the name to Recreation Commission to conform with present scope of work.

Maintain the authority for the administration of program and supervision of staff in the superintendent expecting him to follow Policies adopted by the Commission.

Create a city-wide Advisory Committee consisting principally of laymen and laywomen.

Personnel
There should be a full time year round Superintendent of Recreation. Reduce district supervisors to three. Cut off numbers of less qualified apprentices.

Have one full time craft supervisor and one full time dance supervisor. Secure efficient part time workers wherever they can be found.

Utilize volunteer and paid specialists in drama, music and nature activities.

Training
Establish an annual required training course for all members of the staff. Build up the skills and understanding of the playground directors and assistants. Vitalize district staff supervision and staff conferences.

Facilities
Unless the School Committee proposes soon to erect a modern school building, with a recreation unit in Thompsonville, construct a recreation center building with gymnasium and stage for this village.

Plan undeveloped areas primarily with an eye to the interests of young people and adults rather than children under 15.

Extend sanitary facilities. Make neighborhood centers more attractive.

A PROMISE FULFILLED

A new Governor of Massachusetts took office but eight days ago, and was immediately confronted with one of the most trying experiences any person in a position of responsibility might be called upon to face. And the problem had to be met despite the fact that other important situations also needed attention. The acuteness of the truck drivers' strike would have been seriously felt in another day or so unless efforts to bring the two sides together were successful. Let it be noted here that there was something to be said on both sides. Many drivers have been working under conditions which needed improvement while many employers have been hard pressed to keep their businesses going. Governor Saltonstall's part in the drama, was perforce, a prominent one, but in his characteristic manner and with his usual democracy he once again proved his fair-mindedness as well as his courage and ability. In justice to the striking truck drivers it is to their credit that they harkened to the appeals of the Governor and their elected leaders. Obviously the principal factor in bringing about an agreement was Governor Saltonstall's presence at the mass meeting which inspired faith that he would fulfill the promise of a fair consideration of labor's problems.

Republican Club Receives Its Charter

A charter for the operation of a Young Women's Republican Club in Newton has been granted to a group of young ladies last week. The club held its first regular meeting Wednesday evening, January 4, in the home of Miss Zelda McIntyre, 249 Highland st., West Newton, and elected the following officers: Miss Lucille Knight, president; Miss Zelda McIntyre, vice-president; Miss Dorothy Rolfe, secretary; Miss Frances Capodanno, treasurer; Miss Elizabeth Rogers, auditor.

A talk was given by Mrs. Endicott P. Saltonstall of Chestnut Hill, who represented the Massachusetts Women's Republican Committee. It was announced that the club received the official endorsement of George W. Schryver, chairman of the Massachusetts Republican Committee. The club plans to meet monthly when members will hear addresses by prominent people. The next meeting will be held Wednesday, February 15, at the home of Miss Ruth Filbin, Perkins st., West Newton.

SARAH HULL CHAPTER, D. R.

Sarah Hull Chapter, Daughters of the Revolution, held the third meeting of the winter, on Wednesday, January 11th, at the home of Mrs. Francis Murdock, 261 Centre st., Newton. Mrs. Albert B. Hinkle, Jr., the Regent, called the meeting to order at 2:30 p. m. After the salute to the flag, a short business meeting was held. Then Miss Grace Weston spoke to the chapter on "The Origin of Superstitions," and gave many interesting and instructive facts. The lecture was enjoyed by all. A social hour followed, the hostesses of the afternoon were Mrs. Robert S. Bushnell, Mrs. Edward A. Cahill, Mrs. Everett W. Crawford and Mrs. Robert J. Estabrook. Ice cream and cake were served with Mrs. Wm. F. Bacon and Mrs. Albert B. Hinkle, Jr., serving.

BOY SCOUTS

The meeting of Troop 5 was held in the Newton Centre Playground House last Tuesday evening. After the opening ceremonies the Panther Patrol introduced a new knot to the troop. This was followed by some announcements by former scoutmaster Ralph Emery, concerning the Parents' Night program on February 4th.

Henry Lambert, assistant scoutmaster, gave a short instruction period on the compass, showing how to use it and explaining its points.

A bit of entertainment was provided by Donald Van Roesen of the Beaver Patrol, who led in a number of games. The patrol standings in the contest were given by the Scoutmaster, Frank Paquin. They were as follows: The Panthers in first place, then the Stags, Eagles and Beavers.

The Eagle Patrol will be at Nobscot next week-end under Richard Means.

Newton Men In Return Chess Match With Weymouth

The Newton Chestnuts, a group of business and professional men, played a return chess match with the Weymouth Chess Club Saturday evening. They were the guests of Dr. Guy M. Winslow at the new gymnasium building of Lasell Junior College in Auburndale, of which Dr. Winslow is president.

Newton won 7 to 3, winning 55, drawing 4 and losing but one game. The Weymouth players were: Captain William J. Hodges, Robert A. Joyce, Arnold R. Lasse, Harold Noreen, N. Perry Sippel, H. Packard, Roy Gaffney, George Nute, Charles Holbrook, H. W. Brown.

The Newton Chestnuts are: Dr. Guy M. Winslow, Host; Norman E. Ward, William Richardson, William G. Loring, Judges Thomas Weston, Leslie H. Allen, Dr. Brewer Eddy, Dr. Cameron A. Rae, Carl S. Crummett, Dr. Denton G. Nutter, and Howard D. Sharpe. Newton winners were Ward, Weston, Allen, Eddy and Rae, with Richardson, Loring, Crummett and Sharpe earning half points for draw games.

Girl Scouts

On Saturday, Jan. 21, at 8:00 p. m., at the Woman's Club the Newton Centre Girl Scouts will present Hedda Ballou, recently of Vienna, in a piano recital. This is the annual undertaking to raise funds for the care of the girl scout cabin at Camp Mary Day and general running expenses of the seven troops in the Centre. In addition to Hedda Ballou there will be glee club singing by girls from Troop 30 under the leadership of Miss Claire McCarthy. The girls of Troop 3, under Mrs. Kenneth Crofte, will act as ushers. At the present time there is a contest among the remaining five troops: Troop 40 under Mrs. Arthur Saffel, Troop 16 under Mrs. Edith Harris, Troop 23 under Mrs. Chester Bolser, Troop 27 under Mrs. Alexander Standish, and a new troop yet unnumbered under Mrs. Peter Reuter, to capture the prize for selling the most tickets. The activity is under the guidance of the Newton Centre Girl Scout Village Committee and under the direct supervision of Mrs. Reuben Gryzmish with Mrs. Warthing West acting as cashiers. The Village Committee consists of: Chairman, Mrs. Alexander Standish; Vice Chairman, Mrs. George Waterman; Treasurer, Mrs. Willis Clough; Council Delegate at Large, Mrs. Reuben Gryzmish, and the following troop representatives, Troop 3, Mrs. C. O. Dustin; Troop 16, Mrs. Richard Cole; Troop 23, Mrs. C. E. Lawson; Troop 27, Mrs. William Breed; Troop 30, Mrs. George Sheehan and Troop 40, Mrs. Thomas Spiro.

55 YEARS AGO

Newton Graphic, Jan. 5, 1884. The Newton City Clerk recorded 197 marriages and 251 deaths in 1883.

There were fewer New Year calls and receptions than usual this year.

The Poor Department's expenses the past year exceeded the appropriation by about \$1200.

The Free Library expenses the past year were just a cent less than the appropriation of \$8500.

Rev. F. B. Hornbrooke is confined to his house by a slow fever which will keep him in for a week or more.

The sidewalks about the city have been in a dangerous slippery state the past week. The police have served notices on numerous abutters to clean their walks, and in most cases the warnings have been heeded.

The New Year came in with a heavy rainstorm which made both Tuesday and Wednesday disagreeable. Cold weather came back Thursday and this (Friday) morning, the thermometer stood at 3 above zero.

The Newtonville Methodists held their regular social on Thursday evening at the residence of Leon Carter, attending in large numbers and having a particularly good time.

By a strange coincidence on the same day Patrick Walsh was killed by the cars at Newtonville, his brother was killed at New York by falling from a staging.

The trustees of the Read Fund, George Bullens, Alden Speare and George Lord, reported at Friday night's meeting of the Board of Aldermen that the principle received by the City Treasurer from the fund on July 1 was \$39,700; interest received on January 1, \$568.27; total, \$40,268.27, all of which is deposited in the National Reserve bank of Boston at 3 per cent interest.

The club swinging contest on Monday night between William O'Callahan of Hopkinton, and Thomas Price of West Newton for \$50 a side was declared a draw by the referee.

The West Newton Unitarians are still trying candidates for their pastorate and seem in no hurry to decide. In fact, those who like novelty rather enjoy hearing a new minister every Sunday. The committee hoped to secure Rev. E. B. Payne of Springfield for a trial, but he accepted a call to Manchester, N. H. Next Sunday Rev. John Heywood of Cambridge will preach.

50 YEARS AGO

Newton Graphic, Jan. 4, 1889. The Yale Apollo Glee and Banjo Clubs gave a fine concert in Eliot Hall, Newton, last Saturday night before a crowded house. It is hoped to have the Harvard Glee Club here during the audience. It would be sure to draw an immense audience.

New Year's calls were made and received in Newton quite as generally as in past years. One popular young lady counted up 75 callers, and this is believed to have been the greatest number at any informal reception.

Mr. Frank Wetherbee reached his majority on Tuesday evening and the event was pleasantly recognized by numerous friends who gathered at his residence on Thornton st. The usual social features were enjoyed and the Waban Racquet Club presented him with a handsome desk.

The project of heating the Newton & Watertown to Boston horsecars has been given up after a short trial. There was much complaint of bad ventilation, one lady burned her dress, another burned her hand, and altogether the stoves caused so much trouble that they were taken out, and passengers were now freeze in comfort. The company was not very zealous, and so was easily discouraged. With so much mild weather as we have been getting, heat is not such a necessity in an ordinary winter.

By the rolling of carriages through the otherwise silent streets of Newtonville at the witching hour of midnight on New Year's Eve, it would seem that the old custom of making calls is still prevalent.

Leverett Saltonstall of Chestnut Hill, Collector of the Port of Boston, had a very pleasant reception at the Custom House on New Year's morning. He found his desk surrounded by a high bank of flowers, surrounded by the Saltonstall coat of arms, and with it a card containing the best wishes of the employees in the collector's department. At 9 o'clock all the employees came to wish him a Happy New Year, and a large number of Boston's leading merchants were also present. Major Cook made a speech referring to the excellence of Mr. Saltonstall's administration, in which he said: "You have taught us that the surest way to official recognition lies by that pathway of integrity of character and official faithfulness, which alone deserves it." Such a high compliment was well deserved and shows that the Custom House has been something more than a political machine under the present collector, of whom Newton may well be proud.

Powers' Paragraphs

More than once in the past the editor of the GRAPHIC has published the fact that he does not coincide in all the opinions I express in this column. Conversely, I do not write the editorials in the GRAPHIC. This explanation is made because the writer at times has received praise from persons who supposed he wrote this or that editorial, and at other times he has received censure because of some editorial.

Governor Saltonstall is to be congratulated on his part in settling the truck drivers' strike. It was a serious and embarrassing thing to occur in the first week of his administration, but, it redounded to the Governor's advantage. It gave him an opportunity to refute the charge made against him frequently in the recent campaign—that he is unfriendly to labor.

We do not, however, approve of the Governor's statement to the strikers on Tuesday night when he practically exculpated them of responsibility for causing the death of John Pimental, who died of heart failure at Sharon on Monday when he was attacked by a group of alleged strike pickets. When a dozen or more husky men gang and assault a 54-year-old man, such thuggery should be severely condemned. No matter by whom it is perpetrated, if Pimental had collapsed from fright before he was pulled from the truck and beaten, those who attacked him were guilty of the brutal crime of assaulting a dying man. The strikers and their sympathizers were accorded plenty of latitude without resorting to violence of this type.

With millions of persons on relief and more millions not on relief existing on greatly diminished incomes, a strike of men obtaining a fair week's pay does not arouse such public sympathy as it would in normal times. There is no question but that most truck drivers work hard and earn their pay. It is also generally admitted that a large percentage of truck drivers have been working too long hours.

Senator Henry Cabot Lodge, Jr., received considerable publicity the past week. His photograph was published showing him attending the "red mass" at the Catholic University in Washington, another photograph of the Senator was in the papers in connection with his trip to Maine to plead with the Governor at that state to release C. I. O. members who were thrust into prison there; and the newspapers contained articles of the Senator's efforts to have citizens of the Irish Free State freed from renouncing allegiance to the King of England when they apply for naturalization in this country. And then the young Senator was nominated as one of the candidates to fill vacancies on the list of the Board of Overseers of Harvard. Senator Lodge is surely becoming more and more of a public figure.

Last year we advocated several times in this column that the City

Italian-American Catholic Club To Hold Election

On Friday, January 13, the Italian-American Catholic Club will hold elections. The following points must be observed.

1. The voting starts at 7 p. m.

The following nominees for president are—Paul Mosca, Joseph Galletti, Dominic Barisano, Carmelo Piantedosi. Vice-President: Francis Leone, Patrick Lombardi, Louis De Stefano, Michael Derosa. Secretary: Vincent Antonelli, Dominic Piantedosi, Anthony De Jize, Anthony Pelligrini, Treasurer, John De Simone, Francis Cedrone, Clarence Bianchi, Nicholas Paradiso.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

Chimney Corner Chat

Having opened the subject of happy memories of Winter diversions, I have no cause and no desire to resent a question as to how long my white beard has grown in these 80-odd years. I'll admit it does sound patriarchal to indulge in reminiscence and furthermore that when we do, we may expect jibes. Thus far I have made my daily journey between home and type-writing machine without the use of a limousine or the application of Shant's liniment to my joints. And while I'm here I repeat that looking backward at the good times I had as a boy in Newton is still fun. Furthermore, nothing is going to stop me no matter how ancient I may appear.

Unhappy Reunions

It doesn't require an almanac or volume of general reference to verify the fact that January is a popular month for annual gatherings of various organizations. It is about this time we receive by mail from the secretary a notice that such-and-such a club or society will hold a dinner and election of officers and that Mr. Soandso will make an interesting address. Incidentally we are reminded that payment of annual dues will be expected of us in addition to the price of the ticket.

If we are filled with the fraternal spirit, as many of us often find ourselves, we enjoy meeting again the old grads, former workers or associates or whatever the group may represent. We plan to attend for the purpose of jovial reunion and the prospect is colorful. Sometimes things don't work out as we anticipated and we may go away after a few hours in a critical mood, blaming the secretary, the food or the speaker. In order to avoid unhappy experiences or a state of boredom, I believe that instead of promptly accepting each opportunity, we skip a year or two. By staying away we not only benefit ourselves but we give other people a rest.

When Youngsters Cut Loose

Until last week-end it was not possible for me to make my customary calls at homes of friends where it is always a pleasure to be a guest. Families whose membership includes children were on my list and in visiting them I discovered myself a sort of follow-up man for Santa Claus. I mean that if he were to ask how the youngsters liked the presents he left for them, I could report their hearty appreciation.

Sound Reasoning

As I had expected, it was a profitable experience to have read the valedictory address of Hon. John W. Weeks upon his retirement from the office of Mayor of Newton, delivered Jan. 11, 1904, at the final meeting of the 1903 Board of Aldermen. Recalling his services as U. S. Senator and as a member of the President's cabinet, there were many things that impressed me, especially these words: "I have always been a believer in and am now convinced of its truth after my five years' service here, that the nearer the executive authority in a municipality is vested in one man and he be made responsible for all expenditures and details of government, the better will be the government."

Oriental Go Modern

A letter to this column from John W. Tapper of Newton Highlands says, "I was taken quite by surprise on calling for my laundry at the Chinaman's to be presented by him with an Xmas present in the form of a neat box of tea. Evidently the Orientals have gone modern. The old fellow was apparently grateful for my past patronage as he said he knew me for a great many years and was giving me a Christmas present. It is gratifying to hear of Mr. Tapper's good luck. Other patrons of Chinese laundries tell me they have been similarly favored. My mistake in choosing an Occidental and standing by him for many moons is now apparent. He has never come across with even a calendar—at least not in recent times. He probably reasons that if his customers get all their starch but is coming to them and his prices are not stiff everything should be o.k. doko, whatever that means in Chinese.

BROWN—WILLING

Miss Frances Burland Willing, daughter of Mr. James Willing of 389 Woodward st., Waban, was married to Kirkwood Burling Brown, son of Mrs. Elizabeth Burling Brown, of Waban, at eight o'clock on Saturday evening, January 7, in the Church of the Good Shepherd, Waban. Rev. Stanley W. Ellis performed the ceremony.

The bride who was given in marriage by her father, wore a gown of old fashioned ivory satin and a long veil caught to a cap of rose point and duchess lace by a cluster of orange blossoms. Her bouquet was of roses, lilies of the valley and baby's breath. She was attended by Miss Mary Stephen of Waban as maid of honor, who wore woodrose taffeta with a cap of rose velvet and ostrich plumes and carried spring flowers. Miss Patricia Willing, a niece of the bride of Winchester, was the flower girl. She wore a frock of blue taffeta, a small cap of spring flowers on her hair and carried an old fashioned nosegay.

Alfred Kroll Brown, Jr., of Newton was the best man. The ushers were Kenneth Hallett of Hingham and James B. Willing, of Winchester, brother of the bride.

A reception was held at the Brae Burn Country Club. Mrs. Willing, step-mother of the bride, wore black silk and gold metal cloth with corsage of bronze orchids. Mrs. Brown, mother of the groom, wore a wine velvet with a corsage of green orchids.

On their return from a wedding trip Mr. and Mrs. Brown will reside on Larchmont ave., Waban.

Fined \$50 For Reckless Driving

Vernon McLaughlin, 64, of Main st., Walpole, was fined \$50 by Judge Mayberry in the Newton court last Friday for driving a truck so as to endanger the lives of the public. On December 24 a truck driven by McLaughlin went onto the sidewalk near 36 River st., West Newton, and hit Arthur Wallace, 10, of Raymond pl., injuring the boy. Inspector Hammell testified that the truck's tire marks show that it went onto the sidewalk and almost struck a tree. McLaughlin said that the truck skidded when he shifted the gear into high. He at first appealed, but then agreed to accept the decision.

Ex-Gov. Hoffman To Speak Jan. 18

Former Governor of New Jersey, Harold G. Hoffman, will give an address at the Hovey Memorial Hall in Waltham on Wednesday evening, Jan. 18. The doors will be open at 7:30 that evening. The former governor will deliver his address following a concert by the Waltham High School Orchestra which will begin at 8 p. m. Admission to the hall will be fifty cents, and the reserved section will be sold for one dollar.

The Hon. Harold G. Hoffman, ex-governor of New Jersey, is one of the few government officials, who in spite of opposition and criticism fought a fight to the finish for his ideals and standards, and as a result, has behind him a career of achievement worthy of the respect and admiration of every citizen of the United States. The New Jersey Constitution holds that no governor can succeed himself in office, so Ex-Governor Hoffman had to leave the seat he held so successfully, and it is the hope of the people of New Jersey that his successor will carry on his struggle against sham and hypocrisy, his fight for sound governmental financing based upon the belief that every able citizen should shoulder his share of government cost, his care for the needy and for the administration of justice that sees no distinction between the high and the low. Harold G. Hoffman has prepared an excellent start for the man who takes his place in office, and the possibilities are unlimited if his work is carried through.

BUDGET PRICE"**

"Think of it! A full pint of Whiting's Special Cream, for just a few cents more than you pay for a jar of heavy whipping cream. Isn't that just what you've wanted for breakfast, for your coffee and cereal... for puddings, dessert and fruit at other meals? Your budget can easily afford Whiting's cream... a full pint costs so little. It will add a luxury taste, without the luxury cost, to so many dishes that have seemed just ordinary. Remember, too, you can buy Whiting's Special Cream at your grocer's. Ask him for it by name — use it regularly!"

Wm. Cahill Heads Community Fund

William M. Cahill has been appointed community chairman for Newton in Greater Boston's 1939 Community Fund campaign, to be conducted, Jan. 23 to Feb. 7, in 46 cities and towns of the metropolitan area. The appointment was announced today by Louis Kofsky of Belmont, associate chairman of the Metropolitan Division in charge of the West Metropolitan Area. The campaign will be conducted in support of the 114 agencies and federations, comprising more than 150 hospitals, health and social service organizations which reach out with their services to the people of Newton and all other parts of the Greater Boston area.

Mr. Cahill is assembling a corps of local volunteer workers in anticipation of the opening of the campaign in Newton. Several thousand workers from all parts of Greater Boston will attend the mass meeting which will officially open the campaign Monday evening, Jan. 23, at Mechanics Building, Boston.

Automobile Accidents

A car driven by Elmer Keene of Phillips lane, Newtonville, was about to enter the parking space opposite 771 Washington st., Newtonville, last Saturday when it hit a car driven by Amy Bram of 115 Langdon st., Newton. Keene's car collided with a parked car, pushed it onto the sidewalk, and the car which had been parked hit William Ryan of 36 Bridge st., Nonantum, who happened to be passing. Mrs. Bram was reported as having been injured.

A bicycle ridden by Manuel Andrews of 205 Lexington st., Auburndale, collided with a car driven by Earle Lancaster of Brighton at the Highland ave. bridge in West Newton last Saturday evening. Andrews was reported as having received injury to his left leg.

Cars driven by John Gustafson of Cambridge and Eileen Garman of Cedar st., Wellesley Hills, collided last Friday afternoon on the turnpike near Rockland place, Upper Falls. Mrs. Garman and three women passengers riding in her car were reported as having received minor injuries.

A car driven by Rhoda Marriott of Union st., Watertown, hit the rear of a truck driven by Fred McTiernan of Cambridge at Washington and Elm sts., West Newton, last Saturday morning. McTiernan reported that he had received an injury to his neck.

David Cummings, 69, of 127 Eastbourne rd., was hit Monday night while crossing Centre st., near Bowen st., by a car driven by Donald Reed, 26, of Eliot ave., West Newton. The aged man received a severe head injury and was taken to the Newton Hospital in the police ambulance.

Playground Com. Members Say Herman to Retire

(Continued from page 1)

more study to neighborhood conditions.

Require handwork and dancing supervisors to extend their training of playground directors and neighborhood center workers and to curtail their direct instruction of groups of children at playgrounds.

Establish a central shop for craft work and supply sufficient tools for use in the craft program.

Require each playground director to prepare a weekly prospectus of his or her work.

Require playground director to make home visits.

Give relatively more attention to persons 16 or over at playgrounds.

Conduct a varied, high quality neighborhood center program at location with adequate facilities and a demonstration to the entire city.

Use junior high school gymnasiums and the Newton Centre playground building for dances and parties for post-school young people.

Encourage neighborhood councils of lay citizens for Stearns and Thompsonville centers.

Conduct all league sports and community athletics under one year-round plan and greatly extend these athletic activities.

Activities

Appoint a committee of qualified volunteers to analyze the craft program.

Develop a more varied indoor program for adults, particularly for women.

Extend social activities for young people.

Develop nature, music and drama activities.

Encourage family recreation and the development of backyard playgrounds for small children.

Participation

Prepare spot maps for each summer playground showing the residence of registered participants.

Revise program at poorly attended playgrounds in order to enlarge use of area and bring operating costs into line.

Receipts and Expenditures

Prepare a functional budget and study unit costs of all phases of the program.

Allocate a greater share of the appropriation to neighborhood center work and to all activities generally for persons over 16.

Do not permit curtailment of the total appropriation as it has not kept pace with the expanding facilities and functions of the department.

Curial on apprentices and increase the allocation for salaries for additional full time workers.

Public Relations

Develop a plan of year round information including a directory of activities and facilities, a group of volunteer interpreters, conferences on the work of the metropolitan press and talks to clubs and societies.

There was no meeting of the Playground Commission on Tuesday night.

As Chairman Ralph Henry and another member could not attend, Mr. Henry ordered the meeting postponed.

It was hoped that at which the budget would be discussed, he did not want it held unless all 5 members of the commission were present.

Mr. Henry made the following statement:

"The news reports which have appeared in some papers on January 10 and 11 relative to the policy of the Newton Playground Commission, have been based upon information released without the permission of the Commission. As the subject matter of these news reports create an erroneous impression and as no formal action, whatsoever, has been taken by the Commission with reference to the subject discussed in them, I would appreciate the publishing of this corrective statement in order that erroneous conclusions may not tend to become fixed in the public mind."

Lyscom Bruce, chairman of the subcommittee which is to make the published report, stated that he does not know how the newspaper obtained the information it printed.

Barrett is to make a ruling as to whether or not Mr. Hermann will have to retire next March or April.

The suggestion of the subcommittee that it be empowered to prepare a list of 8 or more names of qualified candidates to succeed Mr. Hermann, has been declared to be unacceptable, because if Mr. Hermann should be appointed to succeed him, it is contended that the position would come under Civil Service status, and that an examination must be held.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

Art and Antiques Attractive Topics For Conference

The Art and Antiques divisions of the State Federation of Women's Clubs will conduct an all-day Conference in the Parish House of the Congregational Church, Newton Highlands, on Tuesday, January 17, as guests of the Newton Highlands Woman's Club. This Conference is open to all club members of the Twelfth District.

Luncheon will be served in the Parish House dining-room at 12:30 o'clock. Tickets are 50 cents, and must be obtained before January 14, from Miss Florence N. Marble, 12 Cushing st., Newton Highlands, Telephone, Centre Newton 1612-M.

The program for the day will open at 10:30 a. m., with the usual formalities. Greetings will be extended by the Hostess Club president, Mrs. Malcolm Green. She will present Mrs. William F. Leach, director of the Twelfth District; Mrs. Olaf Hoff, Jr., third vice-president of the State Federation, and adviser to the division of Art; Mrs. John F. Capron, of Newton Centre, adviser to the division of Antiques; Miss Eleanor Hudson, chairman of the Preservation of Antiques division; and Mrs. Walter Stroncher, chairman of the division of Art.

At 10:45 o'clock, Mr. Reginald Chandler is scheduled to speak on the subject "Design Applied to Craft."

At 11:40 o'clock, Mrs. Margaret Cummings Mason will speak on "Interesting Phases of the Study of Period Furniture."

The afternoon session will open at 1:30 o'clock with a concert by the Chorus of the Hostess Club. This will be followed by a Roll Call.

At 1:50 o'clock, Joseph J. Reynolds, Jr., will speak on "Stained Glass and Cathedrals." And at 2:45 o'clock, Rev. Laurence L. Barber will give an illustrated lecture cleverly entitled "Time Marches On," as Mr. Barber is an authority on old clocks, and a member of the Clock Collectors' Club.

making; with women wearing hobble skirts and leg-of-mutton sleeves—a call was issued by a few women leaders of that day including Julia Ward Howe, for a meeting of representatives of all women's clubs. Sixty-three delegates from 17 states responded, and on April 25, 1890, the General Federation of Women's Clubs came into being with Charlotte Emerson Brown, of New Jersey, its first president.

It was on that history-making date that Mrs. Ella Clymer Dietz, one of the organizers, used the phrase which later became the permanent motto of the Federation, "Unity in Diversity." Said Mrs. Clymer: "We look for unity, but unity in diversity. We hope that you will carry us by your varied experiences, and let us pledge ourselves to work for a common cause—the cause of womanhood throughout the world."

Today, after nearly fifty years of growth into a membership of more than 2,000,000 penetrating every corner of the world, humanitarian interests, especially those concerned with women and children, continue to be main objectives of the Federation. The keynote of the present administration is "Adjusting Democracy for Human Welfare."

Because of its gigantic and far-flung membership and the great diversity of interest and activity of its member clubs, the entire three years of this administration will be utilized in organizing a great and fitting celebration and carrying it to an impressive climax at the Triennial Convention in 1941.

Mrs. John L. Whitehurst of Baltimore, Maryland, first vice-president of the General Federation, is General Chairman for the Golden Jubilee. "We will strive to build an educational program, one in which every club, county, district, and State group, and members of our clubs in foreign countries, will participate," says Mrs. Whitehurst.

Fiftieth Anniversary. The General Federation of Women's Clubs will soon be 50 years old and plans for the celebration of this golden anniversary are now in the making. The celebration of this Golden Jubilee (1890-1940) will be a highlight of the present administration which is headed by Mrs. Sallie Orr Dunbar, of Portland, Oregon, president.

Fifty years ago—with the power of mighty Niagara Falls still unharmed; with women still denied the privilege of franchise; with parts of the far west still only territories instead of states; with Sarah Bernhardt, queen of the theatre; with the first Pan-American Congress in the

Mystery Enshrouds Plans for Party

All members of the Auburndale Woman's Club are invited to a "Party" at 2:30 p. m., on Tuesday afternoon, January 17, at the Auburndale Club House.

Absolute mystery surrounds the plans for the entertainment of the guests, except that it has been rumored that a Reader has been engaged. The only information which the day chairman, Mrs. Edward B. Gray, a recent president of the Club, will give out is that Mrs. Walter Wells has charge of the arrangements. In the past years most of the activities of the Auburndale Woman's Club were planned by Mrs. Wells, herself a Club member, and were invariably the greatest drawing cards which the program offered. After a lapse of several years, another event, planned by her, is eagerly awaited. She promises at least that the occasion will be a splendid one for sociability among the guests.

Later in the afternoon, Mrs. Raymond Perkins and her Hospitality committee will serve tea. Guests may be brought at the usual fee.

Modern Drama

An opportunity to keep in touch with the modern drama will be given to Newtonville Woman's Club members at the January 17th Club meeting when Adele Hoes Lee will speak on "The Current Theatre." One of the principals of the Bishop-Lee School, Mrs. Lee is well qualified to portray the climactic scenes of the plays under discussion, and Club members who recall her previous programs of "Vanity Fair," and "To Mary with Love," will welcome again with pleasure this distinctive artist. After the program tea will be served in Social Hall.

Open Meeting On Chinese-Japanese Situation

On Wednesday, January 18, at 2:30 p. m., the American Home committee, Mrs. Harold L. Stillman, chairman, of the Newtonville Woman's Club, offers an unusual program in presenting two speakers, Miss Matsui and Mr. Chih Meng, who will have as their subject "The Orient Speaks." This talk will bring direct information to Club members concerning the Chinese-Japanese conflict. Of the two speakers, Mr. Meng, is Chinese, and the other, Miss Matsui, is a Japanese loyal to the older and finer Japan, but not to the militaristic group. Mr. Meng is the head of the China Institute in America. Miss Matsui is working definitely for the boycott of Japanese goods as the quickest method of saving the innocent women and children of her country, and is using the club platform as a sympathetic medium.

Tea will be served in true Chinese fashion by the members of the committee, Chinese ladies for the afternoon, and as this is an Open Meeting at the Club House, members are cordially invited to bring their friends.

Gardens and Hobbies

The Educational Club of West Newton will meet on Monday, January 16, at the home of Mrs. Arthur M. Tenlon, 9 Elmwood park, Newtonville, at 12:30 p. m. The subject for this lesson will be "Submarine Gardens and Water Plants." A prize will be given for the best specimen brought in.

The Hobby Class of the West Newton Women's Educational Club will meet on Tuesday, January 17, with Mrs. G. Howard Frost, 200 Fuller st., at 2 p. m.

Business Meeting

On January the 17th the Auburndale Review Club will meet with Mrs. Eugene U. Ufford at her home 231 Central st., at 10 o'clock. The meeting will be given over entirely to business.

Contemporary Leaders

The second in the series of papers on "Contemporary Leaders" by members of the Social Science Club will be given by Mrs. Maurice W. Dennison, whose subject will be "Poetry: T. S. Eliot." The meeting will be held Wednesday, January 18, in Channing Church Parlor at 10 a. m., and the hostesses will be Mrs. Ralph C. Henry and Mrs. Louis D. Gibbs.

Law and the Woman

"Law and the Woman," a subject of real educational value in these days of change in every walk of life. Not only must a woman know what is going on in and about her home and community, but she must have some idea as well of what is right legally in the various matters both private and public in which the woman of today has a voice.

Not the least interesting part of the program will be the question period to follow the lecture when Judge Schofield will answer questions pertaining to legal matters.

Following the meeting there will be the usual social hour at which time Mrs. J. Alex Lane and her committee will be in charge of the tea.

Announcement is made that the Hospital Sewing Day which was postponed from January 10 will be on February 2nd and those who assist in this project should make a note of this on their calendars.

Attention is called to the change in meeting place for the next Current Events lecture, Friday, January 20. It will be held in the Second Church of West Newton, at 10:30 a. m.

Play Reading

A new play will be read by members of the Dramatic committee of the Woman's Club of Newton Highlands, under the direction of Mrs. Herbert N. Odell, on Friday, January 20, at 2 p. m., in the Workshop.

Public Health Program

On Friday, January 20, the Boston City Federation will meet at the Boston Y. W. C. A., 140 Clarendon st., at 10:30 a. m. Miss Margaret Dieter, chairman of the Public Health committee, will present the following speakers, Miss Sophie C. Nelson, who will take as her topic "Public Health Then and Now"; and Dr. Murray P. Horwood who will discuss "Responsibility for Public Health Work."

Miss Nelson is director of the Visiting Nurse Service of the John Hancock Mutual Life Insurance Company of Boston, and director of Nursing in the Boston Health League. Dr. Horwood is Professor in the department of Biology and Public Health at Massachusetts Institute of Technology, and has given courses at various colleges.

FAHION PARADE. A Costume Pageant and Fashion Parade, with models wearing gowns from the 1800's to the present day, has been arranged by the Antiques committee of the Newton Centre Woman's Club for Friday afternoon, January 20, at 2:30 o'clock. An old-fashioned tea will follow at which members of the committee will serve in costume. Tickets may be secured from the committee or at the door.

PUBLIC HEALTH TALK. Following morning coffee served at 10 o'clock Wednesday, the 18th of January, the Public Health committee of the Newton Centre Woman's Club will present Lt.-Col. Joseph F. Crosby, Veterinary Corps U. S. A., in a talk on "Army Sanitation in our Cities," and Lt.-Col. George E. Perkins, Med. Res., who will tell of the Civilian Conservation Corps. This is the second of the series of lectures offered by this committee to which the public is cordially invited without fee.

WORLD AFFAIRS LECTURE. Mrs. Frank Mansfield Taylor returns again to talk of World Affairs, Thursday morning, the 19th, at 10 o'clock. Club members may bring guests from Newton Centre to hear these interesting lectures.

ART EXHIBIT. For the Exhibition of Water-colors by John Lavelle, of Boston, at the Art Gallery of the Newton Centre Woman's Club, from Wednesday, January 18, through Tuesday, January 21, the sponsors are Mrs. John Lavelle, Mrs. Oliver A. Lathrop, Mrs. Martin T. Scullin, Mrs. Arthur B. Hitchcock, Mrs. Raymond F. McFee, Mrs. George H. Crosbie, Mrs. Leslie P. Thompson, Mrs. Henry I. Harriman, Mrs. Thomas Weston, Mrs. James A. Hutchinson, Mrs. Theodore L. Shaw, Mrs. Elmer W. Davis, Mrs. Ralph G. Hudson, and Mrs. William C. Loring. A tea from 3 to 5 o'clock, will mark the opening of the exhibit. Pourers will be Mrs. Arthur B. Hitchcock and Mrs. George H. Crosbie. The pictures shown at this time were painted recently in South America and the Island of Haiti. Outstanding is "The La Citadelle" (La Ferriere) a stronghold of The Black Emperor, Christophe. Mr. Lavelle studied at the Boston Museum of Fine Arts under Leslie Thompson, with Philip Hale, and at the Julianne Academy, Paris.

AMERICAN HOME DAY. Guests of honor at the American Home Day at the Newton Centre Woman's Club, Friday, January 27, will be Mrs. Arthur H. Fletcher, State chairman of the American Home department; Mrs. John F. Capron, clerk of the State Federation and Adviser for this department; and Mrs. W. F. Leach, Twelfth District director. The Antiques committee will have an exhibit of dolls, beaded bags, quilts, tapes, shawls, and spreads, in the Reception Room. The Garden and Conservation committee is co-operating also with an exhibit. Music for the afternoon session will be furnished by the Music committee. Club members will be admitted free. The guest fee for the day will be 25 cents. Tickets

for the luncheon, at 60 cents, must be ordered by January 24 from Mrs. T. LeRoy Martin, Telephone, Centre Newton 3678. (All tickets ordered must be paid for.)

An interesting program has been arranged, which includes at 10 a. m., Greetings from State officers. At 10:15, a film, "When Winter Comes," Mr. Eugene H. Tilton. Question Period. At 11 o'clock, "Sandwiches and Hors-d'oeuvres for Informal Entertaining," Miss Josephine Gott.

Luncheon will be at 12:30. The afternoon session will begin at 1:45, with a Short Talk, by Mrs. Arthur H. Fletcher; and music. At 2:15, "The Home-maker's Partnership," Nena Wilson Badenoch. From 3:13 to 4 o'clock, a film by the New England Telephone Company of the Hurricane in New England from Connecticut to the Canadian Border; Selection and Training of the Student Operator; and a Travelogue, "Voices in the Air," will be shown. Music and a Question Period will close the day's program.

Juniors Hear About Hollywood

The January meeting of the Auburndale Woman's Club Juniors was held on Thursday evening, January 5, at the home of the president, Miss Annetta Couchman of Grove st.

Mrs. Herman Krueger, who is the Senior Adviser this year, reported on the Christmas basket which the girls had packed with food and gifts, and which was decorated tastefully by one of the Juniors, Miss Rena Campbell. This group had also contributed money towards the bags which went through the Club to Newton Veterans.

This meeting, which had been scheduled for the night before, had been postponed in order to have as a speaker Priscilla Fortescue, who had returned recently from a five months' stay in Hollywood. In a very informal way she gave the girls her impressions of this place.

In reply to her audience's questions concerning their favorite movie stars, she told of meeting such well-known persons as Spencer Tracy, Joan Crawford, Robert Taylor, Myrna Loy, and many others.

Having been permitted by the producers to go "on location" she visited many of the sets, and explained how many of the scenic effects were achieved, such as artificial snowstorms. The fact that she had been included in the cast of "Condemned Woman" was a decided thrill to her audience, and they felt that to hear from their favorites in this way, was second only to having seen them in person.

At the close of the program, refreshments were served by the hostess, Miss Couchman.

Newton Upper Falls Woman's Club

"Trends and Fashions in Books" will be the subject of a talk by Mrs. Dorothy Fuller, Radcliffe A. B., at the meeting of the Newton Upper Falls Woman's Club next Monday evening, January 16, at 7:30 o'clock, in the Club Rooms of the Ralph Waldo Emerson School. The faculty of the school will be the guests of the evening.

At the last meeting of the Club, held Monday evening, January 2, the president, Miss Nellie M. Osborne reported the gift of two afghans to the Peabody Home for Crippled Children, which were made by Mrs. C. R. Brown, a Club member.

The president, in the absence of Mrs. Joseph Valente, chairman of the evening, introduced the speaker, Mr. Gordon L. Rayner, director of Educational Publicity of the Massachusetts Laundry Owners' Association, Inc., who gave a most interesting talk, illustrated with motion pictures, in color, upon "The Charm and Beauty of Modern Textiles."

THE WEEK IN NEWTON SPORTS

NEWTON OPENS TRACK SEASON—BEATS MALDEN

Newton High opened its indoor track season by defeating Malden High 48-30 in the local drill shed. It was a powerful track team which took to the boards yesterday to override a rather impressive Malden outfit. The Orange and Black was led by Don McKinnon and Bill Pescosolido, co-captains, the latter gathering eight points to lead in the scoring. The local team was off to a flying start when Bill Boyer finished second in the shot-put an event which Newton has very seldom placed in for sometime. Bill Alpert soon followed by taking the standing broad-jump with a leap of 10 ft. 2-1/8 in with Stewie McNeill of football fame capturing second place a few inches behind him. Macy of Malden, an all-scholastic guard, took third place. Newton led at this point 11-7. The Orange and Black lead lengthened when Don McKinnon and Bill Pescosolido finished in 1-2 order in the 30 yd. low hurdles. Duggan of Malden took third place.

In the dash, a newcomer to Newton track fans, Roy Beloit just nosed out Goldsmith of Medford to win. Bill Hurley of Newton was just behind them. The Orange and Black had at this time had a seemingly insurmountable lead, at 25-11. Newton figured to win the three hundred but took only third place, as Goldsmith and Duggan of Malden won first and second with Don Ashley taking the

consolation prize. Newton then led by only seven points.

The 600 yd. run came next and Fred Hail after trailing Art Hughes almost all the way won in 1:23:4. Harney of Malden took third. George Hutchings, Charlie Considine's prize guard, helped the Newtonians along by finishing second in the 1000 yds. There was quite an argument as to whether Hutch should have been given second or third, as he and Harney were crossing the finish line, Hutch gave out and dived over the line tripping Harney. The decision went to Hutchings as he crossed the line before Harney did even though Harney was standing up. The Newton relay team walked away with the relay race, with a team composed of Don Ashley, Bill Truller, Spikes Booth, and Kitt Fisher.

Bill Pescosolido, who is state high jump champ, was not pressed in his specialty with Colley of Newton and Macy of Malden finishing second and third respectively. The winning height was 6 ft. 3-4 in.

Newton meets Brockton High next week Friday on the Newton track and having conquered Malden has high hopes of turning back the invading Shoe City forces.

HOCKEY TEAM SHUTS OUT MEDFORD—4-0

Newton High blanked Medford High in the fourth series of the Greater Boston Interscholastic Hockey campaign last Saturday in the Boston Garden 4-0. Walter Hurley and Al Everts each scored twice, once each in the first and third periods. Alex Skene played all but one minute of his fourth game to spoil his iron-man record. Newton had it all over Medford throughout the game.

The Orange and Black's passing attack was excellent although for the first few minutes of play it looked as if Newton might have a rather tough afternoon. After about nine minutes of play Al Everts opened the scoring with a shot from about thirty feet

out after receiving a short pass from Jack Tedesco. Less than thirteen seconds later Bud Hurley picked up the puck on the Medford blue line and scored unassisted to put Newton out front by two goals. The period ended without much further ado.

The first penalty of the game was drawn by Danny Cowley of Medford in the second period for a board check. Tom Dugan soon followed him, receiving a penalty for slashing. The period was fruitless as far as both teams were concerned.

The third period was all Newton in every department. After about five minutes of playing Everts scored his second goal of the afternoon on a pass from Bill McLellan. About a minute later Hurley scored his second of the game being fed a pass from Tom Dugan. Greaves of Medford drew a penalty for charging and Newton tried to score again but couldn't. Jim O'Donnell also received a charging penalty for the same thing very shortly afterwards yet Newton couldn't capitalize. With about three minutes to go Alex Skene was taken off the ice and Joe Beatty was sent on. Immediately Jack Holter was penalized for roughing and back again came Alex Skene after being off about a minute.

Newton meets Rindge in tomorrow's game and has high hopes of moving further up in the standing.

MORIARTY RETIRES FROM STREET DEPARTMENT AFTER 27 YEARS OF SERVICE TO CITY

President of Newton Local of City Employees for 24 Years—Was Once National Head

A. Leslie Moriarty, for 24 years president of Newton Local 175, Federation of State, City and Town Employees, was retired on pension last Saturday, January 14, as an employee of the Newton Street Department in accordance with the age-limit law. Mr. Moriarty was born in Watertown 73 years ago and has been a resident of Newton for 65 years. As a young man he was engaged in the market business and later was employed by the Newton & Boston Street Railway Company. He entered the employ of the Newton Street Department over 27 years ago and for many years had charge of the stock room at the Craft st. yard, and later at the Auburndale ave. yard.

In 1914 Mr. Moriarty was first elected president of the Newton Local of City Employees in 1914 and during his long term of office was largely instrumental in obtaining many improvements in working conditions and wages not only for laborers, mechanics and other employees of street, sewer, water and forestry departments in Newton, but also all over Massachusetts and New England. When he first took office as head of the Local, the employees in Newton were given a Saturday half-holiday only during the three summer months. Under Moriarty's lead this privilege was extended after continuous efforts over a long period of years until it applied to all twelve months of the year. Other accomplishments were the obtaining of pay for holidays and appreciable increases in wages. Mr. Moriarty was zealous in procuring Workmen's Compensation for Newton city employees injured while on duty, or for the dependents of employees who died because of injuries. He also was assiduous in seeing the Civil Service laws were obeyed.

In addition to serving 24 years as head of Newton Local, Mr. Moriarty served for 6 years as National President of the National Federation of State, City and Town Employees; and 16 years as Secretary-Treasurer of that organization. In 1933 he was appointed a member of the Newton License Commission by Mayor Weeks and has since served in that capacity. He resides at 316 River st., West Newton.

As a tribute to the many years of faithful service in their behalf, Mr. Moriarty's former associates in the Newton Street Department and employees in the Water Playground and other departments, are making plans for a testimonial dinner which will be held at Levi Warren School auditorium, West Newton, on March 2nd, at 7 p. m. The chairman of the committee is John McMullen, vice president of Newton Local 175, and Richard Murphy is secretary-treasurer. They will be assisted by a large committee.

McCabe Says Mayor Uses Stooges

Alderman McCabe again severely criticised Mayor Childs at the meeting of the Board of Aldermen on Monday night. McCabe stated that there are at least eight "stooges" in several city departments who have access to the Mayor whenever they desire, and who go over the heads of their departments. He said this lack of discipline in departments is one reason for the constantly increasing Newton tax rate, as it results in inefficiency. As an instance of the Mayor's alleged deferring to stooges instead of exercising proper authority, McCabe referred to the purchase of the "one-patient" police ambulance by Mechanic Cullen, instead of having allowed Chief Hughes to get the type of ambulance he wanted.

Alderman McCabe also talked about the two-way radio equipment which was recently purchased for the police department and is being installed. McCabe said this radio is obsolete before it is installed. He told of Alderman Colby's efforts to have a crystal control system installed, but instead the Mayor ordered the purchase of a master oscillator control type, which is regarded as antiquated and unsatisfactory. McCabe referred to the addresses given recently at the Newton Forum by Mayor Burton of Cleveland, and he read a letter received from the Superintendent of the Cleveland Dept. of Public Safety relative to an inquiry made of Mayor Burton regarding two-way radio. The letter reads—

"This is in acknowledgment of your letter to the Hon. Harold H. Burton, Mayor of the City of Cleveland.

"All of the transmitters operating in our communications system, both fixed and mobile, that is police car transmitters, are controlled by crystal. With the frequency tolerance specified by the Federal Communications Commission for transmitters installed after Oct. 1 of this year, it is felt master oscillator control would not be satisfactory.

"Of course, in a system of our size it is absolutely necessary that every transmitter be maintained on its regularly assigned frequency within as close limits as is technically possible.

"It is hoped that this gives you the necessary information, and should there be any further data you may desire in regard to our police communications system, please do not hesitate to call upon me."

Alderman McCabe said the letter proved that Alderman Colby was right and the Mayor wrong, and said it showed how the "stooge system" fostered by the Mayor is adding to the tax rate.

Newton Taxpayers Hear Warnings At Public Meeting

The first public meeting conducted by the Newton Taxpayers' Association was held on Tuesday night at Newton High School auditorium. Leon B. Rogers, president of the association, presided, and told the audience which filled the hall that Mayor Tobin of Boston, who was to have been one of the principal speakers, could not come because of illness, and that Mayor Childs was unable to be present because of a previous engagement. Marshall Dalton, vice-president of the association, introduced the speakers.

Charles B. Floyd, president of the Newton Board of Aldermen, gave the taxpayers the unpleasant information that this year Newton probably will have the highest tax rate in its history, and also the largest jump in the tax rate. He said these things may occur provided that an honest budget is presented which will have the city adopt a pay-as-you-go policy. Mr. Floyd told of the increased costs of several city departments and said that Newton now is badly in need (Continued on Page 8)

McKay Nails Mayoralty Rumor

Alderman Donald McKay in another dissertation on the finances of the city at the meeting of the Aldermen on Monday night, nailed a rumor that he intends to run as a candidate for Mayor at the election next December. He explained that nearly every committee of the Board of Aldermen has 7 members, and the chairman of each committee reports for the other six members and receives most of the publicity. He said that as chairman of the Finance Committee he has a glorious opportunity for self-propaganda, but since he is not a candidate for any other office, what he has said in the past and what he will say in the future about the city's finances is for the enlightenment of the public, and not for his own or anyone else's political advancement.

Alderman McKay said that when the city acquires any property, the tax income from the property ceases. In 1938 in Newton there was \$170,000.00 of taxable property and \$52,564,000 of property exempted from taxation, of which \$13,310,000 is by the city and the balance by religious, educational, benevolent institutions and cemeteries. An act of the Legislature the past year further exempted church property by including parsonages up to \$5000. In Newton this will amount to \$150,000. He called attention to demands for additional city activities such as a covered skating rink and (Continued on Page 8)

No Shake-up In Newton Police

On Monday Mayor Childs informed a group of newspaper men who interviewed him that as a result of the report of the investigation of the Newton police department, made in recent months by City Solicitor Joseph W. Bartlett, there will be no action taken by him to demand a re-vamping or purging of the department. The Mayor said that the investigation by the City Solicitor did not unearth evidence to substantiate charges that the lives of the public have been racketeering by protecting gamblers and other law violators, or that certain members of the department have been derelict in their duty. He said that the report did not give him much information which he had not already possessed, and the mayor said that he would send a copy of the report to the special committee of the Board of Aldermen which was formed to investigate conditions in the police department.

Two Children Drown in Charles

Helen Orrok, 8, and her brother, John, 2½, were drowned in the Charles River near the junction of Quinobosc and Carleton rds., Waban, on Tuesday afternoon about 3 o'clock. They were the children of Mr. and Mrs. Harry Orrok, 35 Kelvedon rd., Waban, who had moved to that address about a month ago from West Roxbury. Anne Walker, 7, of 19 Kelvedon rd., who was with the Orrok children, also fell into the river when the thin ice broke, and was rescued by Richard Madden, 19, of 320 Quinobosc rd., which is near the scene of the tragedy. The children had walked from their homes, some distance away, to the spot where they walked out on the ice. The Orrok children went under when the ice broke, but the Walker girl managed to hang onto the edge of the ice and started screaming. Her cries were heard by Donald McLachlan of Boston, an elderly man, who was peddling shoelaces in the vicinity. He rushed to the Madden home nearby and young Madden ran to the spot and pulled the Walker child from the water. She gave the information that the other children had drowned and the Newton police and fire departments were notified. Patrolman Taffe and Firemen Hurley and Riley of Engine 6 were among the first to arrive and recovered the Orrok boy's body about 75 feet down stream from where he had fallen in. The child's clothing had caught on the edge of the ice. Attempts made to resuscitate him were unsuccessful. Metropolitan, Newton and Wellesley police searched the river Tuesday and Wednesday in an effort to recover the Orrok girl's body. The search was continued yesterday, but without result.

Patrolman McLean Receives Pension

Sanford A. McLean, a Newton police officer for the past 27 years, retired on Jan. 15th, having reached the age limit of 65. Known to a multitude of friends as "Sam," he was one of the most popular officers in the police department. For the past 8 years he covered the Washington st. hill day route and was a familiar sight to the school children of the Bigelow and Underwood Schools as he directed traffic at the corner of Park and Vernon sts.

Easy going, good natured and with a dry humor that spread laughter and good cheer wherever he went, "Sam" was not the type to look for trouble, but he could take care of himself when the occasion arose. Before joining the department he enjoyed quite a reputation as a boxer and after winning 42 straight contests without a defeat, he retired as New England heavyweight champion. This ability has helped him on numerous occasions during his career as a police officer. His friends hope that although he will not be patrolling our streets, that they will see his familiar figure for many years to come.

Fined \$25 For Reckless Driving

Hugo Sostillo, 21, of 504 Boylston st., Newton Centre, was fined \$25 by Judge Mayberry in the Newton Court last Friday for driving a truck so as to endanger the lives of the public. John O'Connor of Winslow rd., Newton Highlands, a fireman at Ladder 2, testified that on December 19, as he was operating his car from Plymouth rd. onto Woodward st., a truck driven by young Sostillo came along at a speed of 35 to 40 miles an hour, hit O'Connor's car and knocked it across the street and against a tree. O'Connor testified that after the collision Sostillo explained he was trying to catch up with another truck.

Bruce Bliven To Address The Newton Forum

Bruce Bliven, President and Editor of "The New Republic," will speak before the Newton Community Forum on Sunday, Jan. 22, 1939, at 3:30 p. m.

In the Newton High School Auditorium, Newtonville. His topic will be: "Pressure Groups in Our Democracy." Mr. John T. Flynn, originally scheduled to speak on this date, has been forced to cancel all his speaking engagements, due to illness.

Born in a small town in Iowa, graduated from Stanford University, Bruce Bliven was for a time Head of the Department of Journalism at the University of Southern California. He has lectured at Columbia and New York University. He served as Managing Editor of the New York Globe, and since 1923 has been President and Editor of "The New Republic," a critical weekly of opinion. He is now New York correspondent of The Manchester Guardian, and has contributed to other periodicals. He is also a member and director of the Foreign Policy Association of the United States, and of the American Council of the Institute of Pacific Relations, a director of the Twentieth Century Fund, a member of the Committee on Cultural Relations with South America.

Newton Police Catching Speeders

As a result of the large number (24) of persons killed in this State last week by automobiles, Registrar Goodwin has issued an appeal to police departments all over the State, and Newton police by orders of Chief Hughes are making a drive on speeders. Goodwin's appeal follows:

"During the past week, there were 24 motor vehicle fatalities recorded in Massachusetts, as compared with only eight last year in the same period. These accidents occurred in 19 different cities and towns, with the high total of five in the city of Boston.

"Unless something is done immediately to stop speeders, the high position that Massachusetts holds will be wrecked. If this record keeps up, instead of being the safest state in the Union, we shall be the worst.

"Any man or woman who is operating faster than conditions warrant is selfish and reckless, and deserves no consideration. If officers will make an intensive campaign, and enforce the 25-mile speed limit in dangerous localities, this slaughter will be stopped; otherwise, it will keep up."

Former Newton Man Tricks Bandits

John Dorsey of Newcastle rd., Brighton, whose coolness and courage resulted in the capture of two bandits in Boston on Tuesday night, formerly resided on Jackson rd., Newton, and played on Newton football teams when a youth. Francis Hope, one of the bandits captured, formerly lived on Clinton st., Newton, and Bernard Lyman, the other bandit, lived on Arsenal st., Watertown. According to Boston police, both admitted other holdups and each was held in \$11,000 bonds.

ALDERMEN REJECT PROPOSAL THAT CITY TAKE OVER VACANT LOT BESIDE STEARNS SCHOOL

Protests of Nonantum Residents Against Building Large Paper Warehouse Rebuffed

The request of Nonantum residents that the city take a lot of land adjoining the Stearns School in order to prevent a large warehouse for the storage of paper being erected alongside that school, met with a rebuff at the meeting of the Board of Aldermen on Monday night. This matter has been before the Aldermen for the past few months and was supposedly receiving favorable consideration. Monday night, however, Alderman McKay, as chairman of the Finance Committee, opposed the taking of the land, and his attitude met with the agreement of other members.

The lot of land in question was part of the Stearns estate, is located on Watertown st., contains 23,700 square feet and one end of it comes to about 50 feet from the Stearns School. Late in 1937 Miss Ethelyn Stearns, the owner of the property died, and last year Philip Gilfix of the G. & S. Paper Company obtained an option on the property and subsequently bought it. He obtained a permit from the Aldermen to erect a warehouse constructed of cement blocks and to contain a 2-car garage. Then a petition was filed, signed by Rev. Joseph Robichaud of St. Jean's Evangelist Church and other Nonantum residents asking that the city take the lot of land and the Aldermen rescinded their vote granting the permit for the garage in the proposed warehouse. Members of the Aldermen also stated that the initiative had to be taken by Mayor Childs on the seizure of the land by the city. The Mayor then recommended that the city acquire the lot of land, but the Board of Aldermen refused to pass on his recommendation until he specified some specific purpose for the use of the land. The Mayor then complied with this requirement by asking that the land be taken for playground and community purposes.

It is understood that the lot was purchased by its present owner for \$2510, and should the city seize the land would probably have to pay somewhat more than that amount. Alderman McKay in opposing the taking of the land by the city at this time, said that while the Finance Committee realizes the value of community centres, it also realizes what the initial step in erecting a special building for such a purpose may lead to. It would commit the city to further steps in this direction. Other

sections of the city would ask for similar buildings. Already part of the playground funds have been diverted for community centre purposes. McKay commented that only the School Department has devised a program for future development, although the Playground Commission has had a survey made by an expert, and a sub-committee consisting of Lyseum Bruce and Mrs. Theresa Marshall is endeavoring to outline a systematic program for recreational activities. McKay argued that if the city seizes the lot to protect the Stearns School on one side, the same plea can be made to have land taken at the rear of the school. He said that if the land is taken for community purposes, a building would have to be erected on it at a cost of \$50,000 or more, and he asked—"Do the taxpayers wish to embark on such a program, which would soon develop city-wide? Please bear in mind that we are not belittling the ideals, the humanitarian and social advantages, but we are cautious about spending other people's money." Mr. McKay referred to the meeting on the following night which was to be held by the Newton Taxpayers' Association in a campaign for municipal economy, a campaign for which the hearty support of all members of the Newton Board of Aldermen.

Alderman Rawson concurred with McKay's views and said he is appalled at the growth of tax-exempt property in Newton. He said that if all tax exempt property in the city were subjected to taxation, the city would derive \$981,000 in taxes, and the time has come to call a halt on land takings. Alderman Hoffman, elected by the Board several weeks ago to fill the vacancy caused by the resignation of Alderman Goddard, also opposed the taking of the Stearns land. According to Hoffman, the city now owns more property in Nonantum than it can use to advantage. Hoffman said community centres should be run by private agencies rather than by the city, and that women's clubs couldn't do better than promote such activities. He said when the city adds up and property values go down. Alderman Tiffin said he is 100 per cent behind Alderman McKay and he commented that anyone who owns a piece of land, is sick of paying taxes on it. (Continued on Page 5)

Fire Record

Sparks from a chimney set fire to the roof of the house at 62 Jefferson st., Newton, last Friday afternoon and caused considerable damage. The house is occupied by James McFadden. At 5:47 last Friday afternoon a chimney fire at the home of Marion Saville, 126 Windsor rd., Waban, brought Engine 6 from Lower Falls to extinguish the blaze.

Lamb chops left too long in the oven of a gas range at the home of James Valtz, 500 Ward st., Newton Centre, last Friday evening, caused so much smoke that someone thought the house was afire and Engine 3 was called at 6:40. Two automobile fires also occurred on that day. At 6:15 an automobile owned by S. S. Pierce Company caught afire from a short circuit while near Manet rd. Engine 9 was summoned. At 7:04 a car owned by J. J. Sullivan of Broad st., Boston, became ablaze on Woodward st. Firemen from Truck 2 put out the fire.

Drove Uninsured Car, Fined \$125

Charles Pollak, 20, of Nantucket, a Harvard student, was fined \$100 by Judge Mayberry in the Newton court on Monday for driving an uninsured car, and \$25 for driving an unregistered car. He was stopped on Washington st. on Jan. 7 by Patrolmen McEnaney and FitzSimmons when they noticed the car he was driving bore 1938 Minnesota plates. Pollak explained that he had neglected to obtain a Massachusetts registration for his car this year, and the Minnesota plates are good until March 1. Judge Mayberry reminded him that the Minnesota plates were issued for another automobile.

Fined \$25 For Drunken Driving

Edward J. Gough, 48, of 153 Walnut st., Newtonville, was fined \$25 by Judge Mayberry in the Newton court on Monday, and \$5 for drunkenness. He appealed. Patrolman George O'Neill told the judge that when he stopped the defendant because the lights on the car were out, he observed his condition.

55 YEARS AGO

Newton Graphic, January 12, 1884

The ex-Mayors were conspicuous by their absence at the inaugural.

The prospect is good that dirt will commence to fly on the Newton circuit railroad early in the Spring.

Thawing frozen water pipes by pouring on kerosene and lighting it is a rather risky experiment. A lady in Ward 7 tried it the other day and succeeded in bursting the water meter.

The second meeting of the West Newton Lyceum last Monday evening was fully attended. The meeting opened with saxophone solos by T. H. Hobart, and C. B. Patten gave an interesting lecture on "bank defalcations." The debate on the benefits of labor saving inventions was opened by James T. Allen who quoted the remark that barbarism is separated from civilization by 500 years of inventions.

Edward Pond, though people are worse off today than 50 years ago, in spite of so-called improvements, Asahel Wheeler spoke warmly on the genius of inventors and their vast benefits to the world. William Plummer told of the astonishing development of the leather industry by means of machinery. Nathaniel Allen thought we live longer and are better morally by having labor-saving machinery.

The fine skating at Baptist Pond, Newton Centre, the past week has been enjoyed by crowds. On Tuesday a company of expert skaters from Boston dazed the local skaters with their evolutions.

To the Editor of the Graphic:

Please allow me to call attention through the columns of your paper to the matter of "Sabbath Breaking." Last Sunday while a party of young people were enjoying themselves on Bullogh's Pond in the quiet and harmless sport of skating, they were waited on by two of our city policemen, ordered to stop their skating, and their names were taken for reference to the police court. Were they disturbing the peace? Hardly that, for I passed the spot only a short time before the policemen came and noticed the skaters to be very quiet. Had they been otherwise, they would have disturbed no one, as there are no houses near the pond. Oh! well, they were breaking the Sabbath day. Yes, possibly they were. But, be careful gentle reader; of course you never went out to ride on some pleasant Sunday afternoon? I have yet to hear of any party of young men being molested for riding bicycles on the Sabbath Day, but this is probably because persons who drive and persons who ride bicycles represent the moneyed portion of our community.

Remember, I do not uphold a crowd of hoodlums creating a general disturbance on the ice, but this party was anything but that, and several of the young men get no other chance to skate except on Sundays or holidays. If I am wrong in this matter, I hope that someone of sound common sense and fair mind will show me where I err, but pray, state where you will draw the line as to what may, and what may not be done on Sunday. Also, bear in mind that we are in the 19th century.

(signed) FAIR PLAY.

The Newton police department consists of the City Marshal, a sergeant, 1 mounted officer and 13 patrolmen. The net cost for maintaining the department in 1883 was \$17,199.57. The fire department is composed of a chief, assistant chief, fire alarm operator, 5 permanent drivers and 65 call men. The net cost of the department in 1883 was \$23,937.79.

50 YEARS AGO

Newton Graphic, January 11, 1889
There is a movement on foot to have the electric cars extended from Oak sq. Brighton to the corner of Tremont and Park sts., Newton. The cars would make the trip to the corner of Boston in 40 minutes, and would have considerable patronage from Newton people if they ran at convenient hours.

The tax rate in Newton last year was \$15.20; of this amount \$13.45 was for the city, \$1.14 for the State, and 61 cents for the county.

Ephraim Douglas, in charge of the Walnut st. railroad crossing at Newtonville, saved two ladies on Wednesday afternoon. They had started to cross the tracks in front of an approaching train, and Mr. Douglas reached them just as an express going West dashed by. The gates on the North side of the tracks are not in working order, and there should be another crossing tender on that side of the tracks.

A public meeting in the interest of the 9 hours movement was held in Cole's Hall, Newton on Wednesday evening. Owing to the stormy weather the attendance was limited, but those present showed great interest. A stirring address was delivered by William Shields of Boston. He urged the necessity of organization among working men to secure less hours of labor and more hours for home enjoyment. The movement is very strong among the carpenters of this city.

Collector Leverett Saltonstall, the newly elected president of the Boston Unitarian Club, presided at the annual dinner in the Hotel Vendome on Wednesday evening.

Powers' Paragraphs

Last week one of the Senators from West Virginia made a naive and weird proposal. He wants the Federal government to purchase 100,000,000 tons of bituminous coal and store it on marshes along the Atlantic seacoast for emergency purposes in time of war. According to the Senator's plan, the coal would be covered by water and so would not deteriorate because of exposure to sun and air. If the Federal government would fall for this bizarre scheme, it would be quite profitable for the owners of land and workers in bituminous coal mines, most of which are located in West Virginia. But it would cost the taxpayers of this already overtaxed country hundreds of millions of dollars to pay for dumping huge quantities of soft coal into slimy marshes, where most of the fuel would become mingled with the muck, or eventually washed away. What a job a tidal wave, such as that of last September 21st would do to shallow heaps of soft coal submerged on mud flats.

The action of Governor Aiken of Vermont in opposing the taking of land at Union Village in that State for one of the flood control sites along the Connecticut River, because the Vermont Department did not adhere to a certain agreement (or phraseology) in the written contract may win applause from sentimental folks, but when the next flood comes down the Connecticut from the sparsely settled Vermont area and devastates thickly settled areas and large cities in Massachusetts and Connecticut, causing deaths, suffering and millions of dollars' losses, those afflicted and the rest of the taxpayers of the two States who have to pay for much of the losses, will not enthuse over the attitude taken by Governor Aiken and the action of the other New England Governors who supported him.

Among the many bills filed for consideration by the Legislature this year is one from Frank Goodwin, Registrar of Motor Vehicles. It would legalize the ridiculous speeds he caused to be distributed a few months ago—45 miles in wet weather or at night; 50 miles at other times. Such speeds, if legalized, will undo the great progress made the past couple of years in reducing the number of fatal automobile accidents in Massachusetts. This State should copy the method used in Rhode Island and other States, vary the speed limits according to the nature of the territory through which traffic is passing, cities, smaller towns or open country. We hope police departments and safety councils will oppose Registrar Goodwin's bill.

Having resided for 25 years of our life alongside the main line of the Boston & Albany railroad in Newton it amused us to read that some persons residing on St. Mary street in Newton Lower Falls object to the proposal to have a couple of additional trips each day of the single coach which shuttles the short distance between Riverside and the Lower Falls. Now, there are two trips each way daily, except on Sundays and holidays. Some residents of the Lower Falls had asked for a couple of additional trips, but the patronage does not warrant it. On the Circuit Branch there are about twenty trains each way daily, and the railroad runs by back yards in some of the best sections of Chestnut Hill, Newton Centre, Waban and other villages. And if the Boston & Albany started to lessen the number of these trains, a big protest would follow. But, according to the news item, residents of St. Mary street object to one car a couple of times a day. How supersensitive they must be.

It is well that citizens of Newton who pay taxes (and persons who rent houses or apartments help to pay taxes) shall become tax conscious and obtain information regarding the condition of Newton's finances, what various departments cost taxpayers, and why. It is also well to have attention called to over-acquisition or unnecessary acquisition by the city of property that otherwise would bring tax revenue. Admitting the correctness of those who favor curtailing unnecessary expenses so that an already too high tax rate shall not become more and more high, we believe that it would be a good investment for the city to acquire the Stearns lot on Watertown street for the specific purpose of erecting the Stearns school, considering the comparatively small amount this parcel would cost. We believe that Nonantum is well provided with playgrounds and we agree that the city should hesitate before embarking in an expensive program of erecting buildings as community centers. ONE THING AND ANOTHER

By L. D. G. BENTLEY

Got Back at Them
There are, I have four, harmless methods of "turning the heat on" a man for the purpose of razing him or "getting his goat." For want of a better term it is called a practical joke. In this instance an office manager, no longer young but still pretty darned aggressive and capable of driving his subordinates, arrived at another birthday anniversary. Word spread through the office and by a little scheming and the assistance of salesmen and others on the outside, frequent anonymous telephone calls, totalling possibly 25, were received by the office manager and each time the voice said, "Happy birthday!" Those about him watched for the effect. It was revealed only by his expression for he made no comment. Finally, he turned, addressing everybody and no one in particular, saying, "I wonder if all these people know I own quite a lot of telephone company stock?"

Earlier Reports Confirmed
A letter has come to this column from a lady who graciously answers my appeal for confirmation of details of coasting memories at Newton Corner. She prefers her name be not revealed so there is nothing I may do except to express to her my deepest gratitude for the following:
"Dear Mr. Bentley—
In a recent issue of your 'One Thing and Another' corner, you asked for corroboration of the statement that in the days of coasting in this part of Newton, the double-runners went as far down Church st. as the Baptist Church.
"Certainly the Burr double and the Seales double and I don't know how many more went that far. Not only that but later those two double-runners went down as far as Maypole ave. and across its entrance. Then the ambition was to extend the coast to Washington st., taking in the whole length of Church st.
"You know they used to start up by Waverley ave. and, on a fast icy coast it used to be necessary for all the occupants of each double runner to lean over at the curve at Park st. corner in order to avoid a spill; also at the curve at the crest of the hill above Grace Church and (if they were going fast enough to cross Centre st.) at the curve in front of the house now occupied by Dr. Marston. I do not remember if they ever reached Richardson st. in the effort to gain their ambition but it was soon after that when the city authorities forbade further coasting on the streets."

Smoking and No Smoking
Was it sheer politeness or mere politics that caused a woman member of the New Hampshire Legislature to lead a movement to permit smoking during legislative sessions? A non-smoker, she showed a liberal mind and if she did it without ascertaining whether the assembly hall was air-conditioned, she was surely a good fellow.

As to whether smoking helps or hinders in deliberations I cannot speak from actual experimenting. I

have never been a solon, as the headline writers put it in order to save space, unless a year in the Newton Board of Aldermen is considered as evidence of eligibility.

I don't remember any similar place where the no-smoking rule was better observed than at old City Hall at Aldermanic sessions. There was no need of enforcement—it just wasn't the thing to do. Fred Blanchard was our president and I recall no more courteous or efficient presiding officer. To my mind the facility with which things moved and parliamentary decisions were given and accepted entitled him to the rank of an undecorated diplomat.

Speaker Herter of the this year's House of Representatives has said very nicely but firmly that he would not stand for smoking during sessions and I'm sure he wasn't fooling. I suppose the whole thing is a matter of taste but I'm just old-fashioned enough to think that "no smoking" during actual sessions means more dignity—a commodity we seem to be running short of these days among our public officials.

Willing to be Shown

Wiscracks about the WPA are common enough. Once in a while they are really funny. As a rule they seldom justify repeating. Here, however, is one I do not hesitate to pass along. In this case a speaker at a public dinner was taking to task in a semi-humorous, or half-fun-and-wholesome way, the people employed on a certain project. He insisted the job was over-manned and the workmen in reality professional loafers. In the midst of the criticism the local head of the forces interrupted. "Mr. Chairman," said he, "I wish our guest could see the men at work some day."
"I'd be glad to," came the reply. "What day do they work?"

Advice as to Colds

Residents of New England have many advantages. One which I have never seen listed but which is frequently used is the excuse that we are unable to do this or that or go here or there because of a bad cold. The trouble is that such a statement, whether based on a half or whole truth, or without basis at all, invites a flood of suggestions as to how the affliction may be speedily cured. So numerous are the remedies that a choice is difficult. The harsher, the more vigorously it is urged. The friend who knows that by a large amount of discomfort, dosing, etc., you may get rid of your cold over night is usually insistent that his plan has never been known to fail and he's apt to keep at you until you try it. Very often you regret having confided in anybody that you were not quite yourself. The climatic conditions of our section of the universe are such that we may talk of bad colds and incidental suffering at any time of year and get away with it. But we seldom escape the friend with the "sure" cure. No, I think the wiser thing to do is forget that one has a cold. By that I mean one may do well to keep the fact from others and better still from himself.

Mr. Henry Stafford of Quincy, Mass., was introduced as General Daniel Needham, who spoke on "National Defense." Mr. Guy McVicar of Auburndale led the singing and the pianist was Mr. Carl Stearns. Mr. Everett Brooks of Lafayette rd., was in charge of the arrangements for the meeting.

The next meeting will be held on March 8. There will be election of officers and adoption of by-laws. A supper will be served and Rabbi Beryl Condon of Temple Israel, Boston, will be the speaker.

Whiting Milk Company Holds Film Preview

At a private preview held January 17, 1939, in the Salle Moderne of the Hotel Statler, Whiting Milk Company released for its first showing its recently completed talking picture in color on "Massachusetts as a Vacation Land." Prominent members of the dairy industry, state officials, newspaper representatives and many important executives in various industries viewed the picture and were unanimous in their acclaim of its beauty and its impressiveness as a powerful sales factor toward popularizing Massachusetts as the perfect vacation land.

The film was presented in the form of a motor trip, starting at the northern tip of Cape Ann and ending at the tip end of Cape Cod. En route, landmarks in Marblehead, Gloucester, Boston, and along the Cape, beautiful panoramas of landscape and ocean front being interspersed throughout. At various points in the film, many historical and modern inns were shown and were of particular interest inasmuch as their fame for fine New England foods and hospitable New England service has become traditional.

The Whiting Milk Company has kindly made this film available for display to clubs, lodges, and private meetings, and its use can be arranged for by contacting the Company.

Girl Scouts

Under the direction of the Outdoor Activities Committee of the Girl Scouts, of which Mrs. Arthur Soule is chairman, a group of men, women and Boy Scouts from Waban and Auburndale met on January 15 at Camp Mary Day and cleared the hill for skiing and coasting. Those from Waban in the group were: Mr. B. A. Thresher, Mr. Dexter H. Marsh, Mr. L. W. McMillan and Mr. and Mrs. Arthur Soule, from Auburndale, Mr. and Mrs. G. A. Webster, Mr. and Mrs. Norman Wade and four Boy Scouts from Mr. Wade's troop.

Troop 20 of the Newton Girl Scouts chose the following officers at their meeting at the Y. M. C. A. on January 20th: Scribe, Barbara Mellor; treasurer, Dorothy Altieri; and Patrol Leaders, Rhoda Dorsey, Nancy Lee Cower, Eleanor Jean Linstrom, Beryl Condon and Virginia Cressey. Two new members, Barbara Shields and Mary O'Brien, were enrolled. Tenderfoot and Second Class work was directed by Captain Shields, and Lieutenant, Davidson coached a group in dramatics.

Two Village Chaperons have recently been appointed by the Girl Scouts: Mrs. Horace Kidger of Newtonville, and Mrs. Melbourne W. Hemen, Jr., of Newton Lower Falls.

Boy Scouts

The meeting of Troop 5 was held last Tuesday evening at the Newton Centre Playground House.

After usual opening ceremonies Booby Goldich introduced a new Knot to the boys, the sheepshank. Following this the boys were instructed by the leaders on their parts in the Parents' Night program to be held on the 4th of February in the Methodist Church at Newton Centre.

Mr. Austin brought in a new lamp for Nobscot. While he was showing the patrol leaders how to use it, Jack Considine led the rest of the troop in a game.

After some important announcements by the Scoutmaster, Mr. Paquin, the meeting ended with an impressive ceremony.

The troop wishes to express its sincere appreciation to all those who did their part in repairing the damages done to the cabin at Nobscot in the recent hurricane.

WEST NEWTON COMMUNITY CENTRE

The Moulton Club of the West Newton Community Centre presented a musical program to its members and friends on Sunday afternoon, January 15, from three to five o'clock, at the Community Room of the West Newton Library. The guests were members of the WPA singing group which meets regularly each week at the Harriet Tubman House, Boston. Tea was served following the program.

The committee in charge of arrangements included Miss Bessie Hopkins, Mrs. Edward Hatton, Mrs. Walter Cooper, Mrs. Winthrop Spikes and Mrs. Alfred Haywood.

Powers' Paragraphs

(Continued from Page 2)

when we recall the readiness of Boards of Aldermen in past and recent years in appropriating large sums of money for improvements or new city activities which are not very essential, we believe that Newton can prevent a large, unsightly warehouse which would also be a fire risk, from being erected close by a school house, by the expenditure of a few thousand dollars, it will be a good investment.

While some people may be disappointed that the investigation of the Newton police department did not result in sensational developments, the majority of Newton residents will be pleased. Revelations of corruption or other scandal among public officials or employees, do not help any city or State, and if the City Solicitor did not find anything serious the matter with the Newton police department, citizens of this city, as a whole, are glad.

The crisis in the horrible Spanish war seems at hand. Those in the U. S. A. who hate Fascism and Nazism regret the indication of a victory for Franco and his forces. Those in this country who abhor Communism will welcome such a victory. If and when it occurs, the effect on the World will be tremendous. International complications tend to England and France will result, and even this country will feel the effects. Time marches on and the future is fraught with dubious portents.

W. C. T. U.

The West Newton W. C. T. U. held their 49th anniversary in the parlors of the Lincoln Park Baptist Church on Wednesday evening.

A very delicious home-cooked supper was served under the chairmanship of Dr. N. Louise Rand. The tables were decorated to represent rainbows. An entertainment followed the supper. An impressive monologue portraying the life of Frances Willard was given by Mrs. Williamson of the Nazarene College. Miss Brenda Erikson of Somerville gave readings in a delightful and charming manner. Suzanne Hector was the soloist and Mildred Beardsley gave piano. Mrs. M. Millie Beardsley was chairman of the entertainment. Dr. N. Louise Rand brought the program to a close with a very cordial invitation to all who would like to become members of the union.

THE WEEK IN NEWTON SPORTS

NEWTON SEXTET UPSET BY RINDGE, 1 TO 0

Rindge Tech, cellar occupants of the Greater Boston Interscholastic Hockey league managed to get one foot out of that lowly berth last Saturday at the Boston arena, upsetting an overconfident Newton high team in a 1 to 0 game. Arlington's similar victory over Medford put the latter outfit back into a last place tie with Rindge and also put Arlington further out in the race for championship honors. Melrose high kept on the leader's heels by turning back Stoneham, 3 to 1, with Belmont taking Cambridge Latin into camp 2 to 0 in the other game of the series.

The first period of the Newton-Rindge game had hardly started when Paul Briand, younger brother of Frankie Briand of the Boston Olympics, got in on Cliff Goodband, Newton goalie, to score a 21 second goal. The puck from near the boards as Newton defense men anticipated the referee's whistle for an ice-puck. Both teams played poor hockey most of the period with the second session showing little improvement. Alex Skene drew a roughing penalty in the first period and McCormack of Rindge was sent off for a body check in the second. Newton was in Rindge territory most of the period but failed to capitalize. Early in the third period Jack Holter was penalized for a high stick and McCormack took another trip to the box for tripping. Rindge played a defensive game in attempt to protect its narrow margin and although Newton forced the issue failed to come through with the equalizing tally.

Tomorrow Newton meets Arlington and is out to give all its got to topple the leaders. With Arlington sticking to power plays Skene and Holter will have plenty of time to cover up so that many times Newton will probably have five men down the ice.

NEWTON FIVE TAKES LEAD IN HOOP LEAGUE

Newton High stepped into first place in the Suburban basketball league race this week by knocking off Arlington High at the Newton court on Tuesday while Cambridge Latin upset Waltham High in an overtime affair at the Watch City. It was the orange and black's third straight league victory as Newton took the two Cambridge entries, Cambridge Latin and Rindge Tech last week. The Cantabs played at Newton and went home with a 31 to 23 defeat and on Friday the Newton five went to Rindge to win 39 to 13.

Don Abbott and John Flagg are the leading Newton scorers with an average of ten or twelve points apiece in each game. In all three starts the locals have taken an early lead and maintained their advantage throughout the contests.

This afternoon Coach Simmons takes the squad to Waltham in a game which may have a decided bearing on the final outcome of the race. The Watch City team is on Newton's heels and will give everything to upset the undefeated orange and black.

The Newton seconds have also turned back their opponents with the closest fray being with Arlington this week when they came from behind to win a 15 to 13 verdict.

NEWTON ICE CARNIVAL

An Ice Skating Carnival arranged by the Newton Playground Department and the Newton Figure Skating Club, member of the U. S. F. S. A., will be held at Crystal Lake, Newton Centre, on Saturday, January 28th.

In the morning there will be races for Newton boys and girls of different age groups.

In the afternoon at 2:30 there will be Exhibition Skating by Mr. James Madden, and Miss Grace Madden, members of the Newton Figure Skating Club and former National Pair Skating Champions.

And single exhibitions will be skated by other club members. In addition there will be Barrel Jumping and Junior and Senior Group numbers.

In the evening at 8:00 p. m. there will be exhibition skating, a dance competition for club members and general dancing.

Community Fund Drive Open Monday

"Open Doors" will literally be unfolded in striking pageantry portraying the diversified human services of the 114 hospitals, social service agencies and federations which participate in Greater Boston's 1939 Community Fund at the official opening of the campaign, Monday evening, Jan. 23, at Mechanics building, Boston.

Those who have already seen the impressive 1939 edition of the Community Fund motion picture, "Open Doors," will be prepared in a small way for the great living spectacle to be presented by several hundred volunteers from all parts of Greater Boston.

Senator David I. Walsh, Gov. Leverett Saltonstall, general chairman of the 1938 Community Fund Campaign, Mayor Maurice J. Tobin and Stuart C. Rand, general chairman of the 1939 campaign, will be the speakers.

Mr. Cahill has also urged 100 per cent attendance of all Newton campaign workers at church on Community Fund Sunday, Jan. 22, that they may pledge themselves to the campaign which will continue for the next two weeks.

Mr. Rand will speak from the pulpit of St. Paul's Cathedral at the morning service.

"Starting out first thing next Tuesday morning (Jan. 24) volunteer solicitors will call upon Community Fund friends in Newton," he announced. The number of this year's contributors, he indicated, is expected to exceed even the generous response of last year, because of the widespread understanding of all that Greater Boston Community Fund agencies actually do for the people of Newton.

Many of the campaign workers in Newton plan to attend several of the report luncheons to be held at the Boston City Club beginning Wednesday, January 25, and continuing January 26, 27, 30 and February 1, 3 and 6 at 12:30 o'clock.

Mrs. Maurice Strauss of Newton Highlands is a group leader for the pageant episode interpreting Community Fund settlements and neighborhood houses.

Assisting Mr. Cahill as associate chairman are Mayor Edwin O. Childs and former Mayor Sinclair Weeks. Rupert C. Thompson has been named chairman of employee groups and Warren K. Brimblecom publicity chairman for Newton.

Newton headquarters for the Community fund drive were opened this week at 87 Union st., Newton Centre. These quarters will be open daily and evenings until 9 p. m. Captains for the various villages of Newton have been announced as follows: Newton Highlands and Upper Falls, Warren B. Kennedy; Newton Centre, Sydney B. Holden; Oak Hill, Francis S. King; Chestnut Hill, Mrs. E. P. Saltonstall and Thomas Spiro.

A general meeting of Newton volunteers was held at Bray Hall, Newton Centre last evening at which the "Open Door" motion picture was shown. Mr. Stuart C. Rand, general chairman of the drive, was the principal speaker.

Mid-Winter Meeting

The Mid-Winter Meeting of the Newton Federation of Women's Clubs on Friday, January 27, will be a Joint Meeting with the West Newton Educational Club at the Unitarian Church Parish House, West Newton. A Reception for Club members and guests will take place at 1:30 p. m., followed by dessert and coffee. The business meeting will be called at 2:30 o'clock. The program for the afternoon will be given by Mr. Phidellah Rice, Monodramatist. Mr. Rice is a dominant figure in the world of readers, and the characters he will portray will be of interest to all.

Southern Cruise For Pop Concert

The Annual Pop Concert of the Newtonville Woman's Club to be held on Friday, January 27, will take this year the entertaining form of a southern cruise, in its decorations and in type of program offered, under the direction of the chairman, Mrs. Edwin P. McGill. For local talent, the audience will enjoy the presentation of a Floradora Sextette made up of Club members and their husbands. Members of the newly-organized Junior Club will assist in ushering and in serving refreshments.

Talk on World Celebrities For Guest Night

On Thursday, January 26, at 8 p. m., in the Channing Church Parlor, the Newton Community Club will celebrate their Guest Night. Mr. James B. Pond comes from New York to talk that evening about "World Celebrities", a topic that arouses universal interest. He is Editor of "Program Magazine" and has become famous not only for his lectures, but for his method of presenting them. The president of the Town Hall Club of New York has likened Mr. Pond to John Kendrick Bangs, which is high praise, indeed, for human and humorous stories about famous folk he has known.

Ken Reeves and his orchestra will furnish music following the lecture. Every Club member will enjoy this fine orchestra's music.

Mrs. Harold L. Higgins and Mrs. Alexander T. Skakle will have charge of the ushering.

Club members are entitled to bring one guest free of charge, and on payment of a fee of 50 cents each, they may bring additional guests.

Refreshments will be served by Mrs. Allan N. Kee and her committee.

A Reception will be held while the chairs are being removed for the dancing following the program. Mrs. Frank H. Briggs, president; Mrs. James B. Melcher; Mrs. Maurice W. Dennison; and Mrs. Ray A. Euston, vice-presidents; and Mr. James B. Pond will be in the receiving line.

The following will act as hostesses for the evening: Mrs. C. H. S. Tracy, Miss Hope R. Mudge, Mrs. Lawrence Garvin, Miss Margaret H. Aubin, Mrs. A. Thomas Sundborg, Mrs. Harold P. Fuller, Mrs. Ralph M. Patterson, Mrs. George E. Rawson, Mrs. Howard M. LeSourd, Mrs. George W. Wyman, Mrs. Arnold C. Barker, Miss Emma D. Coolidge, Mrs. C. Bacon, Mrs. Francis L. Buswell, Mrs. Harold L. Higgins, Mrs. Carroll Dwight, Mrs. Louis J. Hunter, Mrs. Donald B. Baker, Mrs. Burdett P. Mansfield, Mrs. Earl P. Stevenson, Mrs. Alexander T. Skakle, Mrs. Walter E. Brownell, Mrs. Paul H. Drake, Mrs. Frederick K. White, Miss Adelaide B. Ball, Mrs. Ramon Gustin, Mrs. Alfred H. Handley, Mrs. Arthur J. Mansfield, Mrs. Beverly G. Second, Mrs. Raymond B. Ladoo, Mrs. John L. MacNeil, and Mrs. Allan N. Kee.

Other Events And Programs Of Interest

Waban Woman's Club To Hear Musical Trio

Mrs. W. B. Stevenson of the Music committee of the Waban Woman's Club will present a Musical Trio at the Neighborhood Club House, at 2:30 p. m., January 23, composed of Miss Louise Came, Harpist; Mr. James Pappoutsakis, luteist; and Mr. Leo Litvin, Pianist. Miss Came's home has always been in Waban with the exception of two years spent studying music in Paris. She was harpist with the Boston Symphony Orchestra, 1937-1938, and is now on the faculty of the New England Conservatory and of the Longy School of Music. Mr. Pappoutsakis is a member of the Boston Symphony Orchestra and also on the faculty of the Longy School of Music. Mr. Litvin is staff pianist for Yankee Network and WNAC and pianist for Boston "Pops."

This annual program of music is always one of the most delightful afternoons the Club offers. Mrs. Ernest A. Hale, president, will preside, and Mrs. Dexter Marsh will be tea hostess.

Newton Highlands C. L. S. C.

The Newton Highlands C. L. S. C. will hold its next meeting, Monday, January 23, with Mrs. Mark Ward, 24 Mountford rd., Mrs. Chester W. Tudbury will be in charge of the program.

Red Cross Work

The Newton Centre Neighborhood Club will do work for the Red Cross at its next meeting on January 23rd, at 6:45 p. m. Miss Priscilla Ordway, of 111 Gibbs st., Newton Centre, will be the hostess. Mrs. Henry T. Patch will be in charge of the Supper. She will be assisted by Miss Hannah Bond, Mrs. Robert Austin, Miss Barbara Sutton, Mrs. John S. White, Jr., and Miss Katherine Wilkins.

Illustrated Talk On Roses

On Tuesday evening, January 24, at 8 o'clock, the Newton Highlands Garden Club will meet at the home of Mr. and Mrs. P. I. Merry, 43 Harrison st. Mr. George A. Sweetser, Landscape Designer and Horticulturist, of Wellesley Hills, will speak on "Roses," illustrated with slides of the newest and best roses to plant. Mr. Sweetser is a member of the American Rose Society, and was one of the judges at the Cleveland Rose Show in June 1937.

Progress In Medicine And Surgery

On Tuesday, the 24th of January, the Auburndale Review Club will meet at the home of Mrs. H. Alfred Hansen, 5 Chestnut rd., to consider "Progress in Medicine and Surgery." Mrs. William N. Tenney will read a

paper on "Occupational Therapy"; Mrs. E. Sherman Chase one on "Mental Science"; and Mrs. Richard Walter one on "One Hundred Million Guinea Pigs" (a book review).

Guests To Be Entertained By Madrigal Singers

The Madrigal Singers will furnish the program for the Guest Meeting of the Social Science Club of Newton to be held Wednesday, January 25, at 10:30 a. m., at the home of Mrs. Freelan O. Stanley, 337 Waverley ave., Newton. The hostesses will be Mrs. Newton A. Merritt and Miss Florence C. Bacon.

Newtonville Junior Club

Dr. Helen McGillicuddy of the Massachusetts Society for Social Hygiene will present the second in a series of four lectures on the subject of "Love and Marriage" to the members of the Newtonville Junior Woman's Club and their guests on Wednesday evening, January 25, at 8 p. m.

Dr. McGillicuddy in her first lecture spoke on the importance and necessity of Home Partnership in the attainment of marital happiness. She advised the Club members to cut down on the speed at which this generation is traveling, stating that the young people of today were given much greater liberties than those of yesteryear and, needless to say, took advantage of them.

There will be a short business meeting prior to Dr. McGillicuddy's talk, during which numerous pending matters will be discussed and voted upon. The meeting will be held as usual at the Newtonville Woman's Club House on Washington park.

Current Events Group to Feature Legislation, Books and Plays

The Current Events Group of the Auburndale Woman's Club will hold their January meeting on Friday, the 27th, in the Lounge of the Auburndale Club House.

A change from the topic scheduled in the Year Books has been made, and instead of a program on Education, the morning will be given to Legislation. At 11 o'clock, Mrs. Arthur W. Descoe, Legislative chairman of the Club, will present Mrs. Albert Farnsworth, vice-chairman of the Legislative committee of the State Federation, of which committee Mrs. Descoe also is a member. Mrs. Farnsworth will take part of the time allotted to her to tell about the Massachusetts State College at Amherst, where she is a member of the Women's Advisory Committee. As she feels there is a great need of a Women's Building on the campus, she will tell of conditions existing there. By the time this meeting will be held, the Council of the State Federation will have decided on the bills now pending before the Legislature which they will consider, and Mrs. Farnsworth will outline those chosen for particular study this year.

At noon, coffee will be served by the committee, to supplement the box lunches. The Literature committee of the Auburndale Club, Mrs. Eldin Lynn, chairman, will open the program for the afternoon with Book Reviews. Mrs. James Dunlop, Club president, will review "All This and Heaven, Too," by Rachel Field. "Trending into Maine," by Kenneth Roberts, will be given by Mrs. J. Arthur Furbish, a Charter member of the Club. Mrs. Charles Valentine, a member of the Drama committee, has chosen for the Play Reading some of the more humorous scenes from Rostand's "Cyrano de Bergerac" which will be read by members of the group.

This meeting is open to all Club members, and guests may be brought at the usual fee.

Dinner and Theatre Party

Once a year the Business and Professional Group of the Auburndale Woman's Club, has a dinner and theatre party, and Miss Emily Goldsmith, chairman for the evening, chose the evening of Tuesday, January 10, for this event.

The members of the Group met in Auburndale and were driven to the Stuart Homestead in Wellesley Hills, where they had dinner together, and from there went to a near-by theatre.

The guests of the Group were the president of the Auburndale Woman's Club, Mrs. James Dunlop; and the two directors, Mrs. Theodore Dearborn and Mrs. Ernest F. Drew.

American Home Group Entertained By Members

Two members of the Auburndale Woman's Club were the entertainers at the January meeting of the American Home Group on Tuesday evening, January 10. The hostess for this meeting was Mrs. Mervyn J. Bailey, who opened her home on Central Close to the group.

Mrs. George Armstrong, who had been at the Convention at Vassar for six weeks during the summer, with her small daughter, gave an illustrated talk on her experiences there.

This course in Euthenics which was given proved to be a splendid innovation in Mrs. Armstrong's opinion. The living-quarters for parents and children are separate, she stated, and the families are united only once a day, and then only for one hour. The age of the children admitted ranged from two to ten. Lessons and recreation both are stressed.

The second talk was by Mrs. Edward B. Gray, who with her husband had enjoyed a six weeks' trip across the water, and her slides were of England, particularly of London, of France, and the larger part were of

At the close of the program, refreshments were served by the hostess, Mrs. Bailey, who had invited Mrs. James Dunlop, president of the Club, and Miss Alice Gardner to pour for the occasion.

Newton Community Club

Dr. D. Brewer Eddy spoke before a large audience of the Newton Community Club, on Thursday, January 12, in Underwood School Auditorium, handling his subject, "America Faces Dangerous World Trends," in a most pleasing and forceful manner. The first-hand information which he brought of the conditions existing in various countries in Europe in regard to their preparedness for war and their attitude toward it, was most enlightening.

Religion is trampled in the mire in Fascist countries for all time, he declared. Stopping exports to Japan and supplying China with necessary equipment would be of great financial benefit to this country, he stated.

He feels that if the United States were to have a good house-cleaning and view the situations in all states individually, that with strong leaders from both parties investigating the WPA in local communities, a great deal could be accomplished for the good of all concerned.

A moving picture, "The Open Door," was shown, giving a glimpse of the various agencies which the Community Drive of Greater Boston assists. Mrs. Joe W. Gerrity and Mrs. Louis J. Hunter are club members serving on that committee.

Mrs. Arthur J. Mansfield announced that if there were enough members interested, a Choral Group would be formed.

Mrs. F. C. W. Bray, Mrs. Paul H. Drake, Mrs. Frank E. Wing, and Mrs. George B. Ryan were the hostesses of the afternoon.

A Food Sale was held under the chairmanship of Mrs. George E. Rawson, Mrs. Wilson, Mrs. Beverly A. Secord, and Mrs. Carleton L. Shaw served with her.

The chairman of the Conservation committee, Mrs. Donald V. Baker, has arranged for a talk on "Flower Arrangement in the Home," by Mrs. Frank A. Day, Jr., at the home of arranged for a talk on "Flower Arrangement," Monday, January 30, at 2:30 p. m. A small charge of 25 cents will be collected at the door to defray cost of flowers. Any money left over will go toward a fund for the planting of flower borders in front of the Newton Public Library.

West Newton Women's Educational Club

Mrs. Fred L. Pigeon, fourth vice-president of the State Federation, who was a special guest at the regular meeting of the West Newton Women's Educational Club, held on January 13, at the Unitarian Parish House, urged all clubwomen to keep "Good Citizenship" foremost in their minds and to be alert to what is going on in and about their communities.

Due to the illness of the Club president, Mrs. Francis H. McCrudden, Mrs. Patrick Duncan, first vice-president of the Club, presided.

Mrs. D. Earle Brackett, Program chairman, introduced the speaker, Dr. Samuel McCauley Lindsay, whose topic was "Imagination and Life." The most useful gift we have, he said, is Imagination, and we should use it at all times for better understanding of one another. He continued, that children live in a creation of a fantastic world of dreams, and that adults should conceive of better communities, study their towns and cities more, and dream of a better America, to liquidate poverty.

Mrs. Seabury Short, of Concord, sang a delightful group of English, Welsh, Irish, and American Folk Songs, giving a short description of each, all very much enjoyed. Mrs. Pratt accompanied Mrs. Short at the piano.

Newton Taxpayers Hear Warning

(Continued from page 1)

of a trained engineer, such as it had a few years ago, and who was discharged by the present Mayor over the objections of the Board of Aldermen. Floyd attacked the prevalence of "fixing" cases for those who violate traffic and parking laws and regulations, and candidly said that even many listening to him resort to this practice.

Alderman Floyd told of the huge increases in the cost of running the city in the past 10 years; the difference between the 1928 and 1938 budgets having been over \$1,000,000. In that period the School Department expenses increased \$500,000, the Street, Playground and Health Departments have had large increases, and the welfare burden of Newton last year had reached the figure of \$703,292. He said that much of the increase in the Street Department cost has been caused by the expense of removing snow and sanding streets in the winter seasons, and he advocated that the city operate its own sandpits.

Norman McDonald, secretary of the Massachusetts Taxpayers' Association, claimed that Newton does not have a properly constructed municipal budget. He said that the City of Boston is near financial collapse, and

that if it becomes municipally bankrupt, the State will have to bear the burden. McDonald said that Governor Saltonstall's predecessors have left him "behind the 8 ball," facing a deficit of \$25,000,000 the first year of his administration, and \$60,000,000 the second year, and that many industries have gone out of Massachusetts because of high taxes here.

Representative William B. Baker, who for the past six years, as a member of the Ways & Means Committee of the Legislature strove to stop extravagant spending of taxpayers money by several State administrations, told of some of the reasons for the great increase in the cost of running Massachusetts, and the dire need of economy.

Newton Police Capture Burglars

Captain Goode and Lieut. Crowley of the Newton police on Monday night arrested at Worcester two young men on charges of having burglarized several Newton homes. The clue which led to the arrest of the pair started with the finding of some of the stolen loot in Boston pawnshops. In the Newton court on Tuesday, Donald Whitman, 23, of Orchard st., Worcester, and Donald Gillon, 24, of Orchard st., Worcester were charged with having burglarized the following residences—William Richardson, 228 Highland ave., West Newton; Paul Bauer, 29 Sylvan ave., West Newton; Louis Heller, 1650 Commonwealth ave., West Newton; Nicholas Richardson, 81 Prescott st., Newtonville; Lucius Thayer, Estabrook rd., West Newton. The police found furs, jewelry and other loot valued at about \$5000 in the attic at Whitman's home. The cases of the pair were continued until January 28 and they were held in \$5000 bail.

Following their appearance in the Newton court Whitman and Gillon were questioned at police headquarters by police from Worcester, Leominster, Wellesley, Needham and Fitchburg regarding burglaries in those places. It is alleged they went to houses daytimes posing as salesmen, in order to spot the residences, and then returned some night and made entrance by breaking a window.

McKay Nails Mayoralty Rumor

(Continued from page 1)

a municipal golf course, although there are several sites in the city awaiting development as playgrounds. He said that Newton has the highest cost per capita of twenty-three cities of the same approximate population, for playground operating costs. Newton's figure is \$1.54, that of the next city is \$1.15, and the lowest cost—that of Elkhart, Indiana, is 54 cents per capita. He said that of course considerable amounts charged to Newton playgrounds the past several years have been for materials for WPA projects. He stated that the Aldermen cannot junk or extensively curtail a department by withholding appropriations, but the Aldermen can call a halt to new adventures by a department. Mr. McKay said that managing the affairs of Newton is in the class of big business and that the directing head should be a full-time, keen, energetic, capable, trained business executive, and he hopes that all candidates on the ballot next December will have those qualifications.

Unregistered Car Driver Fined \$50

Harry Kinsman, 125, Aspen ave., Auburndale, was fined \$50 by Judge Mayberry in the Newton court on Wednesday for driving an unregistered car. He was found not guilty of refusing to surrender the plates to policeman David Barr. Kinsman told the judge that he had been notified by the Registry of Motor Vehicles that his registration had been revoked before the police came to his house in the drive to take plates from persons who had not paid the excise tax.

Ronald Lamont of 391 Lexington st., Auburndale, was fined \$25 by Judge Mayberry in the Newton court on Wednesday for driving a car so as to endanger the safety of the public. He appeared, on December 28, a car driven by Lamont collided with another car and a child was injured.

WOMEN'S CLUBS

(Continued from page 6)

Hospital Aid Association was brought to a close on Tuesday morning, January 10. At this Annual Meeting, held at the Newton Hospital, the president, Mrs. Maynard Hutchinson, presided.

The recording secretary, Mrs. Theron B. Walker, in her annual report, told of some of the good services done by the Association for the Hospital. She reported two scholarships and a fellowship given to members of the nurses group, and announced that a gift had been received from friends of the late Mrs. Clarence Weaver, for which some suitable memorial in the new Nurses Home would be chosen.

The report which was of most interest perhaps to the audience was that of Mrs. Francis H. Williams, business manager of the Hospital Aid Benefit Shop located at 735 Washington st., Newtonville. Mrs. Williams stated that while this thirteenth year of the shop had been a disappointment from the point of view of money returns, the contacts made had been of great value to a large number of people. Many a family has kept nicely dressed in the past year in garments from the stock at the Shop, and at the same time has kept their self-respect by not accepting charity. She urged that each Association member put down on their calendar a reminder to save gifts for the usual Treasure Sale as well as for the usual gifts of clothing. Her plea was that the Association hold up the hands of those carrying on this work.

Miss Bertha Allen, Superintendent of Nurses at the Hospital, reported on their past year which showed a large increase in services rendered. Part of this is due to the fact that an evening clinic is now being held, which enables those employed during the day to attend. At the close of Miss Allen's talk a chorus of forty-two student nurses sang a group of two songs.

Mrs. Hutchinson, in introducing the speaker for the morning, explained that Officer Sweeney who had been expected to give a talk on Narcotics, was detained by Court duty, and in place Edward F. Kirby, of the Boston Homeless Squad, had been sent by Police Commissioner Timilty. Mr. Kirby explained that this was the first time this talk had been given before an audience of women. He showed pictures of the headquarters on Berkeley st., and spoke first of the importance of the scientific use of photography and of finger-printing. He made the statement that a finger-print made at birth would be unchanged sixty or seventy years later.

Among his pictures were many of accidents caused by drunken drivers. From these he turned to some of murders, not pleasant to look upon, but important in the solving of the crimes which had been committed. He closed his talk with the suggestion that each person be finger-printed, so quickly aiding in identification, if and when needed.

Luncheon was served in the large dining-room at which time the report of the Nominating committee was read by Mrs. Dana Dutch. The following officers were elected: President, Mrs. Maynard Hutchinson; vice-presidents, Mrs. Charles B. Floyd, Mrs. Pitt F. Drew, Miss Mary C. Sawyer, Mrs. William V. Taylor, Mrs. Dana Dutch, Mrs. Charles Riley, and Mrs. D. Morley Lodge. Mrs. Theron Walker was re-elected recording secretary; and Mrs. Arthur H. Shannon, corresponding secretary. The treasurer is Mrs. Edward J. Sawyer and her assistant is Mrs. Warner Eustis.

Zonta Club

The assembling of the Waltham and Newton Zontians with the Waltham Rotary on January 9th was an occasion to be remembered with marked pleasure.

Mrs. Eleanor Carson, president of the Waltham Zonta Club, greeted the guests graciously as they arrived. Then they were seated at tables appropriately arranged in accordance with one portion of the Zontian insignia, banding the assembly together "For a Purpose."

After a cordial welcome Mrs. Carson spoke of the intention of the Waltham Club to become interested in and well informed upon all business and economic ventures in Waltham, expressing an endeavor to induce general interest in all civic affairs.

One realized the scope of business and professional enterprise as every member gave her individual classification.

Following the banquet at Howard Johnson's, 39 Main st., Waltham, Miss Alice Drayton, a Boston Zontian, and organizer of Zonta Clubs in this district, rendered two piano selections, "modern and impressionistic," "Island Spell," by John Ireland; and "A Waltz," by Anna Zucca.

Miss Inga Johnson, assistant Deputy at Sherborn Reformatory for Women, was the guest speaker. She gave one clearly and simply a word picture of the life at the Reformatory, leaving an impression that it is not so formidable a "retention-home" as is imagined. Industries and hobbies of various kinds are promoted. A glee club and classes along educational lines are well attended. The women are always busy and nearly all are doing what they like to do. The audience was left with the impression that fairness was exercised at all times and that Miss Johnson, had endeared herself to the unfortunate inmates.

With song, story, and favors the Joint Meeting of the Zontians and Rotary on January 9th, with the Waltham Club, was an informative and greatly enjoyed get-together.

This column has related many instances in which a dog has saved the life of his master at the expense of his own. Today I am going to tell you about a 13-year-old boy and his dog, but in this case it was the boy who gave his life to save that of his cherished pet.

The boy was Stanley Smith, who lived with his widowed mother in an apartment house in Jersey City. It was a Saturday morning and Stanley was playing with his pet in the yard when his mother called him to lunch. Followed by the dog he trudged to the top-floor apartment where they lived. During the meal the dog began to bark and run back and forth towards the door leading into the hallway. At first Stanley thought the dog wanted to play, but as the animal continued to play, but as the animal continued his actions, he sensed that something was wrong and went to investigate.

On opening the door he was greeted by a billow of smoke. As escape through the hallway was cut off, mother and son accompanied by a woman neighbor ran to a fire escape that led to the roof. The boy assisted both up the fire escape. Stanley's dog was below, standing in the window barking.

Disregarding the flame and smoke the boy climbed down to rescue his pet. Grasping the excited Terrier and tucking it under one arm he started up the fire escape. Before he could reach the top a cloud of smoke and flame rolled over him, causing him to lose his grip and topple to the ground, his dog with him.

Both boy and dog were seriously injured. The Terrier recovered but Stanley made the supreme sacrifice in saving his dog.

Dogs do at times get into fights. But few male dogs will attack a female dog, nor will a large dog often attack a smaller one. When your dog runs up to a strange dog on the street, do not call him away too quickly. If you do, the other dog is liable to think your pet a coward and attack him as he walks away. When trying to separate two fighting dogs, never whip them as it only encourages them to continue fighting.

A quick way to stop a dog fight is to choke the offending animals by placing a strap or chain around their necks. Care should be taken in doing this, as a dog in the turmoil of battle may unknowingly bite his master. Another method is to throw water over the dogs. In stubborn encounters add a small amount of spirits of ammonia to the water.

Sometimes one dog will get hold of another dog and refuse to let go even when the other dog has stopped fighting. In extreme cases, particularly when a dog's life is in danger, you might resort to the following in order to make a dog loosen his grip. Hold a lighted match close to the offending dog's nose. It will usually accomplish the desired result, but should be employed only when other efforts have failed.

Bruce Bliven Declares Muzzling of Pressure Groups Most Ineffective

Tells Forum Best Way To Fight Propaganda Is To Respond With More Worthwhile Propaganda

The best way to fight propaganda is with propaganda, Bruce Bliven, editor of The New Republic, urged at the Newton Community Forum Sunday.

Chairman Kirby F. Mather declared that the substitute speaker had given Newton its best forum session of the year.

"The best answer to pressure groups is not to try to muzzle them, but to respond with more worthwhile and genuine propaganda," the speaker said. "The answer to Nazis in America is not to suppress them, because to do so we would be using the methods of fascism itself, but to emphasize the values inherent in democracy, what discipline is necessary to democracy, our readiness to make sacrifices and to do the things necessary to keep our democracy alive."

"Democracy is a parallelism of forces and is safest when there is more or less of an equilibrium between powerful forces pushing from one side or another. Pressure groups try to present their arguments in those mediums which are reputedly impartial. The first thing to note is that the newspapers are the most powerful medium. They are a danger because they may spread the opinions of a small group. For instance, the middle class is heavily over-represented by newspapers in comparison with the working class."

"Likewise the radio badly needs a fixed role on the subject of whether a person shall because he has money enough to tie up a radio network have unlimited time in which to broadcast his opinions vastly. This question might well be left to a committee of prominent educators and I suggest that Mr. Maher might be the kind of man who should serve on it."

"Democracy needs such an adjustment between pressure groups as to insure a basis for the greatest welfare for the greatest majority of our citizens."

"The press is far from being a noble Sir Galahad, but 99 per cent. of the reputed coercion of the press by advertisers is no coercion at all but comes from the fact that the publishers and the advertisers are pretty much alike, think alike and have the same opinions."

Mr. Bliven said that the counter charges between the New Deal and the press were unfounded, that the press had been treated fairly in Washington except for a brief attempt by Gen. Hugh S. Johnson to exclude certain reporters from press conferences, that had ended when the general was promptly bounced down in his chair. In the speaker's opinion the NRA never threatened the freedom of the press.

On the other hand he declared that on the whole the papers of the country had been fair to the administration, few papers misrepresent the facts or fail to keep their readers informed of what has gone on. He granted that it is their privilege to express any opinions in editorial columns, but, although news columns have been generally fair, he said the editorials have been awful, frequently misrepresenting facts that could be checked in news columns of the same papers.

Mr. Bliven told of other means used by public utilities to influence public opinion and declared that millions of text books in elementary economics have been accepted free by the high schools of the country from these business interests. The books appeared to be very good except that they gave only one side of the question in those chapters dealing with private ownership of public utilities. He also charged that college professors of economics have been softened toward the subject by cash retainers from business.

New Minister At Channing Church

Irving Russell Murray of Somerville, son of Dr. and Mrs. Phillip I. Murray, has received a call to become minister of Channing Unitarian Church, Newton. He has preached at that church on several Sundays and has created a very favorable impression.

Mr. Murray was born in Somerville 23 years ago, graduated from Somerville High School in 1932 and from Harvard College in 1936. While in college he was active in debating, twice winning the Coolidge medal. He

Hyde School Hall May Be Abandoned

Because a State Building Inspector recently declared that fire escapes must be built on the Hyde School at Newton Highlands if the assembly hall on the third floor is to be continued to be used, the School Department may favor the abandonment of the hall for assembly purposes, and the creation of an assembly hall on the first floor by removing partitions between two classrooms. It will cost \$3500 to place fire escapes on the school and \$3000 to change the two classrooms into a hall. It is said that the classrooms are not needed at the present because the new Oak Hill School has taken many pupils from the Hyde School.

Newton Man Celebrates His Ninetieth Birthday

Oscar Fred Black of 32 Jefferson st., Newton, observed his 90th birthday on Wednesday. He was visited on Wednesday afternoon and evening by many of his friends and relatives and was the recipient of a number of gifts. Mr. Black and his wife observed their golden wedding several years ago. They have one son—Charles H. Black of Somerville. Mr. Black was formerly a painter by occupation and he has been a resident of Newton for about 50 years.

Two Bad Fires At Newtonville

Two fires in cellars of adjoining stores on Walnut st., Newtonville, occurred on Sunday evening and Tuesday night and gave Newton firemen several hours of difficult work. The first fire was on Sunday evening in the cellar of the Star Market at 304 Walnut st., and caused damage estimated at about \$10,000. The cause is supposed to have been an overheated incinerator which is located at the rear of the cellar. A passerby saw smoke issuing from the building and turned in an alarm at 6:37 from Box 23. The firemen had to use gas masks and worked on the fire over 3 hours. Smoke and flames worked into the cellar of the F. W. Woolworth store at 306 Walnut st.

At 12:30 a. m. Wednesday morning a pedestrian noticed smoke issuing from the building where the Woolworth Store is located at 306 Walnut st. A phone call was sent to fire alarm headquarters. The fire was discovered burning in the cellar of the 5 & 10 cent store and acrid fumes from many of the articles stored there forced the firemen to use gas masks and work under great difficulty. It was three hours before they returned to their quarters. The damage was estimated at about \$4000. The fire is thought to have been caused either by careless smoking, or spontaneous ignition of an oily rag.

Newton Used Less Water In 1938

Water Commissioner Joseph J. Murray reports that he has been advised by Comptroller White that the Water Surplus, over expenditures, for the year 1938 is \$27,000. The water revenue for the year 1938 was \$20,639 less than the revenue of 1937 due to the abnormal amount of rain during the summer months. Pumping Station records show that the great losses were incurred during the months of July, August and September, when the amount of water pumped was about one-half of that pumped in other years.

Two Women Hurt When Car Skids

Two Waltham women were seriously injured Tuesday evening at 5:15 when the automobile in which they were riding skidded on the icy surface of Crafts st., near North st., Newtonville, and crashed into a tree. Jean Grinnell of Mack st., Waltham, received internal injuries and fractured ribs, and Thelma Bolton of Weston st. received a possible skull fracture and cut scalp. Katherine Robinson of South Lincoln, driver of the car, and Anna Nadeau of Crescent st., Waltham, another passenger, received minor injuries. The four women were employed at the Raytheon Company in Nonantum and were on their way to their homes.

Police Benefit Asso. Officers

At the annual election of officers of the Newton Police Benevolent Association last week Patrolman Joseph B. Lyons was re-elected president, and Sergeant Thomas Lehan secretary-treasurer. The following directors were elected: Serg. Thomas Burke, Patrolmen Robert Turner, Charles Cody and James McHugh.

Newton Elks Honor Gov. Saltonstall

Governor Saltonstall was the guest of honor at a testimonial banquet tendered him by Newton Lodge of Elks in the State Armory at West Newton on Wednesday night. About 500 were present. Mayor Edwin O. Childs was toastmaster and the speakers included Douglas Furbush, Exalted Ruler of Newton Lodge, Wilfred Chagnon, chairman of the committee in charge; Col. Arthur Ryan, of the 101st Quartermasters Regiment; Deputy Daniel Barry of the Elks, Senator Arthur W. Hollis and John Malley of Chestnut Hill, Past Grand Exalted Ruler of the Elks. Invocation was given by Oswald McCourt, P.E.R., of Newton Lodge of Elks, and the 11:00 o'clock toast was given by David Greer, P.E.R. A musical and vaudeville program was presented.

Governor Saltonstall thanked his fellow members of Newton Lodge for the tribute to him and contrasted peaceful conditions in this country with the tragedy in Spain as proof of the blessing of democratic form of government. He said if our emotions are in the right channel, this country need not fear for the future. The reception committee included the following officers and members of Newton Lodge of Elks—Douglas Furbush, John L. Grant, Ernest Bleiler, Bernard Hafey, Thomas Copping, D. Walter Kearns, Matthew Hurley, Alfred Guzzi, Forest Sloan, Oswald McCourt, George King, Stephen Hughes, William Sprad, William U. Fogwill, John Bibbo, John Cullen, John Feeney, David Greer, John Jansse, Malcolm McKinnon, John Monahan, Henry Morrison, Carl Eschebach. The general committee was composed of Wilfred Chagnon, D. W. Kearns, William E. Earle, M. John Enegess and W. U. Fogwill.

Bids on Library At Newtonville

Bids were received on Wednesday by Public Buildings Commissioner Campbell on the new branch library at Newtonville. The lowest bid was from the Platt Contracting Company of Cambridge, \$82,241; Crane Construction Co. of Allston was second lowest, \$82,280; Tocci Brothers of Newtonville were third with \$83,674; Chandler Const. Co. of Boston, fourth, with \$84,685. There were 22 bidders, among them Richard White Sons of West Newton, whose bid was \$95,072. The highest bid was \$103,490. The three lowest bids will be sent to the Regional Director of the PWA in New York for approval.

Move To Have High School Power Plant Rebuilt

George Kellar Urges The Modernization of Heating System At School Committee Meeting

A modernization of the heating and power plant at Newton High School, the cost of which is estimated at \$40,000 to \$50,000 was urged by George Kellar, assistant to the Superintendent of Schools, and Secretary of the School Department at the meeting of the School Committee on Monday night. The committee, after hearing Mr. Kellar's explanation of conditions at the plant, voted to ask Mayor Childs to recommend an appropriation of \$100,000 to have a survey made of the plant. Mr. Kellar said that the boilers at the heating and power plant are 30 years old, that no improvements have been made on the plant since 1930, and that large, additional buildings have been erected in the high school group since the plant was installed. He said it is far more economical to generate power at the plant for the high school buildings, than to purchase it from the Edison Company.

Supt. of Schools Warren informed the committee that with the opening of the new Franklin School next September, a saving of \$500 yearly will be effected in bus expenses, as it will not be necessary to provide transportation for a number of pupils who in the past lived considerable distances from the Davis and Franklin schools. Mr. Warren told the committee that all but 2 of the classrooms in the new school will be filled when it will be opened.

Mayor Asks Aldermen To Study Possible Changes In Playground Dept.

Split Among Five Members of Commission Causes Muddled Condition; Monthly Meeting Cancelled

Mayor Childs has sent a communication to the Board of Aldermen asking the Board to "make a study and re-examination of the ordinances relating to the Playground Department, to ascertain whether in the judgment of the Board any changes should be made." In his communication Mayor Childs stated that City Solicitor Bartlett is working on proposed amendments to the Playground Department ordinances, and may have some recommendations.

The Playground Department has evolved into a rather muddled condition. There is a decided split among the five members of the Playground Commission on matters of the policy of the department and its administration. A sub-committee of two members of the commission was appointed to bring in a report on program and personnel. The report of the committee was to have been presented to the Playground Commission at its last regular monthly meeting, but the day preceding that meeting, Chairman Ralph Henry of the Commission notified the members that the meeting would be postponed because he and another member could not attend, and he did not want important budget matters acted on unless all members of the commission were present. No meeting has since been called.

One of the important things referred to in the report of the sub-committee which would have been presented had the scheduled meeting of the Playground Commission been held, was the status of Ernest Hermann, Superintendent of Playgrounds. The report stated that Mr. Hermann will reach the age of 70 in March, and not be-

ing the head of the department, will have to retire in accordance with Civil Service rules. The contention was made by some that Mr. Hermann is the department head, but the sub-committee took the stand that the department is headed by the Playground Commission. Prominent city officials also take this view, stating that the status of the Superintendent of Playgrounds, under the present rules of the Playground Department, is the same as that of the Librarian or the Health Officer.

Last year a survey of the Newton Playground Department was made by Weaver Pangburn, a representative of the National Recreation Association. He made a number of recommendations, and stressed that more attention shall be given to community centers in Newton than has been given in the past. The sub-committee of Playground Commission members which made the study of program and personnel, was composed of Lyscom Bruce and Mrs. Theresa Marshall. The committee recommends that the Playground Department have a full-time head. Mr. Hermann has been on a part-time basis. Until the Board of Aldermen receives the report from the City Solicitor relative to the proposed change of rules affecting the Playground Department, until the Playground Commission holds its postponed regular meeting, and until something definite occurs, either to continue the Playground Department under the present rules, or the Board of Aldermen agrees or refuses to make changes in the set-up of the department, the future of this important city activity is more or less uncertain.

Girl Resists Young Bandit

Miss Nellie Arnold of 26 Lindberg ave., West Newton, was walking on Waltham st. near the Davis School about 6:45 Saturday evening when a boy about 13 years of age grabbed her handbag. The girl fought off her assailant and he ran in the direction of River st. Miss Arnold gave a description of him to the police.

Newton Residents Give Aid To Community Fund

Newton joined with the Greater Boston throng of 15,000 volunteer workers who set out this week in the united effort of 46 cities and towns of eastern Massachusetts to oversubscribe the \$4,645,000 minimum goal of Greater Boston's 1939 Community Fund campaign.

The campaign will continue through February 7, but early subscriptions are urged by William M. Cahill, community chairman for Newton, that they may be included in the "Dutch Treat" report luncheons, beginning Wednesday, January 25, at 12:30 o'clock at the Boston City Club.

At St. John's Episcopal Church of Newtonville on January 25th, the moving picture "The Open Door," will be shown at one-thirty after the morning sewing meeting. There will also be a speaker from Crusade headquarters.

Mr. Ludwigan, supervisor of the Central Congregational Sunday School of Newtonville has arranged for a motion picture and a speaker in behalf of the Community Fund drive, on January twenty-ninth at 10 a. m.

Hageman Promoted In T. V. A.

Harry A. Hageman, former resident of Newton Highlands and Public Buildings Commissioner of the City of Newton, has been promoted to the position of Chief Design Engineer in the Tennessee Valley Administration. He will have charge of the preparation of designs and specifications for all dams, reservoirs, locks and powerhouses. He had been serving as chief hydraulics engineer.

SETTING THE PROPER COURSE

This week Governor Saltonstall presented to the Massachusetts legislature the first biennial budget in the history of the state. The total expenditure deemed necessary for the coming year is placed at approximately \$190,000,000. The Governor's accompanying message was outspokenly frank and clear. It not only called attention to the excessively heavy burden caused by the extravagant expenditures of recent years but pointed out that either new revenues must be found or governmental services drastically reduced. Governor Saltonstall also placed emphasis upon the fact that real estate, already burdened with seventy per cent of this load, cannot endure any additional share. Another salient feature of the message is the fact that the total early cost of highway work in the municipalities of the state is placed at about \$35,000,000 and that a proposed increase in the gasoline tax will enable the state to aid in taking care of this local burden. There were other tax proposals, including a cigarette tax, an electrical energy tax, a gift tax, increases in the inheritance tax and the state's take on racing revenues, as well as a decrease in the income tax exemption. Taken as a whole these increases would be expected to reduce an estimated \$32,000,000 state tax upon the cities and towns, falling directly upon real estate, to approximately \$20,000,000, in itself an extremely heavy burden. No new tax or increased tax is ever popular and there is no question that all of the proposals will encounter opposition and criticism before their adoption or rejection. As against these suggestions for new revenues Governor Saltonstall also stressed the desirability for careful consideration of possible departmental reductions and showed the way by asking for a five per cent reduction in the expenses of his own department. In the final analysis it is quite probable that the State legislature will adopt a prudent course of a combination of warranted reductions, together with necessary tax proposals which will be designed to halt the mounting taxation upon real estate.

THE NEED FOR A MUNICIPAL AUDITORIUM

At various times in the past the necessity for a municipal auditorium has been pointed out. The lack of such facilities has unquestionably caused numerous applications for the use of the high school auditorium, many of which have been granted and many of which have been rejected because of the desirability of adhering to certain more or less desirable restrictions which the school committee in past years have imposed. A few months ago this newspaper conducted an educational enterprise in the form of a cooking school in one of the most desirable smaller private halls in the city. Many favorable comments were received by women of the various Newtons on the opportunities which this cooking school offered. However, the size of the hall, together with the fact that it was not centrally located made it desirable to obtain the use of a larger and more centrally located auditorium. Consequently an application was filed for the use of the high school auditorium during the vacation period in order that afternoon sessions of the cooking school could be held without interfering with the educational program. We take no issue with the school committee in its rejection of the application. We do, however, desire to reaffirm our belief that a municipal auditorium, which could and would be used for numerous functions throughout the year would be an asset to a city of the character of Newton.

Newton Man, Famous Athlete 50 Years Ago, Still Active At 74 Years of Age

A popular feature of THE NEWTON GRAPHIC for several years has been "Newton in the Past," news items culled from issues of the GRAPHIC printed 50 and more years ago. Most of the old residents of Newton re-

JOHN LEAVITT AT 24

ferred to in these items died long ago, but one citizen of Newton whose athletic prowess was told of in a recent number of "Newton in the Past" is still alive and far more active than most men 30 years younger than the 74 years he lightly carries.

John Leavitt of 29 Pearl st. was born in the little cottage where he has resided all his life, the second of nine children born to William Parker Leavitt and Elizabeth Adams Leavitt. His father had an interesting career. Born in 1826 at Chichester, New Hampshire, a descendant of early settlers of that State, William Parker Leavitt's father died when he was a child, and at the age of 12 he was bound out to a neighboring farmer. The life of a boy bound out to a hard taskmaster in those days was an unenviable one, and after a few months young Leavitt fled and made his way to the Massachusetts coast, where he was taken on as a cabinboy on one of the square-rigged ships which were then so numerous owned in New England ports. For years he sailed the seas, travelling to ports all over the world. In 1849 William Parker Leavitt was one of the adventurous New England young men who went to California in search of gold, and in the Leavitt home is a certificate of his membership in the Forty-Niners Association, which gives the information that he arrived in California on the barque "LaGrange," which sailed from Salem on Sept. 17, 1849. He did not strike it rich in the gold country, returned to New England, learned the trade of carpenter and roofer, and settled in Newton in the late 1850s. In 1865 he established the roofing business which is now conducted by the third generation of the family, under the name of W. P. Leavitt Sons Company. William Parker Leavitt took an active part in the affairs of the town and city of Newton and was chief of the Fire Department in 1869 and 1870. He died in 1905.

John Leavitt, the subject of this article, was born in 1864. In those days the favorite swimming place of Newton boys was midway on the marsh between Faneuil and Newton, a short distance west from where the Metropolitan District bathhouse now stands. When young Leavitt was seven years of age he started to accompany the larger boys to the swimming place. About 25 feet out from the shore was a large boulder, and one day, shortly after he had started to go to the "swimming-hole" he went out and stood on top of the boulder as the tide was coming in. When the water reached above his knees, he started to wade ashore, but to his consternation found that the water was over his head. It was a case of sink or swim, and to his surprise and joy, he managed to swim to the shore. A natural as a swimmer, John Leavitt made rapid progress

as a natator. When he was 16 he went with members of his family to Downer's Landing, Hingham, then a favorite seaside resort for Greater Boston people. Captain Webb, the famous English swimmer and the first man to swim the English Channel, was giving an exhibition there that day, and the strapping Leavitt matched strokes with him. Although beaten, the Newton lad did so well, that Webb predicted a brilliant future for him. Webb was afterwards drowned while making the suicidal attempt to swim the Niagara rapids.

Amateur athletics were practically non-existent in those days, and in 1882, when 18 years of age, Leavitt made

JOHN LEAVITT AT 74

his debut as a professional swimmer, winning a 300-yard race at Haggott's Pond, Andover. For many years following he was the champion swimmer of New England, defeating all competitors at distances ranging from 200 yards up to 2 miles. Among those he won from in match races were Captain Simpson, an outstanding English swimmer, and James McCusker of Lowell. Professional swimming races ceased to be popular about 1891 and Leavitt turned to distance running. For over 15 years he competed in mile and half-mile races at the picnics and field days then so popular in New England, and with "Keddo" Manning of Cambridge, he came up with most of the contests at these distances. He could run a half mile under 2 minutes, and when 42 gave stiff competition to the famous George Tinchler at the Scotch Picnic. In the "Nickel Magazine," a popular publication of the "Gay 90s," was an article published in the July, 1897 issue, and written by John Moakley, for many years the famous track coach at Cornell. The title of the article was "Form in Athletics," and it contained illustrations of outstanding exponents of various branches of track and field sports.

John Leavitt was pictured as an ideal distance runner and of him Moakley wrote: "John Leavitt, the professional distance runner, shows a splendid and easy style." Moakley described Leavitt's style in detail, and commented that it far surpassed the style affected by many of the college athletes of that day.

John Leavitt was 45 when he quit running. But, he has never given up taking plenty of exercise. For many years he enjoyed his first athletic love, swimming at L Street and Lake Walden. In recent years he had been going to the place where he first learned to swim, the beach near Faneuil. Last year when swimming was prohibited in the Charles River, because of that stream becoming contaminated, Mr. Leavitt started to go to Crystal Lake. Summer and winter he takes long hikes, and his erect slender figure and springy step belie his 74 years. His vigor and activity is the more surprising because of the fact that for 18 years he has been diabetic. Mr. Leavitt has successfully combated the dread diabetes by careful adherence to prescribed diet and the excellent care he has received from his sister, Mrs. Edith Gillies, with whom he resides in the family homestead.

Letters To The Editor

January 26, 1939.

The Newton Graphic,
Centre Ave.,
Newton, Mass.

Dear Mr. Editor:

A lot of words have been said, mostly criticism of the physicians and the Newton Hospital in regard to the handling of the Orrok drowning in the Charles River, off Quinobeguin rd., last week.

For the life of me, I cannot see where this criticism comes in. I was the first physician on the scene, although I was 5 1/2 miles away at the time the child was removed from the water. I was stitching a patient at the time the call came in. I brought with me my assistant, Dr. Kline, and met there a bit later Dr. Schofield and Dr. Lewis Pilcher. We found the Fire Department and Police Department trying to resuscitate the little boy. They were using the most approved method and doing their best in a home close by. Somebody in the house thought they detected a flicker of a pulse in this boy, and we all continued the resuscitation. To have it continued under better conditions, I sent the child to the hospital and followed it up there. In due course of time, I pronounced the child dead.

The facts in this case are that I believe this child was dead when removed from the water. In all my experiences, and I see all these cases, I have never seen any body revived

after having been in icy cold water for as long a time as this boy was in the river. We try to resuscitate, but we feel that we are working on a dead person. We seldom or ever accomplish very much.

Any criticism of the Newton Hospital is certainly unwarranted in this case, in as much as they did their level best as they always do, in continuing treatment of these children until the boy was pronounced dead, and the other child was revived. The child that was revived was in the water only for a very few minutes and was never completely immersed.

George E. Bridges has begun taking the annual census of births.

Critical analysis of Goethe's "Faust" and other German works at Miss Grant's school near the railroad station, Newtonville.

Mayor Kimball's office hours at City Hall will be 4:30 p. m. on Mondays, Wednesdays and Fridays.

The last of the old Channing Church steeple on Washington st. is being removed just as we are going to press.

An amateur burglar is frightening Pearl st. people by trying their front doors during the small hours of the night.

Granville Fuller of Brighton has broken ground for two small houses on the old Grace Church lot on Washington st. The houses will have all modern improvements and are of the kind that are most needed here, costing not over \$500 each. They are likely to be sold before completion.

The Y. M. C. A. meeting last Sunday was fully attended and was conducted by President Woods. The service next Sunday at 4 p. m. will be led and addressed by Mr. Roberts, a converted horse jockey.

A painter working on Albert Cutler's house on Maple ave., Newton, had an adventure last Tuesday that he does not care to repeat. The ladder on which he stood began to tip, and he tumbled, landing unhurt on the ground 30 feet below. He had a paint pot in each hand, and threw them as he fell, and curiously enough they reached terra firma right side up, without spilling a drop. (Oh! Yeah—Ed.)

The new blacksmith shop at West Newton is being rapidly finished.

The machinery of the Amhurst Watch Company, which failed last summer, bringing a heavy loss to its president, Ex-Mayor Howie, was sold at auction on Wednesday at the factory in Weston, just across the river from Mr. Fowle's residence. The proceeds were about \$6000, and the machinery cost \$50,000.

A new form of marriage certificate has been adopted by the City Clerk. One requirement not generally known and to which attention is called is—that a minister to be legally qualified to solemnize a marriage, must continue to perform the functions of his office.

Of 187 certificates of marriage recorded at Newton City Hall during 1938, only 85 show that both parties lived in this city. Thirty show that the groom was a Newtonian, and 49 that the bride lived here. Twenty-three of the marriages were of out-of-town parties. A surprisingly large proportion of those married were of foreign birth; 70 men and 79 women were born in foreign countries. The proportion of foreign to native born is about the same in the deaths in Newton in 1938, as in the marriages. Of the deaths 137 were Americans, 73 of persons of Irish birth or parentage, 10 English, 4 each Scotch, German and Canadian, and 1 Welsh.

The trustees of Channing Council, Royal Arcanum, have purchased a handsome Walker & Pratt parlor heater for their hall in Cole's Block.

Mr. Richardson has secured the services of a first-class ironer from Portland, Maine, who will commence his duties at the Newton Laundry next Monday morning.

Supt. Cutler of the Electric Light Company has arranged the wires so that there is less interference with the telephone wires, and less of that annoying buzz which has been such a nuisance at night.

The cases of diphtheria in Newton Centre may well alarm our citizens. We hope there will be no new patients suffering from that dreadful disease. There are several buildings in the town well known to the doctors, which should be examined by the Board of Health. There have been two deaths the past week in the house on Station st., near the railroad tracks, Mrs. Young and her little child. Dr. Loring was called, but it was too late.

A controlling interest in the Waltham & West Newton street railway has been sold to W. A. Boland of Lynn, who is said to represent the Thompson & Houston Electric Company. He obtained the 151 shares owned by the Waltham Watch Company. It is said the West End Street Railway is also interested. At a meeting of the stockholders on Wednesday it was voted to accept Mr. Boland's offer of \$20 per share, and enough signed to give him 200 shares, or two-thirds of the stock. The main thing gained was the franchise, as before electric motors can be run on this road, heavier tracks must be laid. This sale is said to mean the building of a line from Waltham to Watertown, a distance of 1 1/2 miles; also a line along Washington st. from Newton to West Newton. What effect this will have on the newly organized Newton Street Railway is not known, but possibly the new project is allied with it, as H. B. Parker, president of the Newton company, is interested in the Thompson & Houston Electric Company.

Powers' Paragraphs

In past years criticisms were made, and sometimes correctly, that too much sand was spread on Newton streets during winter months when the highways became more or less icy. Sand when bought in huge quantities cost much money — so much, that at the last meeting of the Board of Aldermen, Alderman Hutchinson, reporting for the special committee appointed to study Newton's welfare problem, recommended that the city operate its own sandpits. But, the criticism cannot be made that the Newton Street Department has been spreading too much sand on our highways since the cold weather started at the beginning of the present winter. Criticisms have been made, and justly, that several times when Newton streets have been quite slippery the past few months because of ice or sleet, that no sand was spread on our streets last Wednesday afternoon and night was an instance of such failure to safeguard traffic. The streets in this city were in a very dangerous condition, and even the principal streets were not sanded, causing hazardous travelling not only to motor vehicles, but also to pedestrians from skidding automobiles. Fortunately, nearly all motorists drove with great care. We believe in economy, but economy at the expense of the lives and safety of the public should be condemned. Even though proper provision was not made in last year's budget for sanding of icy streets, that is no reason why such dangerous highway conditions as have occurred in Newton the past few months should be tolerated.

The decision of Governor Saltonstall in the case of Commissioner of Education Reardon cannot but meet with the approval of all fair-minded men and women who believe that the people of Massachusetts are entitled to a square deal. Here was a man at the head of one of the most important departments of the State who supinely yielded to the demand of one higher than he in the government of this Commonwealth, that the overtaxed citizens of Massachusetts be subjected to an expense of \$410,000 on contracts drawn up by a temporarily appointed alleged expert, after the veteran and experienced business manager of the Department of Education has given to the State-owned educational institutions totalling \$17,500, Commissioner Reardon testified at the hearing

that he demurred at the great increase in the total of the alleged hurricane damages, and had the estimates reduced by having a few proposed contracts abandoned. The Commissioner is supposedly a man far above the average in intelligence, and as the Attorney General and Governor commented, could have and should have made an effort to ascertain why there was such a terrific increase from the \$17,500 estimate submitted by Mr. Varney to the \$410,000 estimate submitted by Architect Graham who was to get his 6 per cent.

Some of Mr. Reardon's friends and defenders are blaming former Governor Hurley for getting the ex-commissioner into the predicament. But, had he possessed the proper moral courage and consideration for his own future, he would have refused to have been a goat for the politician from Cambridge. It is common knowledge that Mr. Reardon's honesty was not involved, that he would not have profited financially from the "ballooned" hurricane damage estimates. It is also no secret that a large number in this Commonwealth have been bitterly prejudiced against Mr. Reardon because he succeeded Payson Smith after that former Commissioner of Education was not re-appointed by the then Governor Curley. But, as Governor Saltonstall commented, such subservience as Reardon showed to Hurley went too far.

Within the next month very interesting developments are apt to occur in connection with the Newton Playground Department.

If James M. Curley continues to be candidate for the offices of Senator or Governor, he should be rewarded by Republicans of Massachusetts. Two years ago he captured the Democratic nomination for Senator, and the result was—the election of young Henry Cabot Lodge, Jr. Last year Curley's oratory, political acumen and fighting heart won him the Democratic nomination over Governor Hurley, and another Republican, Saltonstall was elected. We believe, however, that Saltonstall would have defeated Hurley by a larger majority than he defeated Curley. Now the irrepressible Mr. Curley announces that he will oppose David I. Walsh for the Democratic nomination for Senator. Should Mr. Walsh run, we believe he will defeat Curley, although the senior Senator is not as strong as he

ONE THING AND ANOTHER

By L. D. G. BENTLEY

Word for the Talkative

When first I heard of a "whispering gallery" I thought of it as a place to which people resorted for purposes of conversing in low tones. Their reason was not clear; it seemed, if anything, shady and mysterious—a meeting of plotters, no doubt. It intrigued and puzzled me and still does probably because my own voice is so heavy that a whisper of mine would rank as a shout in the throats of most people. Possibly that explains my advocacy of a plan I would urge upon the trustees of the Newton Free Library.

Let me state that as card-holder I not infrequently call at the main building and often encounter friends with whom it is always a pleasure to exchange a word or two. The library, as we all know, discourages talk that is not absolutely necessary. Silence is the watchword and we are supposed to hold to it. I sometimes transgress but make my offence a swiftly-committed one by talking rapidly and briefly. That of course doesn't excuse me. Let me hasten to add there is nothing defiant in my action. It pains me when I realize I am breaking so ancient a rule. Such regulation, as a matter of fact, I respect and if my conduct does not bear out that assertion I hope nevertheless to be believed.

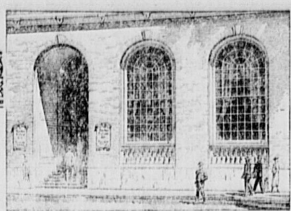

This brings me to the favor I would ask of the library trustees. Could we have a small reception room to which friends who unexpectantly meet at the delivery desk might retire and talk out loud? Have it sound-proof by all means so that others would not be disturbed. I suggest that it be not made attractive or even comfortable as it might draw too many patrons. Let it be without chairs so that there would be less risk. It might be shared by card-holders' does whose owners it seems are forbidden to bring them into the library. Whether they liked it or not the does could be induced to put up with it. I'm sure. A room for men and beast where humans could shout and does bark, both without restraint, would be ideal.

Half-hearted Tribute

About this time every year I make a brave and sincere effort to increase my admiration for tangerines. Somehow, I never achieve my ambition which is to be able to say, "I like tangerines fully as well as oranges or grape fruit." The fact that I don't disturb me. Now the tangerine is an honest fruit and rarely do you find a sour or decayed one. The time expended in eating, though, seems to me always to have been wasted. Possibly if there was more juice I'd feel satisfied. Tangerines look well—especially in a mound at the fruit store and the price is low as a general thing. I'm wondering what the motor is with me when I am unable to enumerate this fruit's superior qualities. Thus far the highest compliment I can pay a tangerine is that it is by far the easiest to peel.

Error Causes Surprise
With my customary slant-dash inaccuracy I read the headline in last week's GRAPHIC, "Says Mayor Theo Stookes," as "stokes" or "stokes" and wondered what was removing "Ned" Childs for a quiet smoke. I know the Mayor doesn't use tobacco and believe the sight of him with a cigarette or cigar would certainly be front page news. The other charge I can't discuss as I know nothing about the situation.

Recent Weddings

SMITHERS—MARSTON

Miss Elizabeth Lee Marston, daughter of Mr. and Mrs. Walter Mansfield Marston of 167 Dudley rd., Newton Centre, was married to Francis Sydney Smithers, 3rd, of Orchard Hill Farms, Red Hook, New York, at four o'clock on Saturday afternoon, Jan. 21, in Christ Church, Cambridge. Rev. C. Leslie Glenn performed the ceremony.

The bride was given in marriage by her father. She wore a gown of ivory satin in princess style with a bertha of heirloom lace. Her veil of tulle was caught to a cap of Bruges lace and she carried a bouquet of gardenias and lilies of the valley. Mrs. Donald A. Hansen, sister of the bride of Newton Centre, was the matron of honor. The bridesmaids were the Misses Natalie, Janet and Virginia Marston, sisters of the bride and Mrs. Richard Y. Ingraham of Topsfield. They wore gowns of light blue tulle with coronets of acacia and delphinium and carried bouquets of Spring flowers.

John A. Smithers of Washington, D. C., brother of the groom, was the best man. The ushers were Louis H. Morris of Bronxville, New York; Edgar Sniffen of Buffalo, N. Y.; David Brewer of Pittsburgh, Pa.; Alan DeWitt, of Wellesley; Thomas Hinkley of New Britain, Conn.; and Russell Griffin of New York.

A reception was held at the home of the bride's parents, following the ceremony. Mrs. Marston wore black and silver lace with a velvet turban and orchid corsage and Mrs. Smithers wore plum velvet with hat to match and an orchid corsage.

Mr. and Mrs. Smithers will make their home at Red Hook, New York, on their return from a Mediterranean cruise.

The bride is a graduate of the Beaver Country Day School and the Amy Sacker School of Design and Interior Decoration. The groom prepared for college at the Kent School and is a graduate of the University of Pennsylvania. He also studied at the University of Geneva, Switzerland. He is the son of Mrs. Francis S. Smithers, Jr., of Poughkeepsie, New York, and the late Mr. Smithers.

was in past years. And if Mr. Walsh is the Democratic nominee, the Republicans would have a tremendous task to defeat him. But, should Curley defeat Walsh for the nomination, it is a safe bet that Massachusetts would have two Republican Senators in Washington.

Incidentally, it is amusing to read that Mr. Curley is to defend Mr. Hurley's record at a big political meeting, when one recalls the criticisms made by Curley of the same Hurley not so many months ago.

We can't understand why those in the U. S. who are friendly to the "Loyalist" Spanish Government are still importuning that the embargo on war supplies to Spain be lifted when Franco's troops captured Barcelona with unexpected ease, when the Catalanian government has fled toward France, and its army is apparently routed. The "Loyalist" cause in Spain is obviously lost. How could arms and other supplies be now shipped from this country to the forces in Spain combatting Franco? England and France would not support the Spanish "Loyalists." Those who have the embargo lifted, apparently don't realize that it is now too late to do any lifting.

The U. S. A. is to spend billions to protect itself against feared Japanese aggression. England is rightly apprehensive because of the threat to its Oriental possessions from Japan, allied as the Nipponese are with Germany and Italy, who also are threatening the continuance of the British Empire. The U. S. A. and England have provided Japan with most of its supplies for the conquest of China. Had they not done so, and had American women boycotted Japanese produced silk, the Japanese conquest of China would not have been as successful as it has been. Because of cupidity, England and the U. S. A. will have to spend billions to offset the millions in profits made in selling Japan war supplies. These two countries have not only evidenced cupidity, but also stupidity.

Newton Hi-Y Faculty Night
The men of the Newton High School Faculty were entertained by the Hi-Y Club on Tuesday evening at the Y. M. C. A.

Starting at 5 o'clock, tournaments between the teachers and boys were held—Mr. Jeff Jones was high scorer in the pool tournament. Matches in bowling were held on four alleys with 24 teachers and 24 boys bowling. The high single was won by Mr. Donald Enoch, and Mr. Charles Peterson was the second place winner.

A buffet supper was served by 15 girls from the Tri-Hi Club, with Mrs. John Bailey, Club Adviser, as hostess.

Following supper an elimination tournament was held in Table Tennis. Mr. Paul E. Elicker outplayed the teachers, and Kendall Fisher won the boys' matches.

SALVATION ARMY NEWTON APPEAL

New Camera Club To Meet Feb. 3

Instigated by popular request, J. Dunham Jones will conduct the first meeting of his newly organized "Camera Club for the Newtons" on next Friday evening, February 3, at 8:30. The first meeting will be primarily an informal get-acquainted party at which the organization of the club will be drawn up. Such matters as the election of

J. DUNHAM JONES

officers, frequency of meetings, dues for members, and other necessary items will be discussed and voted upon. Mr. Jones extends a welcome to all camera enthusiasts of high school age or over.

Summing up the purpose of the club, Mr. Jones states, "Many people snap pictures around their homes and on their trips; however, few actually know how to take good pictures. Our purpose is to instruct the amateur photographer in the successful utilization of lighting effects, scenery, and the camera itself." Speakers will be scheduled from time to time to offer their suggestions on both black and white and color photography. Practice in studio photography will be available for those who desire it. Both male and female models will be ready for use through the "Photographers' Model Registry," which Mr. Jones is starting in Newton. The announcement was made that all club members will receive a discount for photographic supplies bought at the store. The J. Dunham Jones Co. has done much to aid the amateur photographer in Newton, and this new venture will undoubtedly meet with much success.

Parish Players Announce Casts for Three Plays

"All Night Service." Miss Anna Bacon, Miss Marjorie Bunker, Miss Betty Townsend, Mrs. C. S. Blanchard, Mrs. Donald Whitney, Mr. Robert Hoeh and Mr. Kemp Lambert. Coached by Miss B. Williams. "The Glamour Girl." Mrs. Charles Cronin, Miss Elsa Badger, Mrs. Clifford Rust, Miss Alice Waters, and Mrs. Holden Whitaker. Coached by Mrs. Carlton Perkins.

Boston Mutual Life Plans To Aid Residential Development

Many home owners in the Metropolitan Boston District are taking advantage of the modernized plan of home financing, according to the Boston Mutual Life Insurance Company. Inquiries are increasing concerning the company's campaign to aid owners of one and two family homes in this territory.

Francis J. Carney, well known attorney, and chairman of the Mortgage Loan and Real Estate Committee of the company, stated that the company, with ample funds available, desires to do its part in bringing about a building boom and to assist home owners in maintaining and setting up good homes.

"Persons coming to us," Mr. Carney said, "will have prompt and courteous attention, and mortgage loans granted will have reasonable interest rates and friendly servicing during the term."

Growing children need the right amount of Vitamin D. It helps to develop bones and teeth properly — strong, straight backs — fine sturdy legs and arms. And that's just why our Irradiated Milk is especially good for children and for grownups, too. Creamy, delicious, it has in addition a supply of that precious Vitamin D, the vitamin formed in our bodies on exposure to the sun. Now that days are shorter and children are indoors so much, Irradiated Milk is a convenient and economical source of Vitamin D.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

Stimulating Topics On Politics

Sponsored jointly by the Newton Federation of Women's Club, the Civic and Legislative committee of the Newton Centre Woman's Club, and the Newton League of Women's Voters, a School of Politics will be held at the

FRITZ M. MARX

Newton Centre Woman's Club House, Monday, February 6. Open to all women interested in the affairs of government, tickets are for sale by clubwomen and members of the League of Women Voters in surrounding communities. Mrs. Philip W. Dalrymple is in charge of the Luncheon, reservations for which close February 1st.

Through the auspices of the Massachusetts League of Women Voters the program has been arranged as follows: At 11 a. m., Dramatization of a Married Woman Seeking a Civil Service Job. 11:15, Round Table Conference: A. Civil Liberties, Mrs. Thomas Reed Powell; B. Juvenile Delinquency, Mrs. Edward Scott O'Keefe; C. The Massachusetts Tax Problem, Barbara Spackman Marx; D. Bills, Favoring, or Discriminating against Women, Mrs. Arthur E. Whittemore.

Luncheon will be served at 1 o'clock. At this time, too, there will be a Question Box, which is sure to bring forth some stimulating topics and varying viewpoints.

The afternoon session will open at 2 o'clock, with a talk on the provocative topic, "Who Pays the Piper?" by Charles P. Howard, Treasurer of Middlesex County, formerly head of the State Commission on Administration and Finance. "Who Governs Massachusetts?", equally provocative, will be discussed by Fritz M. Marx, Assistant Professor of Government, at Harvard University.

Literature Afternoon

The next Literature Afternoon of the Newtonville Woman's Club will be at the home of Mrs. J. Mace Andrews, 76 Clyde st., Monday, January 30, at 2:30 p. m. "Pedlar's Progress," a biography of Bronson Alcott by Odell Shepard, will be reviewed by Mrs. Irving O. Palmer. After an informal discussion, tea will be served.

Challenge of Club Membership

Mrs. John H. Kimball, former president of the State Federation of Women's Clubs, and now director of the General Federation from Massachusetts, will be the speaker before the Auburndale Woman's Club on Tuesday, January 31, at the Auburndale Club House.

The regular business meeting, in charge of the president, Mrs. James Dunlop, will be at 2:30 p. m., and Mrs. Kimball will speak at 3 o'clock. "The Challenge of Club Membership" will be her subject, and all who are familiar with her presentations of any topic in the past, feel sure that she will bring a message fraught with much inspiration. She will be introduced by the chairman of the Program committee, Mrs. Winthrop Stiles.

Tea will be served at the close of the program by the Hospitality committee, with Mrs. Raymond Perkins in charge.

Social Science Club

Mrs. Thomas Fox and Mrs. Grosvenor Calkins will be the hostesses for the business meeting of the Social Science Club of Newton to be held Wednesday, February 1, at 10 a. m., in Channing Church.

Newton W. C. T. U.

A meeting of the Newton W. C. T. U. will be held Thursday, February 2, at the Parish House of the First Baptist Church, Newton Centre, at 2:30 p. m.

There will be a Panel Discussion, with speakers who are members of those numerous national and international organizations that today are carrying out the ideals that Frances E. Willard envisioned more than half a century ago.

Twelfth District Art and Antiques Conference

A most interesting Twelfth District Conference of Art and Preservation of Antiques was held January 17th at the Congregational Church in Newton Highlands. Mrs. Malcolm Green, president of the Hostess Club, introduced Mrs. William F. Leach, Twelfth District director; Mrs. Olaf Hoff, Jr., third vice-president and adviser of the State Federation division of Art; Mrs. John F. Capron, adviser, state division of Preservation of Antiques; and Mrs. Brenton A. Hyndman, who spoke for Miss Eleanor Hudson, State chairman, Preservation of Antiques, who was unable to be present. Mrs. V. A. Hovey and Mrs. Clifford L. Hubbard, vice-chairmen, division of Art, also were introduced.

Mr. Reginald Chandler described the creation of turquoise blue tile, and the manner of displaying beautiful pottery with an appropriate background. He urged people to do craftwork at home, stressing that the craftsmen today in economic life are on a higher plane than formerly. In addition he showed metal reliefs and told of the different processes by which these are completed. Mr. Chandler then sketched designs and explained their application in craftwork.

Mrs. Margaret Cummings Mason discussed types of antique furniture dating back to earliest times, and the influence of religion on patterns. Mrs. Mason pointed out that the word

Delightful Comedy For Annual Club Dramatics

"Ladies of the Jury," by Fred Ballard, will be presented by the Waban Woman's Club on February evenings 3rd and 4th at the Neighborhood Club House, Mr. Glendinning, of Wellesley, is Production Manager. Mrs. Howard Musgrave, chairman of the Dramatic committee, announced the following cast of prominent Waban people: Mrs. George M. Belcher, Mrs. Thomas Derr, Mrs. Kenneth Nugent, Mr. Kenneth Brett, Mrs. Osborne Brown, Mr. A. Soule, Mr. Roy A. McMullin, Mr. Donald R. McMullin, Mr. R. Foster, Mr. H. J. Pettengill, Mr. H. Cummings, Dr. H. L. Esterberg, Mrs. Edward C. Voigt, Mr. Benjamin Hunt, Mr. Stanley Steadfast, Mr. A. O. Ring, Mrs. John White, Mrs. Kenneth Brett, and Mrs. R. G. Vance.

If the past success of these Club dramatics is any criterion, a large sum of money will be raised for Club Philanthropies by this comedy presentation. This play met with great success both on stage and screen.

Mrs. Herbert L. Esterberg is in charge of tickets, the price being \$1. On February the 2nd the dress rehearsals will be held for children, admission price being 25 cents.

Various Interesting Programs

Guest Night

The Women's Auxiliary to the Newton Y. M. C. A. is having its mid-winter meeting in the form of a "Guest Night" on Wednesday, February 1, at 8 p. m., in the Y. M. C. A. Auditorium. Mr. Robert Lavagosa will speak on "Family Recreation," basing his talk on the theory that "the family which plays together is the family which stays together."

Following the program, there will be a social hour, with refreshments, and an opportunity for bowling and table tennis.

The meeting is open to all in the community who are interested in this timely and important subject, and has been planned in the evening so that fathers particularly may be able to attend.

Talk on Flower Arrangement

"Flower Arrangement in the Home" is the attractive topic of a talk by Mrs. Frank A. Day, Jr., sponsored by the Conservation committee, Mrs. Donald V. Baker, chairman, of the

THE WEEK IN NEWTON SPORTS

NEWTON TRIUMPHS OVER BROCKTON ON TRACK

Last week Friday Newton High continued its drive towards the state championship in track by defeating Brockton High 48-29. The local track squad captured five first places, six second places, and five third places. Of the eight events and at the relay Newton made clean sweeps in the hurdles, 1000 yds., and the high jump. The Newton outfit did not have such an easy time of winning as the score would indicate for once the Orange and Black were behind 23-22 but it was due to the efforts of the long-distance men that the Newton team finished on the top. Caldwell of Brockton was the individual star and high scorer with 13 points, first in the dash and 300 and second in the broad jump. He also ran anchor on the winning relay.

Newton started off by winning each heat in the hurdles to put them on the final. Don MacKinnon, Bill Pescosolido, and Jack Anderson. The Newton co-captains let Jack Anderson win to score points for his letter and because he would probably never run in an interscholastic meet.

ARLINGTON GETS TIE TO RETAIN LEAGUE LEAD

With an almost complete reversal of form over its game the week previous when defeated by the cellarite Rindge Tech hockey team the Newton High sextet came back to battle Arlington High, league leaders, to a 2-2 tie in last Saturday's G. B. I. hockey games at the Boston Garden. Arlington tallied in the first period but Tom Dugan knotted the count in the first minute of the second session and then put the orange and black out front with another counter in the final session. As the clock moved relentlessly on, Arlington desperately strove to tuck the equalizer into the Newton strings and three minutes before the end little George Malone was successful.

A Melrose 2 to 1 win over Rindge kept the latter outfit right on Arlington's heels while Stoneham's 4 to 1 win over Cambridge Latin gives the former third place a point lower than Melrose and two points behind Arlington. Belmont succumbed to Medford in a 2 to 0 game to widen the gap between the first three teams and the rest of the field. Newton heads the second division, right behind Belmont, and a win for the orange and black over Melrose tomorrow may bring some changes in the standing.

Against Arlington the Newton six pressed the issue in the first period. The Newton defense, combination of Skene and Holter broke up numerous five-man rushes by the Spy Ponders. A pretty save by Spinner, Arlington goalie, in this period turned aside what might have been the winning tally when Jack Carder grabbed the puck, cut loose, passed to Hurley on the blue line and the latter shot for the cage. Arlington's first period tally came after Goodband had made a nice save on Blanchard's shot. Rowe came in fast to take the rebound, lift the puck over Goodband and land it in the strings.

Less than half a minute after play started in the second period Tom "Bunny" Dugan stole a pass from Arlington, went to the boards near the blue line and let go a shot which Spinner missed. Throughout most of the period the play was on Arlington ice as Arlington was forced to cover up and when in possession of the puck couldn't get past Skene

and Holter. After one scrimmage near the Arlington net the puck was found half-way into the Arlington net but no goal was allowed.

In the final period Newton again forced the issue with five man rushes finally wearing down the Arlington defense. After eight minutes of play Hurley grabbed a rebound, passed the puck over to Dugan who counted to put Newton out front, 2-1. Arlington's desperate tactics in the closing minutes of play brought results and turned defeat into a deadlocked game.

The standing:

	W	L	T	Pts.	GF	GA
Arlington	4	0	2	10	14	9
Melrose	4	1	1	9	15	6
Stoneham	3	1	2	8	15	8
Belmont	2	2	2	6	12	13
NEWTON	1	2	3	5	9	7
C. Latin	2	4	0	4	5	8
Medford	2	4	0	4	7	13
Rindge Tech	1	5	0	2	6	15

NEWTON AND WALTHAM TIED IN HOOP CIRCUIT

Completing the first round of the Suburban league basketball schedule this week Newton and Waltham are knotted for first place honors. Last week Friday the orange and black outfit dropped its first game of the current season on the Watch City team's floor in a closely fought battle. Captain Don Abbott, Newton High scorer, was completely bottled up by the Waltham outfit. On Tuesday the locals grabbed a 31 to 14 decision on the Brookline floor while the Walthamites topped Arlington High. Waltham was previously beaten by Cambridge Latin for its only first round defeat.

This afternoon Coach Simmons' outfit travels to Cambridge Latin to inaugurate the second half series of battles and next Tuesday takes on Rindge on the Newton floor. The Cantabs are usually a hard team to beat on their own floor and Newton will have to battle with all its got to retain its hold.

WOMEN'S CLUBS

(Continued from page 6)

The Japanese people including innocent women and children was inconceivable, she declared. No steps could be taken by the educated group of professors to remedy the situation, for thousands of protesters had been put in jail, and the hungry and ill-clothed population was allowed to know nothing of the course of events. The only way to stop this unjust and terrible war, Miss Matsui declared was to put an embargo on all war goods sent to Japan. The United States sent more goods than all the other countries combined, and with this great source of supplies cut off it would be possible to end the war within six months. Miss Matsui concluded her appeal by urging Club members to use their influence in bringing about this much-needed embargo on Japan.

Mr. Chih Meng, speaking in behalf of China, stated that China had endeavored to appease Japan, but had only whetted Japan's war appetite. China was now steeling herself to resist, but her resistance had brought about a remarkable sense of unity among the different groups in her own country, he declared and communist and nationalist alike were determined to defeat the aggression of Japan. He told how inherent the spirit of learning and progress was in the Chinese, as shown in the march of the student body of the population from eastern China, from which they had been driven by the Japanese, into 1100 miles of the interior by foot over mountains and through rivers; and of their achievement of setting up a temporary college within 40 days, with only the instruments and books they were able to carry on their backs, for their educational equipment.

Like Miss Matsui, he explained the necessity of an embargo on war supplies sent to Japan from the United States, and asked clubwomen to take their part in this important measure.

After these interesting addresses, the chairman invited the Club members and their guests to a Silver Tea in Social Hall, served in the Chinese fashion by members of the committee.

Newton Upper Falls Woman's Club

The Newton Upper Falls Woman's Club met in the Club Rooms on Monday, January 16, at the R. W. Emerson School, with the president, Miss Nellie M. Osborne, presiding. Following a short business meeting, the president welcomed the principal of the Emerson School, Mr. Joseph Randall and Mrs. Randolph and twenty members of the faculty who were the guests of the club for the evening's program. Mrs. Dorothy Fuller, Radcliffe, A.B., in a delightfully pleasing manner, gave an entertaining talk up on "Trends and Fashions in Books."

Mrs. Carl F. Cederger was chairman of the evening. Refreshments were served by the chairman of the Hospitality committee, Mrs. Donald Finchbaugh, and her group of workers. Monday, February 6, the Club will observe their Twentieth Anniversary and Presidents' Night in the Club Rooms at the Emerson School.

Garden Club Has Antique Exhibition

OPERA TALK. The second of the series of three Opera Recital-Talks by Lucy Simonds will be given Tuesday morning, January 31, at 10:30 o'clock, at the Newton Centre Woman's Club. "Der Rosenkavalier," by Richard Strauss, one of the three great comedy-operas, will be interpreted by Mrs. Simonds.

LITERATURE TALK. "Joseph Conrad's Vision of Life" will be the subject of the talk by the Reverend Herbert Hitchens at the Literary Morning, Thursday, February 2, at 10:15, at the Newton Centre Woman's Club.

INTERNATIONAL DINNER-DISCUSSION. "Colorful China," a motion-picture travelogue of rare beauty, human interest, and a masterpiece in depicting and interpreting the life of the Chinese people will be presented by the Reverend J. F. Goforth at the International Relations Dinner Monday evening, February 6. Those who desire to make dinner reservations, should telephone Mrs. Walter Hartstone, Centre Newton 2589. Tickets are 85 cents. Admission for the picture at 7:45 will be 35 cents for Club members and 50 cents for others. Dinner reservations close Saturday evening, February 4.

ANTIQUES PAGEANT. Ancestral hope chests and old-time trunks were opened last Friday, January 20, to bring to the Newton Centre Woman's Club treasured gowns, dolmans, bonnets, shawls with long fringe, fans, and parasols, large and small, to make memorable the "Pageant of Clothes" given by the Antiques committee. Mrs. Sidney R. Porter arranged for models to display the gowns lent by Newton residents in cases where the owner herself did not wear the gown.

Details of this interesting event has had to be held over into next week.

Woman Injured In Fall on Sidewalk

Marjorie Armstrong, 60, of 98 Lake ave., Newton Centre, received a severe injury to her left leg when she fell last Saturday afternoon on the sidewalk at Centre and Pleasant sts., Newton Centre. She received first aid from Dr. Sydney Derow, and was then taken to the Newton Hospital in the police ambulance.

I have before me a letter from a man who claims to own the biggest dog. It is a Saint Bernard weighing just over 200 pounds. That certainly is a big dog but the record for size I believe belongs to a Saint Bernard named "Yocub," who died last year while returning home from a Dayton, Ohio, dog show. He tipped the scales at 247 pounds and measured 83 inches from the tip of his nose to the end of his tail. Do any of you readers know of a larger dog?

Two cardinal rules should be followed in training a dog. First, be firm and have the animal thoroughly understand that you are the master. Second, never lose your temper with him. You must have patience. There is much enjoyment in owning a trained and well-mannered dog. It is well worth the time and energy it takes to train your pet. I can assure you.

The hardships through which dogs can pass and yet survive is exemplified in a recent press dispatch from Alaska. Near Kotzebue, a shaggy Malamute dog was fishing for seal meat. He was walking on the ice when it broke up and the section he was standing on floated out to sea. Ten weeks later he was found 250 miles away alive and strong, seated on the floating ice.

Question: Is heartworm prevalent in dogs all over this country or is it found only in certain sections?—T. M. B.

Easy on the eye—easy to buy—on General Motors terms!

When better automobiles are built Buick will build them

IN the big Buick factory in Flint these days the long assembly line is running smooth as oil.

Not in ten years has production been steadier—and not in the memory of man has the work been better or the car so fine and full of dollar value.

Which is one reason we ask, man to man—what are you waiting around for?

With the first bright budding weather a flock of folks are going to it to start traveling behind

this power-packed Dynaflex straight-eight.

They're going to hear the call of the open road—and hone to answer it in smart Buick style, with BuicOil Springing to cushion them along.

They're going to come pouring in on us wanting Buicks, wanting them fast—and in spite of all we'll be able to do then, somebody may have to wait.

But the smart buyers will be all set—will be on their way looking at spring-fresh greenery through Buick's new "visibility unlimited."

They'll be having glorious fun behind this supple giant of a Dynaflex

power-plant, taking their steady ease in the comfort only Buick gives.

That's why we hope you're making your decision now.

Your old car's worth more today than it will be later. You may dodge a lot of repair bills by trading in now. You buy now at prices that are lower than a year ago, lower than you'd expect, lower even than some sixes.

So why wait—and wish you hadn't?

EYE OPENER!

With all its extra value, this Buick sedan lists at \$51 less than a year ago!

"Better buy Buick—NOW!"
